AT THE BASTABLE.

The attraction the first half of the week is "Pickings from Puck," a musical comedy in which Williard Simms, who was the principal comedian in the Edna May company, is featured. He is original in his methods, and his parodies and paraphases of social fads and follies are said to be mirth-provoking in the extreme. In the cast is Zolda Rotali, the young soprano, who sings F above high C. There is a chorus of fourteen young women stylishly gowned. Matinee Wednesday.

CREWS ROW TWICE DAILY

Hard Work for Oarsmen During Vacation---- Track Sports.

The crews have been rowing twice every day during the vacation, While most of the students have been enjoying a good vacation the crew men have been hard at work. The method pursued was to row about 10:30 in the morning and 4:30 in the afternoon.

Many difficulties have been met with. Considerable bad weather has been experienced and the ice did not clear out so that the lake could be used until Monday of this week.

The men were given one day off over Sunday, not being required to report until Monday afternoon.

During the winter the boathouse was broken into and many tools were stolen. The coach has been much inconvenienced by the loss of an excellent vise.

The report published in the city papers that a training table had been established for the crew men is erroneous. The oarsmen were given board at the Mansion House during the vacation, but they are not yet on training table fare.

The launch is not yet in commission as the engines are out of order and need overhauling. Because of this the coach is compelled to do his work from the coxswain's seat of one of the eights. The men are rowing as follows:

	Varsity.	Freshmen.
Bow	Squires	Stone
No. 2	Saulsbury	Spencer
No. 3	Kimberly	Robinson
No. 4	Kimmel	Davis
No. 5	Dempster	Rice
No. 6	Stone (Capt.)	Hale
No. 7	Rice	Armstrong
Stroke	Packard	Cummings
Coxswain	Miller	Cornwall

The subs row in the four and pair. They are: Anderson, Smith, Brown, Lincoln, Russell; freshmen—Hares, Mount and Woodard.

The relay team, some of the distance and weight men of the track team have been at work during vacation also. The track has been rather soft and training difficult. Coach Whittemore has had sole charge of the men, as Professor Scott has only just recovered from a severe illness.

The relay men out during the recess were: Twombly, Robertson, Ralph, Sechner, Cole, Hayes and Stebbins. The weight men were: Van Duyne, Tucker, Miller and Woolsey.

The authorities expect to have the track in shape this week and all the men will be given outdoor training.

The Cap and Gown Committee will meet the seniors of Smith College Friday morning from 9:40 to 11 a. m. All seniors will please be measured at that time, because the order must be sent soon. Liberal Arts seniors must be measured Saturday from 9:40 to 11 a.m.

THE GLEE CLUB TRIP.

The Glee and Instrumental clubs representing the University left the city on the Eastern trip at noon, April 28. The first concert was given at Cortland under the auspices of the Normal Athletic Association. It proved a decided success. The men were well entertained by a dance after the concert. The next stop was made at Elmira. The concert was well rendered throughout to a large audience. The local Y. M. C. A., had charge of the affair which was given in the First Baptist church.

The men were not especially attracted by Athens, Pa., and may be were not up to their usual standard there for that reason. The last date was filled at Owego, N. Y. There a fine concert was given in the First M. E. church to a packed house. The Owegans showed themselves to be fine entertainers and all the men left for home well pleased with the trip.

THE RHODES SCHOLARSHIP.

The New York state qualifying examination for candidates for Rhodes Scholarships will be held on Wednesday, April 13, and Thursday, April 14, at Cornell, Ithaca, N. Y.; Syracuse University, Syracuse, and Columbia University, New York. The examination will be divided in six parts each of two hours in length in accordance with the following scheme:

Wednesday, April 13—Part 1. 10 to 12 a. m.; Part 2, 1 to 3 p. m.; Part 3, 4 to 6 p. m.

Thursday, April 14—Part 4, 10 to 12 a. m.; Part 5, 1 to 3 p. m.; Part 6, 4 to 6 p. m. The examination, which will be written, will be in no sense competitive.

After the examinations the Committee of Selection will receive from the examiners at Oxford University simply a list of the candidates passing the examination.

To aid the Committee of Selection in making a choice each candidate will be required to furnish to the chairman of the Committee of Selection either before or after the qualifying examination (a) certificate of age, (b) certificate from his college that he has been selected as the candidate for that college who best fulfills the ideas of Mr. Rhode's bequest, (c) statement from his college of the grounds upon which he was chosen and include educational qualifications, record in athletics and references on his work from his professors to help Committee of Selection. Further details will be printed later.

A $10,000 GIFT.

Chancellor Day announced last Monday afternoon that Mr. John Moore of this city had donated $10,000 for the benefit of the College of Law, in its new home on State and East Fayette Streets.

Mr. Moore has assured the University authorities that the interior of the building can be altered and everything be in readiness for use by the students next fall.

THE SOUTHERN TRIP.

The Orange Willow Wielders Doing Good Work ---A Well Rounded Team.

The Syracuse baseball nine accompanied by Coach Costello and Manager Manley left on the Southern trip on March 30. The team was not given the opportunity of filling the date with the University of North Carolina on April 1, because of a fever epidemic in the home town of that University. April 2, the Orange men crossed bats with Trinity college at Durham, N. C. The game was close and well-waged. Captain Moore and Dineen both did excellent work in the box, and were fairly well supported. The score was 4 to 3 in favor of Trinity. April 4, saw the Syracusans defeat North Carolina Agricultural college 12 to 11, with Heffernan pitching in his old time form. April 5, the same team was beaten by a tally of 8 to 3, with Dineen '07 holding down the pitcher's slab.

Coach Costello is well pleased with the showing made so far by his men. Wilbur '07 is covering first base and surrounding territory in a fast and clever manner. Baker at second, Rutherford at short and Burrell at third are all veterans, and are showing the green hands all the finer points of the game.

The pitching staff is very fast this year, and strong in every line of play. Captain Moore has some clever assistants in Heffernan, Collins and Dineen. The two new outfielders, Ward and Keenan, are fast and sure in covering a large territory. Curtis '07 is proving to be a "find" behind the bat. He promises to uphold the high standard set by "Hank" Henderson '03 and Jack Dillon. The men are improving daily in batting. It is expected the nine will bring back victories from the majority of the Southern games.

KING LEAR.

The cast for King Lear are holding daily rehearsals at the Wieting. A rehearsal will be held this p. m., and it is expected that the first dress rehearsal will be held this evening.

During the Easter recess, advertising cards have been placed in Rochester, Auburn and Syracuse. Contracts have been closed for newspaper space.

The project is receiving wide attention. The New York papers have commented upon it and letters are being received even from beyond the state. The cast is doing most excellent work and will no doubt be at their best next week.

A UNIVERSITY TRUSTEE.

Dr. L. L. Sprague, president of Wyoming seminary, was elected trustee of Syracuse University for six years, by the Wyoming M. E. church conference Monday, in session at Wilkesbarre, Pa.

SYRACUSE CHEMICAL SOCIETY.

The regular monthly meeting will be held in the laboratory of the Solvay Process Co., Friday evening, April 8, at 8:15 p. m.

The following program will be given: Calorimetric Determinations of Coal and Coke by Dr. D. A. Morton; Methods of analysis of Picric Acid by Dr. E. S. Johnson.

COLGATE-CORNELL '05 DEBATE.

Cornell's junior debate team was defeated by the Colgate University team in a debate held at Hamilton, N. Y., April 1. Colgate upheld the affirmative of the question, "Resolved, That the fiscal system proposed by Joseph Chamberlain would promote the economic and political welfare of the British Empire."

THE WARREN PRIZE.

The establishment of a traveling scholarship for American draughtsmen, recently announced by Mr. Lloyd Warren of New York city, the chairman of the Committee on Education of the Society of Beaux Arts, will be of interest to the students in Architecture, since many have entered other competitions of this society.

The scholarship, valued at $2,000, provides for a two year course in travel and study abroad. The competition for the prize, which will be awarded in July, is open to any American draughtsman under twenty-eight years of age.

The award will be based on the result of three competitive trials, the first two of which will be held in various cities, including Syracuse and Ithaca, April 16 and 23, and the third, to which only winners of the previous competitions will be eligible, will be held at New York at a later date.

CHANCELLOR IN NEW YORK.

Chancellor Day left the city for New York a few days ago, to attend the conference of the Methodist churches of that city. It is expected he will be elected a delegate from that conference to the National Convention of the M. E. Church to be held in Los Angeles, Cal., in May.

NOTICES.

Those students who prepared and and handed in orations may obtain them learn the committee's decision either at the Dean's office or in the English Conference room today or tomorrow.

Improvements now seem to be the order of the day around the University. The vacation period was well used by the workmen on grounds and buildings.

This year has been one of surprises to the University authorities. Only the other day Mr. Moore of this city gave Chancellor Day a pleasant surprise by donating $10,000. The good work once begun should continue.

The student body is earnestly hoping that Syracuse will be represented by a relay team and other track athletes at the coming intercollegiate carnival in Philadelphia. The meet is only two weeks distant, but conditions are such that it is believed the Orange athletes would make a very creditable showing.

There is a good squad of experienced men from which to pick a fast relay quartette. Messrs. Lowe, Gardiner and Van-Duyne, if entered in their special events, will be sure to uphold their intercollegiate reputations.

It gives us much pleasure to print the following estimate of ex-Chancellor Sims by our present Chancellor. We do not believe that Dr. Sims' great work for Syracuse has had its full meed of praise, and Dr. Day covers the case thoroughly in his letter to the Post-Standard of recent date. He says in part:

"Now as to Dr. Sims:

I have spoken enthusiastically so often in public and print of his work that it is not necessary for me to say what I will say, that none of the work which I have seen accomplished here could have been done had not Dr. Sims laid the foundations in those twelve years of as wise, toilsome and patient work as a man ever gave to a college in this country. Dr. Sims and I are not jealous of each other's work. We never have thought it necessary to label it. No reference would be made to it now if I did not feel that Mr. Schoeneck, whose prompt and eloquent defense at Albany every alumnus will appreciate, should not be discredited.

Dr. Sims has been a delightful neighbor just across from my office. No man's counsels have been more helpful. To me he has been a marvel of delicate consideration and wise tact in a position where so many men blunder. He is my predecessor, my pastor, my friend. When the history of the University is written, no name will be carved higher in its walls nor endure longer than the name of Charles N. Sims. When he leaves our city in the autumn, no one will regret his going more, or feel more lonesome over his departure than will his successor, to whom his every word has been a word of cheer and courage.

But his work here will follow him through the centuries."

THE APRIL HERALD.

The April Herald, which came out just before Easter, contains its usual number of excellent "efforts." A poem, "Morpheus' First Nap," and an excellent story, "The Survivors," by Arthur Fremont are the features. A translation of "Quid, Tyranne, quid minaris?," by Professor Bushnell follows. A crew story by Geo. R. Guard is spicy and gives zest to the number.

Mr. Dooley discourses on the recitals but not quite in his usual vein. The article is, however, enjoyable. The alumni notes complete the number.

Lewis E. Collings '06 has been added to the staff.

DRESS REHEARSAL.

Swords and Armor---Plumes and Feathers---Trains and Jewels.

Amid shouts of laughter and words of wonderment the cast of King Lear yesterday afternoon donned their "glad rags" for the first time. The laughter was aroused when it was found that several members of the cast had put some of their various garments on backwards. The wonderment was as to what was the use and method of getting into some of the apparel,

The stage presented quite a medieval appearance when the lords, knights, ladies and soldiers held a grand parade to show themselves. All were very vivacious aad several duels occurred before order ensued. All the male members were anxious to try their "steel."

In the evening a dress rehearsal was held. It was very successful. The costumes show up very well. There can be no doubt but that they are far superior to any ever used in a college production.

The costumes are everything that could be desired. The soldiers are equipped with chain armour, the knights with full knightly costume. Those of the principals are much richer. Some of them are in royal purple and bedecked with jewels.

Notice of the seat sale is given in another column. Every indication points to the formation of a line as early as 6:30 a. m. Much interest is being taken in the sale. Only six tickets will be sold to each person as long as others are waiting.

The names of the cast are given below. The part of Gloster, for which both J. R. Rubin and W. J. Boyd have been practicing hard, will be taken two nights by each one.

MOVING UP DAY.

The only date discussed for this event is Wednesday, May 4. This date has not however been definitely settled, since it is earlier than the Moving Up Day of last year.

Edward Cannon, chairman of the senior executive committee has had several conferences with Dean Smalley, but no plans have been definitely made. It is only known that according to the Chancellor's desire the event will be carried through in a dignified way.

THE CLASSICAL CLUB.

The next regular meeting of the Classical club will be held on April 14. At this meeting a report will be made on the series of lectures given recently under the auspices of the club. The lectures have more than paid expenses, and it is intended to continue the course next year. An illustrated lecture will also be given at this meeting of the club.

REV. MR. WAITE.

The Rev. R. Alfred Waite returned recently from a trip to the eastern part of the state in the interests of Y. M. C. A. work. While on the trip he gave an address, on invitation, before the well-known Dutch Reformed church of Livingstone, N. Y. He also received a call to be pastor of that church, but declined as he prefers his present Y. M. C. A. work.

PERSONALS.

Lloyd E. Brown '05-ex is in St. Louis as the special correspondent of the Buffalo Express and several other Eastern papers. He is also the advance agent of the College Student Volunteers Association.

R. P. Holderbaum '06, of the Engineering College has been called home by the death of his mother.

Mrs. George VanSlyke, formerly Miss Lucille Baldwin '02, of Brooklyn, spent Easter in the city.

Miss Beatrice Throop '04, spent the vacation in New York city.

Miss Maisa Parker, ex-'04, spent the Easter vacation at the Kappa Alpha Theta house.

Frederic Nusbickle '03, spent Easter in the city.

All students wishing rooms in Winchell or Haven Halls for next year should see the chaperone about their choice of rooms and file their applications as soon as possible. Musical students will be accommodated in Haven Hall. Assignments to roomers for next year will be made after April 9, 1904 in the order of the receipt of the application. For rates, specifications, etc., apply to Mrs. Scott at Winchell Hall.

PHILADELPHIA TEAM WORKING HARD

Training Table During Vacation---Squires Is Out.

The candidates for the team which will represent Syracuse at the Philadelphia relay games April 23, have been working hard during the vacation. Van Duyne, Twombly, Ralph, Robertson, Sechner, Cole and Hayes have been kept on the training table. Howe did not remain in the city.

Van Duyne has been working hard at both the hammer throw and shot put but at present is doing especially well at the latter. Wednesday afternoon, under the coaching of "Ned" Glass, the famous Yale guard and weight man, Van Duyne broke his own best previous record, throwing the shot over forty-one feet.

Twombly, Ralph, Robertson, Cole, Sechner and Hayes, from whom a varsity mile relay team will be picked, are slowly rounding into shape. They are working up their endurance and have already done some fast quarters. Coaches Scott and Whittemore are both directing the work of the relay team and seem pleased with the rapid development of the men.

Manager Edwards kept rubbers for the men during vacation. The track is now in good shape but previously has been very heavy.

K. B. Squires reported for practice for the first time since the Buffalo meet yesterday. He is still somewhat lame.

On the whole the prospects for the Philadelphia team are bright and Syracuse will send a very strong team.

Mr. Lyman C. Smith will in his noble generosity build more engineering buildings when the time is ripe. Syracuse now would like another man like Mr. Belden to build a large central library, another like Mr. Huyler to build a fine chapel, another like Mr. Archbold to build a hall of philosophy, and still others like Messrs. Crouse, Holden, Lyman and a similar host to aid the good work. They are bound to come forward in time.

While enjoying the Easter services of their home churches many of the students doubtless thought of our college chapel, and may be wished that the exercises there could be made more attractive. It is the honest belief of some of the authorities that a large, new chapel would solve the problem of chapel attendance. We grant that such a building, attractive as it would be, would do so in part but not wholly.

Why would it not be a good plan while we are waiting for the new chapel, to make the exercises and time given to chapel in the old of so much value that everyone in Smith and Liberal Arts would enjoy attending? Then when the new chapel came it would be crowded every day.

It gratifying to know that the "Syracuse Method" of debating is engaging the attention of lawyers and others who are devoted to the development of the arts of public speech. It is a pleasure to feel that our representatives on the platform have developed a standard of efficiency which has rendered their work worthy of the earnest consideration of men of thought and power.

The "Method," as any intelligent critic who has listened to the intercollegiate debates of the past year knows, includes among its prominent features a unified structure and an absence of anything which could rightly be called "claptrap" or "throwing dust."

Some of our critics believe that a little more "hit and miss, biff and take" would strengthen our chances of victory; but, as Professor Losey points out, victory is not everything; it is not even the main thing in a forensic contest. Training for future usefulness should be the principal motive of all debate work.

Whether the "Syracuse System" is a winning one, time alone can tell; but as to its fulfilling the true mission of debate training there cannot be the slightest doubt. Let us but develop those characteristics which a strict adherence to the principles of argumentation as presented by Professor Losey will ensure; and whether victory always crowns our efforts or not, all will be well.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,
JAMES A. TEN EYCK.

VOL. I. NO. 144. SYRACUSE, N. Y., SATURDAY, APRIL 9, 1904. PRICE TWO CENTS

SYRACUSE NINE AGAIN TRIUMPHANT

Heavy Hitting Secures Victory for the Orange.

(Special to the Syracuse Daily Orange)

ANNAPOLIS, MD., April 8, 8 p. m.—On a grass diamond, too soft for the fastest play, and amid a constant light rain, the Syracuse nine again proved its worth today, batting out a decisive victory over St. Johns. A total of 16 hits secured 13 runs for the Orange, while Dineen held the local collegians down to 7 hits, netting 3 runs. The uniformly good stick work of the Syracuse players was the feature of the game.

Saturday afternoon the Naval Cadets will be met. A hard contest is anticipated. The summary:

										R.	H.	E.
Syracuse	5	0	0	0	1	0	2	3	2	13	16	3
St. Johns	0	0	0	0	0	3	0	0	0	3	7	1

Batteries—Dineen and Curtis; Stick, Parsons and Mudd.

'VARSITY WINS AGAIN.

The news of Thursday's victory arrived too late for publication in yesterday's paper. The following is the special received at the office of the Daily Orange;

FORT MONROE, VA.—'Varsity defeated Soldiers at Old Point Comfort 6 to 1. Fine weather. The game was played on a grass diamond. Work of whole team was snappy and good. Soldiers unable to hit safely, making two hits only. Score by innings:

										R.	H.	E.
Syracuse	4	0	1	0	0	0	0	1	0	—6	10	2
Soldiers	1	0	0	0	0	0	0	0	0	—2	2	4

Batteries—Moore and Curtiss, Coe and Englanton. Base on balls—Moore 1. Struck out—By Moore 8, by Coe 3. Umpire—Wilson.

The southern games played thus far are:

Syracuse 3; Trinity College 4.
Syracuse 12; N. C. Agric'l College 11.
Syracuse 8; N. C. Agric'l College 3.
Syracuse 16; Wake Forest 7.
Syracuse 6; Fort Monroe 1.
Syracuse 13; St. Johns 3.

ASSISTANT COACH CHOSEN.

The football committee of the Athletic Governing Board have engaged T. M. West as assistant football coach for next fall. Mr. West is a graduate of Dickinson College and for the past three years has coached the Williamsport-Dickinson Seminary team very successfully. During the three years the team was under him they lost but two games.

The choice of Mr. West is satisfactory to Dr. Hutchins, the head coach, as West has worked under him. There is no doubt that the new man will prove a very valuable addition to the coaching force.

LAST REHEARSAL OF KING LEAR.

The last rehearsal for King Lear will be held on Monday morning beginning promptly at 8:30. The play will be rehearsed just as it is to be enacted in the evening. It is necessary that the rehearsal should be as early as this in order to finish the play by 12 o'clock. Every member of the cast should report as early as 8 o'clock in order to give the make-up man ample time. No member of the cast will be allowed to leave before receiving final instructions as to leaving and other matters.

The costumes for Lear arrived from VanHorn of New York, yesterday. The electrician and the make-up man are expected this morning.

The trip to Auburn will be made by special car over the Auburn & Syracuse Electric railway. The car will leave soon after noon Monday. The cast will have dinner at Auburn and also lunch after the play. They will leave Auburn returning about 12 o'clock and will be brought back to the Hill by two special cars over the Walnut line.

NEWS OF ALL THE COLLEGES.

MICHIGAN.

Rose, the Michigan freshman who broke the American record for the 16-lb-shot-put added to his assortment by breaking the world's record for the 12-lb-shot by over a foot.

The '07 men met and voted to pay the fine of $150 which had been put on one of their number for striking an officer during the "fresh-soph" rush.

While quietly studying in the library the freshman toast-master was set upon by a body of sophomores and given a hair-cut. For more than two weeks a body-guard had attended the toast-master whenever he ventured out of doors. The freshmen supposed him to be safe enough in the library, but the sophs grown desperate seized this as their last chance and sheared him accordingly.

MINNESOTA.

"Parsifal" is to be produced in the Minnesota armory by a company of students.

The girls basketball team is making arrangements for a trip to Nebraska.

HARVARD.

Spring football practice began on Monday, April 4. The practice consists of signals, kicking and tackling.

Crews from the four classes are practicing for a club class race.

The Hasty Pudding club is to give a production of the comic opera "Boodle & Co."

THE UNION MEETING.

The Sunday meeting of the Christian Associations will be a Rally Day in the interests of the Northfield Y. M. C. A. conference and the Silver Bay Y. W. C. A. conference.

Five minute speeches will be made by the general secretary, Rev. R. Alfred Waite, and each of the presidents of the Y. M. C. A., and Y. W. C. A. All are cordially invited to attend.

BOOK DAYS.

The History and Philosophy Departments Preparing for These Days.

Several of the departments in Liberal Arts have the custom of setting aside a certain day in each year which is known as the annual Book Day. On the evening of this day such department has a meeting of its friends, each of whom is invited to contribute, if he wishes, one or more books for the upbuilding of the departmental library.

The gifts are made amid speeches, and then the meeting is turned into a social gathering, in which everyone enjoys a part.

The department of Philosophy is just beginning this feature this year. In so doing it is only following in the footsteps of the History, English and German departments which have had this custom in vogue for some years. The Annual Book Day of the Philosophy department will be held on Monday evening, April 18. The occasion will be celebrated in the Gymnasium. The committee is at work, but are not ready to announce full details at this date. Every member of the Philosophical association, however, is invited to set aside that date.

The History department has May 1 as the date for its Book Day. Since this date falls on Sunday, the date fixed for this year is May 2. Elaborate preparations are being made to make this more successful than any preceding Book Day. This means much since the History department is noted for its annual Book Day.

NOTICES.

The next regular meeting of the Historical Association will be held Saturday evening, April 16. It promises to be the most interesting and enjoyable meeting of the year.

Many inquiries as to the prices of seats in different parts of the house leads us to publish the following schedule of prices for King Lear:

Orchestra Chairs	$1.50
Orchestra and Dress Circles	1.00
Entersole	1.50
Two rows in Balcony	1 00
Balcony	75
Gallery	50

The sale of seats opens this morning at nine o'clock.

Chorus class meets in Fine Arts Tuesday evenings at 7:30 and Wednesday mornings at 10 o'clock. Each rehearsal of great importance from now on.

All Liberal Arts and Library seniors who have not yet ordered their caps and gowns will please meet the committee in Dean Smalley's office Saturday morning between 10:40 and 11 a. m. The order must be sent in at once in order to insure delivery before Moving Up Day. Further delay in this matter will mean great inconvenience.

GEORGE M. MCADAM,
Chairman of Committee.

Back work in the gymnasium must be made up before April 16. Classes will meet at the regular hours.

KATHARINE SIBLEY.

The Lima Alumni Association will meet Saturday evening at 8 o'clock at the Orange Club House for a short business session.

A. S. COPELAND, Pres.

The Syracuse University alumnae of the city will give a dinner at the Vanderbilt on Friday evening, April 15. Miss Emma Brown is chairman of the arrangements.

Seats for King Lear, both performances, will be placed on sale at the Wieting box office at 9 a. m. today Those desiring good seats should get in line early, as all indications presage a rapid sale,

We may not all give utterance to our thoughs, but scarce one of us but has felt like giving three resounding cheers for the baseball team, whose uniformly excellent work on Southern fields is bringing such credit to Syracuse.

The almost unbroken line of victories of our baseball team in the South gives us good reason to hope for a season even more successful than usual. In battery, field and stick work, our men are rapidly developing the form that will place them in the front ranks. We shall all be intensely interested in the work of the team as manifested by the telegrams which will reach the Orange office each evening.

Spring is, or in a short time will be, with us. This season turns our attention to outdoor enjoyment and sports. Among the latter is tennis, which is becoming more popular at Syracuse every year. At present there is one set of courts in shape, but the other courts will doubtless be in condition very soon.

There is every reason why we should have this year what has always been lacking in the past, a strong tennis organization or association. Such association would have the warm support of many in every one of the four classes. It is only necessary that some of the upperclass men take the matter in hand and make it a college association.

After such organization is consummated the interest in it can readily be kept alive by a tournament between the classes to run through April and May.

Among the upperclass men who are well known for their ability to wield the racket are: Messrs. George Fowler, George Warren, Charles Woodley, Frank Brundage, George Merry, "Dick" Train (of state fame), Robert Griesser and others. Some of these men will soon start the movement.

The sale of seats for the production of King Lear will begin this morning. It is evident even to the casual observer of the arrangements for the play that no one will regret in the least having attended the performance. Everything has been done with the thoroughness of a professional company. The play will redound to the credit, not only of those who have worked so hard in its production, but to our whole University.

The entire student body should seize the opportunity of seeing the performance of so famous a play. The fact that for many years the American public has not had the opportunity of seeing the play staged, should add an even keener delight to Syracusans who attend.

The pleasure afforded in seeing it should only be commensurate with the enjoyment found in supporting such an excellent display of University talent, and for such a worthy cause.

VOL. I. NO. 145. SYRACUSE, N. Y., MONDAY, APRIL 11, 1904. PRICE TWO CENTS

'VARSITY WINS FROM NAVY

A Brilliant Exhibition of Batsmanship and Battery Work.

Six games won against strong teams on their home grounds! Such is the enviable record which the 'Varsity has made during the past week, completing the week with a decisive victory over the Naval Cadets at Annapolis. Score—Syracuse, 11; Annapolis, 1.

(Special to the Syracuse Daily Orange)

ANNAPOLIS, MD., April 9.—In spite of the fact that the field was soft and muddy on account of the recent heavy rain, the 'Varsity played almost faultless ball, Heffernan doing excellent work in the box.

The Cadets put up a plucky fight, but from the very start the 'Varsity outclassed them. A base on balls and two costly errors in the second inning netted Syracuse its first two runs. Ward secured another in the third, scoring on a hit by Wilbur. A bunching of hits in the fifth and well placed drives in the eighth and ninth secured eight more runs for the 'Varsity.

The uniformly excellent batting and base running of the 'Varsity is shown by the fact that all except one of the Orange players added runs to the Syracuse score, Ward, Curtis and Rutherford making the circuit twice.

The score:

		R.	H.	E.
Syracuse	0 2 1 0 5 0 0 1 2	11	11	1
Cadets	0 0 0 0 0 1 0 0 0	1	4	4

Batteries—Heffernan and Curtis; Van Auken and Symington. Struck out—By Heffernan, 7; by Van Auken, 3. Bases on balls—Off Heffernan, 4; off Van Auken, 3. Stolen bases—Curtis, Monaghan, Rutherford, Ward. Umpire—Penn Smith. Time of game—1:45.

FRESHMEN DEFEATED.

In an intensely exciting contest on the Oval Saturday afternoon the freshmen were defeated by the Syracuse High School team. The work of both teams was snappy and good, and the result was in doubt until the very last, when the High School boys secured the winning run. Score: S. H. S., 9; Freshmen. 8.

Copies of Oxford Responsion papers for past years can be obtained from Oxford University Press, 91 and 95 Fifth Avenue, New York. The Students' Handbook of Oxford can be ordered at the same address. It gives full information about the examinations of the University, subject to changes made since the last edition was issued.

All candidates for the trials should hand in their names to Dean Smalley today.

OF INTEREST TO STUDENTS.

The Daily Orange announces to its readers that the Syracuse Glove Factory at 222 West Fayette Street has placed on sale one thousand pairs of Fine Kid Gloves for spring and early summer wear at about cost price to manufacture. They had a special lot of nearly five thousand pairs purposely for Easter selling to the students and the better dressed people of Syracuse, but owing to the bad weather only a little over one-half of this lot was sold; therefore they have decided to close them out at a sacrifice. Some of them were made to sell for $2.00, but the closing out price will be $1.25. Others that were made to sell for $1.50 will be closed out at 98c, while others that were made to sell for $1.00 will be sacrificed for 59c. Students are invited to call and examine them.

A mass meeting of all three classes of the Law College has been called for Monday, April 11, at 11 a. m., in the second year class room. At this meeting action will be taken on the recommendations which were made by the joint committee of the two upperclasses concerning the regulation of class finances.

A STUDENT BASEBALL LEAGUE

The Various Men's Societies and Boarding Clubs on the Hill Expect to Form a League.

The good old spring time has started the baseball fever in the veins of the men aspiring to baseball fame, who have not the time or ability to make the 'Varsity. During the past few days the men of several of the societies and clubs have been out on the campus or vacant lots adjoining their houses practicing for the spring campaign.

For the past several years a number of these societies have played with one another. The rivalry for the championship has always been keen but good natured. The games were played on the Oval, either while the 'Varsity was away or in the early evening.

There has never been a league with a regular schedule for all the societies and clubs. This year there are many indications of such a league being formed for games during April and May. Naturally the regular 'Varsity players will be barred from participation in the contests, because every team would not be blessed by the presence of a 'Varsity man.

Some of the adherents urge that each team play every other nine, and the championship be awarded to the one having the highest percentage. Others suggest that several minor leagues be formed, each of four teams, and the winners in the sections contest for the championship.

The societies to compete will be Delta Kappa Epsilon, Delta Upsilon, Psi Upsilon, Phi Kappa Psi, Phi Delta Theta, Beta Theta Pi, Phi Gamma Delta, Chi Alpha Sigma, the Orange Club, and the clubs on Waverly, University, Irving and Crouse avenues and Marshall street.

Each of the above has some man capable of great speed, numerous curves and good control as a pitcher, first class ability behind the bat, capable of covering any infield position that is played or of proving an all-around star in the outfield. Every man also has more or less ability as a willow wielder, and is willing to try conclusions with any other club pitcher. All the societies and clubs honestly believe they have the championship material in their ranks. As a result the competition promises to be close and exciting. At present the societies on the east side of the campus have the advantage in practice over the others. Several of these teams meet for games in the near future.

WANTED—Wide awake students for vacation work. Gentlemen $50 per month and board. Ladies $9 a week. Call or address J. O. WHITCOMB, 310 Bastable Block.

NO MATINEE.

The only two performances of King Lear to be given in Syracuse are those of Tuesday and Wednesday evening. There will be no matinee on either day.

THE KING LEAR CAST.

The students who are in the King Lear cast are to take the Auburn car for that city at 1:50 p. m. today (Monday). Every member should be on hand promptly at 1:40 p. m. at South Salina and East Genesee streets.

NOTICES.

The members of the King Lear cast must be at the Wieting this morning by 8 o'clock. The costume director will be present at 7:30. The rehearsal is to commence promptly at 8:30.

The next regular meeting of the Historical Association will be held Saturday evening, April 16. It promises to be the most interesting and enjoyable meeting of the year.

Many inquiries as to the prices of seats in different parts of the house leads us to publish the following schedule of prices for King Lear:

Orchestra Chairs	$1.50
Orchestra and Dress Circles	1.00
Entersole	1.50
Two rows in Balcony	1 00
Balcony	75
Gallery	50

Syarcuse is not to lose her distinctive custom of Moving Up Day. The conferences held on the subject between the authorities and the seniors have established this fact. In observing the custom this spring however, dignity will be the order of the day. In preceding years several disagreeable features have been incidental to carrying through the custom. Last year the freshmen carried the matter so far that there promised to be a cessation of the custom. Happily this has not occurred.

It is a pleasure to the alumni and undergraduates who participated in such a day, to know that the good old custom will be continued. As often stated Syracuse has few customs, and these few should be perpetuated. Other good customs, like Founders' Day, will come in time and add to the pleasure of college life here. Everyone who has it in his power will surely see that Moving Up Day is consistently celebrated this May.

"What's the matter with the chimes?" was the complaint heard in many quarters last week when victory after victory was gained by the 'Varsity baseball team to be learned of by the student body only in the morning newspapers.

It is indeed a distinct pleasure to hear the chimes ring out, but we must restrain our natural desire to enjoy the chimes on some occasions of victory in order to maintain the dignity which the chime ringing custom has attained at Syracuse. If we ring the chimes after a game with some little known southern agricultural college, how long will it be before the custom will have so far degenerated as to have ceased to deserve the respect which it now has?

Wake Forest, Fort Monroe and St. Johns have strong teams, teams which could probably defeat some colleges which we respect as rivals in the college world. However, the defeating of a good team is not sufficient to justify the ringing of the chimes. This mode of celebration of victory is an acknowledgement that our rivals represent an institution which is worthy of our recognition as one of high collegiate rank.

All of the games to be played this week, however, with the exception of Thursday's game with the Athletics of Baltimore, are with institutions of recognized collegiate ranks.

A thousand of eager expectant Syracusans will be awaiting the joyous pealing of the chimes. The 'Varsity will continue to do their part; the chime ringer can be depended on to do his on the arrival of the "Orange" telegrams.

Let us each and all do our part and let loose for a time when the chimes peal forth.

THE NATURAL FOOD CO.,

Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

JAMES A. TEN EYCK.

LEAR DELIGHTS AUBURN AUDIENCE

Initial Performance is a Marked Success--- At the Wieting Tonight.

An early rise, a severe and successful Wieting rehearsal, a merry ride to Auburn on the trolley and a first night performance which abundantly met the expectations of their friends: such was the history of the first of the four "strenuous" days for the King Lear cast.

With a large part of the natural stage fright and fear of stage fright banished as a rssult of last night's experience, the members of the cast are in Syracuse again confident of presenting before Wieting audiences performances of which professionals might well be proud.

(Special to the Syracuse Daily Orange)

AUBURN, April 11, 1904.—The initial performance of King Lear, given at the Burtis this evening, was a marked success. The parts were remarkably well rendered, all of the principal characters receiving the merited applause of the large audience. Professor Losey's rendering of King Lear was remarkable for its brilliancy of execution, while the support given by the whole cast was excellent, receiving the unqualified approval of experienced theatrical critics who were present.

The work of the young women who appeared as Regan, Goneril and Cordelia was especially noteworthy,

The scenery available at the Burtis was inadequate for the best presentment of the play, some of the scenes suffering materially. However, the electrical effects in the storm scene of the third act were very effective.

FRESHMEN ELECT CAPTAIN.

At a meeting of the freshman baseball caudidates yesterday afternoon Henry J. Pendergast was elected captain of the team.

Professor Sweet, of the Straight Line Engine company, addressed the class in Labor Unionism yesterday, giving his personal experience with the unions, speaking pridcipally of their injurious effects.

In the absence of Professor Hawkins, Walter Baylis presided at the Political Economy Seminar last evening.

The Syracuse University alumnae of the city will give a dinner at the Vanderbilt on Friday evening, April 15. Miss Emma Brown is chairman of the arrangements.

SYRACUSE 21; WASHINGTON 4.

Owing to faulty telegraphie communication no details of the game with Washington college at Chestertown yesterday afternoon were received at the office of the Daily Orange. The 'Varsity, however, sustained its record by rolling up a total of 21 runs to its opponents' 4.

BATTING AVERAGES.

Following is the record of the stick work of the 'Varsity up to Saturday:

Players.	Games.	A.B.	Hits.	Av.
Monaghan	1	4	2	.500
Wilbur	7	27	12	.444
Curtis	7	25	10	.400
Rutherford	7	30	10	.333
Heffernan	7	28	9	.321
Keanen	7	28	9	.321
Ward	7	31	9	.293
Burrell	7	36	9	.250
Baker	7	29	7	.241
Dineen	3	9	2	.222
Moore	6	20	1	.050
Collins	1	3	0	.000

With such a record for sure and hard hitting Coach Costello's men can be relied on tomorrow to make connection with the curves of Tate Crumley, Georgetown's famous twirler, who has shut out both Harvard and Yale.

Every effort is being made by Coach Costello and Captain Moore to put up the strongest possible game against Georgetown and Lafayctte, the two most important games of the trip.

RECOMMENDATIONS REJECTED BY LAW COLLEGE.

A mass meeting of all three classes of the Law College was called for yesterday morning at 11 a. m. to take action upon the recommendations made by the joint committee of the two upper-classes in regard to the regulation of class finances.

Four seniors met at the appointed place but before the appointed time and accepted the recommendations. When representatives from the other two classes came, they were informed that the "mass" meeting was over.

The other classes did not see the affairs in that light and at 11 o'clock, the regular appointed time they called the meeting to order and after some heated discussions the recommendations were rejected. There were no seniors present at the last meeting but about fifteen members from the other two classes.

The first and second year classes feel that they are justified in considering their meeting the regular one and the rejection of the recommendations as expressing the sentiment of the Law College because of the fact that the last meeting was called at the appointed time and had representation from two classes and a larger number present.

The members of the two lowre classes could not be expected to be present before eleven o'clock, because the first year men have no recitations in the morning which would call them to the building and the second year men didn't have a class at ten o'clock! but had agreed among themselves to return at eleven for the meeting.

Excellent Track Meet Assured--Baseball Schedule Being Arranged.

Assistant Track Manager, James A. Distin, is now making the arrangements for the interacademic track meet which will be held on the Oval May 21. He has been corresponding with about twenty-five schools in regard to sending representatives to the meet and has already received word from the following well known preparatory schools to the effect that they will again take part in the meet this spring: Wyoming Seminary, Batavia High School, Cazenovia Seminary, Ithaca High School, Cortland Normal, Masten Park High School of Buffalo and Colgate Academy of Hamilton. Without doubt several other prominent prep schools will accept the invitation to participate in the events. Among those will probably be the Buffalo Central High School which has several times carried off high honors in these meets.

There is some talk of giving a prize to the winner of each event. It is not yet decided as to just what such a prize would consist of, but in all probability a medal will be given.

Each school is allowed to make an unlimited number of entries but can be represented by only nine men and only three men from each school are allowed to start in any event.

All entries for events must be mailed to the Assistant Track Manager at least two weeks before the meet.

Assistant Baseball Manager, Harrison D. Sanford, is also arranging a baseball schedule among these same schools. After a series of games has been played off the two teams having the highest standings will play the final game for the league championship on the University Oval. The winner of the series will hold the cup for the next year.

BALL GAME TO-DAY.

The freshmen nine and a team made up of former, varsity players will play a game of base-ball on the oval this afternoon at 4 o'clock.

Among the former varsity, stars who are expected to appear in base-ball togs are, Dissel, Demong, Boland, House, Boyd and Sanford.

Henry M. Dexter, manager of the Freshmen nine, is arranging a schedule for the team. Games will probably be played with Rome High School, Utica High School, Syracuse High School, Cazenovia Seminary and Colgate Academy.

Stop at the Kenmore Lunch. Roast beef, potatoes and biscuit, 10 cents. New 'phone 930.

TRACK SUBSCRIPTIONS DUE.

The student subscription for the support of track athletics is now due. Dr. Smallwood stated that $200 must be paid in to secure sending a team to the Philadelphia relay meet. The total subscription amounts to about $300. It is earnestly urged that as many as possible pay their subscription this week. By so doing signal service will be rendered the 'Varsity track team. Pay at Treasurer's office.

One of the greatest events of this college year occurs tonight when the English Club presents King Lear at the Wieting. Nearly fifty students have been going through with rehearsals for nearly four months. This is probably greater preparation than has been put on any play ever presented to the student body of Syracuse. The very fact that one of the busiest professors on our faculty has found time to not only drill the cast, but to take the most important part in the play stamps this effort as something much out of the ordinary collegiate dramatic production.

There can be no doubt that this is one of the largest undertakings in college dramatics. This can be readily seen when we consider that for more than two decades not even a professional company has attempted a production of the tragedy.

The work of the cast has been uniformily excellent. Every member has responded to the coaching of Professor Losey in an attempt to make the play the best ever given in the city by amateurs. The opportunity will be given tonight to see the result of their efforts. No student of Old Syracuse should miss this chance of not only seeing one of the greatest tragedies known to all literature properly interpreted, but also supporting their Alma Mater in one of the greatest of her student undertakings.

The long, pleasant days of spring with their balmy evenings will soon be with us to stay until we part for this year. While we are enjoying this period in which Nature returns to life in all her glory, we can so use the time that we shall never forget it.

"College Sings," as they are called at the universities where they are in vogue, are occasions ever memorable and pleasurable.

We could well afford to establish such a custom here this year. Twice every week we could assemble all the men in the Hill colleges in front of Liberal Arts, or on the hill side at Crouse from 6:30 to 7:15 p. m., and have a good, old sing. The two senior cheermasters could ably lead.

There is no doubt that we need such a custom, for nearly everyone realizes that. Was not every Syracusan present at the Wesleyan debate, well pleased with the excellent (?) singing on that occasion? This is only an instance where many could be cited.

Supposing we get together then and carry out this plan. The Glee Club men could be depended on to lead in the songs. These meetings will make us better acquainted with our class mates from other colleges, and will enable the men of every class to master not only our own college songs (something much desired), but will permit them to learn other college songs which everyone should know. Above all they will inspire in every heart a deeper loyalty and more abiding love for his Alma Mater.

OF INTEREST TO STUDENTS.

The Daily Orange announces to its readers that the Syracuse Glove Factory at 222 West Fayette Street has placed on sale one thousand pairs of Fine Kid Gloves for spring and early summer wear at about cost price to manufacture. They had a special lot of nearly five thousand pairs purposely for Easter selling to the students and the better dressed people of Syracuse, but owing to the bad weather only a little over one-half of this lot was sold; therefore they have decided to close them out at a sacrifice. Some of them were made to sell for $2.00, but the closing out price will be $1.25. Others that were made to sell for $1.50 will be closed out at 98c, while others that were made to sell for $1.00 will be sacrificed for 59c. Students are invited to call and examine them.

KING LEAR A BRILLIANT SUCCESS

Magnificent Production at the Weiting--House Crowded--Enthusiastic Audience.

The tragdy of King Lear, for which the student body have waited so long, last night proved itself a magnificent success in every sense of the word. The cast, the scenery, the interpretation, the acting, in fact, everything was most excellent, in some cases surpassing that of many professional companies. The entire play was thoroughly appreciated by a large audience, which again and again showed its enthusiasm by repeated curtain calls. The pathos in the tragedy brought tears to the eyes of the beholders several times, while during the tent scene in act four there was hardly a dry eye in the house.

The slips, which are wont to mar an amateur production, were very noticeable, but because of their absence. There was hardly a thing that would mark the performance as any other than of the best that even professional talent could produce.

The storm scene was well worked up. By using New York wind and lightning imported for the purpose, Wieting Opera House thunder and "Dr." John Cunningham's moss covered logs, a very effective scene was arranged picturing a storm on the heath.

PROFESSOR FREDERICK D. LOSEY.

Of the work of Professor Frederick D. Losey as Lear, the comments of those of the audience who were heard were that they regarded his work of last evening as surpassed by but few of the best professionals on the boards today. Some nqen expressed the opinion that he compared very favorably with the famous Booth. He certainly pleased the audience last evening, as was shown by the extended applause.

Not only was he successful in his own part but the work of every member of the cast showed the careful, painstaking coaching that had been given them. Each one reflected Professor Losey's own work and what sucsess they made was his also.

Next to Lear, probably the part most appreciated was the part of Cordelia, Lear's youngest daughter. Miss Heiman's acting in this character was superb.

Arthur J. Sheldon as Kent showed up well the manly charavter of the banished knight. His work was exceedingly well received. The part of Gloster was played last evening by J. Robert Rubin. His rendering of the character, both as a servitor of the king and of the banished, blind old man was excellent. The part will be taken tonight and tomorrow night by William J. Boyd.

Clifford Searle as Edgar, pleased the audience very much, especially in his several fights. First of all Oswald fell a victim to his sturdy staff and then Edmund was killed after an exciting duel. This last called for a good round of applause.

William Y. Boyd made a vilanous Edmund. The make-up man succeeded in reducing his naturally smiling countenance to a quiet wicked one. His gesticulation and method of carrying out intrigue war very good.

The part of Goneril, the cold, haughty daughter of the king, was taken by Miss Mary Benjamin. Miss Benjamin was exceedingly fine in emotional work. The part of Regan was as well taken by Miss Grace Hunt. The costumes of both of these characters added much to the picturesqueness of the court scene.

The part of the Fool, probably one of the most difficult to play, was taken by William Farrell, while Earl G. Rice scored a success as Oswald.

The play will be given again tonight and tomorrow night will show in the Lyceum Theater at Rochester.

The complete cast follows:

King Lear.....Frederick D. Losey
Kent.....Arthur J. Sheldon
Gloster.....J. Robert Rubin
Edgar.....Clifford H. Searl
Edmund.....William Y. Boyd
Duke of Albany.....Seth H. Rice
Duke of Cornwall.....J. Roy Allen

SENIOR ENGINEERS' GRADUATE WORK

Thesis Work Announced by Dean Kent---Civil Engineers Assignments Differ.

The thesis work of the senior engineers of Smith College of Syracuse University was announced recently by Dean William Kent, and Prof. J. F. Graham of the Electrical Engineering Department. A departure will be made this year in the regular graduate work of the civil engineers, as no special subjects will be assigned each senior, all being required to submit a design for a railroad bridge.

The theses assigned to the senior candidates of the electrical engineering course are as follows: L. T. Carter, design of 500 kilowatt railway generator; C. D. Crowell, light and power system for the city of Syracuse; H. S. Foland, automatic telegraph repeater; D. J. Farrel, electric railway system for the city of Rochester; J. H. Moreeroft, physical and electrical properties of steel bar; G. G. Merry, design of magneto generator; H. J. Murray, electrical refrigerating apparatus; W. S. Plumb, rotary converter; C. F. Phillips, comparative tests of storage batteries; W. A. Root, design of two-phase transformer; F. G. Springstead, light and power system; G. H. Wildman, design of 500 kilowatt alternating Ament generator; Saul Lavine, lighting system for Syracuse.

J. E. Gramlich and E. J. Brady have been given a series of tests, and investigations of three blowing fans as a subject for thesis work.

FIRST LEAGUE GAMES.

The men's societies of the east side of the campus have practically arranged a minor buseball league among themselves. Among the parties who have already challenged and been challenged are, Delta Upsilon, Psi Upsilon, Phi Kappa Psi, Phi Gamma Delta and Delta Kappa Epsilon.

The first game will be played Saturday between Psi Upsilon and Phi Kappa Psi. Next week will probably see games contested between Delta Upsilon and Psi Upsilon, and Phi Gamma Delta. It is expected that D. K. E. will soon join this league.

COACH HUTCHINS ADDRESSES NEW YORK ALUMNI

An informal dinner of the New York Alumni of Syracuse University was held on Friday night, April 8th, at the Hotel Logerot.

Dr. Chas. R. Hutchins, who has been engaged to coach the Syracuse football eleven, was present, and made some interesting remarks about the prospects for nexr year. He expressed himself as very enthusiastic over the chances.

The University has reason to be thankful for the earnest and devoted efforts put forth by Manager Eddy and Editors Allen and Evans of the Weekly in raising the funds necessary to insure the financial success of the track season.

The subscriptions secured and now being paid, amount to $300; a good deal less than hoped for, it is true, but a sum which will mean much in retaining a high standard in track athletics.

Every enthusiastic student in the University wishes to see Syracuse represented by a strong relay team, and her star athletes at Philadelphia. The great meet is only ten days distant. The relay and other athletes are daily getting in better shape. The only thing necessary now is the money. More than the necessary sum has been subscribed. It is now the duty of every subscriber to come forward and pay promptly.

The fact that only a very small audience greeted King Lear in Auburn may have been due, as was suggested, to the fact that it was not as well advertised as was possible. Whether this is so or not, it is absolutely certain that the attitude of one of the news sheets of that town did not help to swell the audience.

The Auburn Bulletin for Monday contained the following in its theatrical notes:

"The indications are that the theater will be more than adequate for the audience that will this evening witness the first of a series of four performances of Shakspere's King Lear, with Professor Frederick D. Losey as Lear. The undertaking is a huge one, but Auburnians apparently do not intend to bestow patronage upon it, for the sale of seats is very small."

A thing of this kind can only be characterised by the term of "unadulterated knocking." The paper could have no other purpose that that of discrediting the play even though it admitted that the undertaking was worthy of patronage. If such was the spirit of the people of Auburn it is not to be wondered that the audience was not larger.

The Auburn Advertiser of the same date had several complimentary notes for which we are grateful.

CHAPEL ATTENDANCE.

One of the Orange reporters who has been regularly attending Chapal exercises recently in Liberal Arts College has collected the following interesting facts relative to attendance.

Friday, April 8th, 27 men, 80 women, 12 faculty members.

Saturday, April 9th, 33 men, 68 women 8 faculty members.

Monday, April 11th, 42 men, 94 women 5 faculty members.

There is a total of 1266 students and 83 faculty members for the benefit of whom these Chapel services are held.

There still seem to be a few who do not make a practice of regular Chapel attendance.

MEETING OF THE HISTORICAL ASSOCIATION.

An important meeting of the Historical Association will be held Saturday evening, April 16, in the Historical seminar room in Liberal Arts College. This will be the occasion of the unveiling of the picture of Dr. Charles W. Bennett, the first professor of American History in Syracuse University. This picture was presented to the Association by Mrs. Dysche of Evanston, Illinois, the daughter of Dr. Bennett. Among the speakers for the evening are Ex-Chancellor C. N. Simms and Attorney Benjamin Shove of this city. The friends of Professor Bennett in the City are invited to be present and the attendance of all his old students is especially desired.

AT THE BASTABLE.

"York State Folks," which is the offering at the Bastable the first half of the week, is a favorite in Syracuse, and the present engagement is expected to duplicate the previous successes scored here. It is the late Arthur Sidman's rural play, and is one of the strongest and most effective of its kind with plenty of comedy and pathos. Ray L. Royce will appear in the role of lovable old Myron Cooper. An excellent cast aad production arc promised. Matinee Wednesday.

BASEBALL SCHEDULE.

The baseball games played to date are as follows:

April 2—Syracuse 0, Trinity 4, at Durham, N. C.

THE NATURAL FOOD CO.,

Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit

is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

U-pi-dee, U-pi-da!
In an up-to-datest tailor-made gown, U-pi-de-i-da!
The boys are wild, and prex is, too,
You never saw such a hulla-ba-loo.
CHORUS.—U-pi-dee-i-dee-i-da! etc.

Her voice is clear as a soaring lark's,
And her wit is like those trolley-car sparks!
When 'cross a muddy street she flits,
The boys all have conniption fits!

The turn of her head turns all ours, too,
There's always a strife to sit in her pew;
'Tis enough to make a parson drunk,
To hear her sing old co-ca-che-lunk!

ALWAYS EASY

GEORGETOWN TODAY

The game to be played with Georgetown today will undoubtedly be the hardest one on the present trip. Georgetown's record to date has been an excellent one, Harvard and Yale being among the college whose teams have failed to make the circuit of her bases.

A victory over Georgetown will place Syracuse in an enviable position in the college baseball world. The score, it is expected, will be announced between the acts at the Wieting toni ht.

The excellent work of the team at the bat gives assurance that the curves of Tate Crumley, the famous pitcher who shut out Yale and Harvard, will lose some of their mystery this afternoon.

ACCIDENT TO LEAR CAR.

The first of the Lear special cars on its return to the barn at 2: 30 yesterday morning met with a slight accident, which was not without ludricous features.

The car was bowling merrily along East Genesee street: a mist was falling, and the motorman could see little ahead.

Suddenly there was a terrific crash and the sound of grating iron and breaking wood. The car jolted roughly, swayed wildly but kept the track and was stopped.

It had run head on into one of the pipe lines of the street flushers. Except for a bent fender the car was little damaged; but the latter distributed pieces of pipe axles and iron wheels all the way down town. Every little while there would be a grating jolt; the car would stop suddenly, and the motorman would descend and pull another chunk of pipe line out of the "innards" of the car.

SYRACUSE MEETS SECOND DEFEAT

Varsity Loses to Georgetown by Score of 14 to 5---Moore Hit Freely.

(Special to the Syracuse Daily Orange)

WASHINGTON, D. C., April 13, 9:16 p. m.—On a cold and windy afternoon, with the grounds not in favorable condition for fast play, Syracuse lost to the heavy-hitting Georgetown aggregation by the score of 14 to 5.

Pitted against a team which has the distinction of having shut out both Harvard and Yale this season, the Orange nine made a strong showing, playing nearly an errorless game with six hits to their credit.

Moore was hardly up to his usual standard, being touched for fifteen hits. Burrell did well with the willow, as he pounded out two two-baggers and one single. Heffernan and Monaghan both connected with the horsehide for a double, showing that the boys haxe lost none of their strength with the stick.

Drill pitched a good game for the local collegians and had excellent support. Bunching of hits when hits meant runs and errorless base-running and fielding gave Georgetown the victory over one of the strongest teams she has had to face this season.

The team leaves tomorrow (Thursday) for Baltimore, where they will cross bats with the Maryland Athletics.

HISTORICAL ASSOCIATION.

An important meeting of the Historical Association will be held Saturday evening, April 16, in the Historical seminar room in Liberal Arts College. This will be the occasion of the unveiling of the picture of Dr. Charles W. Bennett, the first professor of American History in Syracuse University. This picture was presented to the Association by Mrs. Dysche of Evanston, Illinois, the daughter of Dr. Bennett. Among the speakers for the evening are Ex-Chancellor C. N. Sims, Mrs. Dr. Wallace of this city and Attorney Benjamin Shove of this city. The friends of Professor Bennett in the City are invited to be present and the attendance of all his old students is especially desired.

THE GEOLOGY DEPARTMENT.

The class in Geology II. has presented to the deparment of Geology a fine picture of the Fellows of the Geological Society of America.

Photographs of 189 members appear in the picture. The venerable Dr. James Hall for 60 years State Geologist of New York, appears in the center and grouped around him are such prominent men as Alexander Winchell, formerly Chancellor of Syracuse University, Dana the author of a number of famous text books, Leconte whose text book is still largely used in in the colleges of the United States, Stevenson, of the University of the City of New York and Orto the venerable State Geologist of Ohio.

The picture is inclosed in a handsome oak frame, and will be hung on the wall of the Geological lecture room.

LEAR AGAIN SUCCESSFUL.

The English Club scored a second success last evening in its presentation of King Lear before a crowded house. All the parts were as well taken as upon the evening before, while several were much improved. Cornwall and Albany were well taken by Messrs. Roy Allen and S. H. Rice.

W. J. Boyd, who succeeded J. R. Rubin in the role of Gloucester, rendered the part very acceptably, although his voice was not as full as that of Mr. Rubin.

The play will be given tonight in Rochester.

SOPHOMORES GET CANES.

At a meeting of the sophomore class held after chapel yesterday morning a committee was appointed to adopt and obtain a class cane. It is the intention of the class to appear with these canes upon Moving-up Day.

The class declared itself against the project of a stag banquet. The men were of the opihion that it would show disrespect to the ladies. There will probably be no sophomore banquet this year.

THREE TRY RHODES EXAMS.

The first examinations for the Rhodes scholarships were held in the Classical Seminar room yesterday at 11 o'clock. Three candidates reported for examination. They were R. C. Williard, H. S. Rowe, C. W. Gray.

CANDIDATES FOR GRADUATION.

Dean Smalley Names Those Who Are to Wear Gowns.

A list of the candidates for graduation in all departments of Syrazuse University has recently been prepared by Dean Frank Smalley of the Liberal Arts college. It shows that there are 247 seniors at the university which is an increase of 52 over that class of a year ago.

The full list of candidates for graduation is:

TRACK SUBSCRIPTIONS DUE.

The student subscription for the support of track athletics is now due. Dr. Smallwood stated that $200 must be paid in to secure sending a team to the Philadelphia relay meet. The total subscription amounts to about $300. It is earnestly urged that as many as possible pay their subscription this week. By so doing signal service will be rendered the 'Varsity track team. Pay at Treasurer's office.

ARTHUR L. EVANS '04.

Professor C. C. Bushnell is publishing a pamphlet containing selections from Martial and Juvenal with an account of the authors and full notes upon the text.

It is adapted to the work of the freshman Latin divisions.

Martial is a new author for this part of the course, but well suited for study in connection with Juvenal and very attractive.

Owing to the slow night service on the news wires the telegrams from the Southern games sometimes fail to reach the Daily Orange office before a late hour at night, too late for insertion in the morning paper. Whenever this shall occur the telegrams will be posted on the Liberal Arts bulletin.

The meeting of the Historical Association for this Saturday evening will doubtless prave the most enjoyable and interesting of the year, The speakers are too well known to need mention here. We hope that the members and friends of the association will turn out in large numbers and make the occasion the greatest in the history of the association.

As Nature awakes from her long winter rest and takes on the garb of spring, we begin to realize her true beauty and worth. While we ponder on this the thought also comes of the beauty which will transform our campus when the landscape gardener is put to work.

The opportunities for splendid success, which the natural features of our campus extend to the artist of landscape are many. Even the general work now being put on the parts of the campus near the buildings is transforming it to some degree. So soon as the finances are forthcoming Syracuse will have a campus the beauty of which will not be surpassed by any eastern university. The alumni and students are as eagerly awaiting that day as the authorities are the finances for it.

Whether or not the 'Varsity wins all of the remaining games on the present trip the team is deserving of a splendid ovation on their return.

Never before in Syracuse baseball history has a team started off the season with such a brilliant successful Southern trip. Never before has Syracuse been represented by a team which has so early in the season developed such a mastery at the bat.

On Monday morning the baseball team, its coach, captain, and manager should receive a welcome in Liberal Arts chapel which will even surpass in enthusiasm the ovation tendered to Myer Prinstein and the victorious relay team in the spring of 1900, when Chancellor Day was forced to quell the over-enthusiastic youth who shot off his revolver in chapel by quietly suggesting, "Boys, you all know that I am unalterably opposed to smoking in the college buildings."

Such a welcome as this the baseball team deserves Monday; and if Lafayette is beaten Saturday, the whole student body will deserve that long hoped for holiday.

LEGAL NOTES.

The smoker to be given by the members of the junior class will be held at the St. Cloud Hotel on the 26th of this month.

Judge Vann of the Court of Appeals began his series of lectures on Insurance before the junior and senior classes, Tuesday afternoon in the Assembly hall. These lectures will be given every afternoon at three o'clock for a week or more. As Judge Vann's time is very much occupied, he gives the lectures but once in two years, thus making it necessary to include the two upper classes in the lecture. The College is indeed fortunate in having such a noted and learned man for a lecturer.

AT THE BASTABLE.

Broadhurst & Currie are the producers of "Rudolph and Adolph" which is being presented at the Bastable the last half of this week, and they are said to have given it elaborate scenic and costume equipmente. The clever dialect comedians, Mason and Mason, appear in the piece as two eccentric Germans, Rudolph, the horse doctor, and Adolph, the ladies' tailor, whose resemblance to each other forms the basis for the remarkable series of complications n which they figure.

They are surrounded by a capable company of comedians and musical people.

Many new and tuneful musical numbers have been added and a number of specialties are an attractive feature.

VARSITY DEFEATS COLUMBIAN

Following is the dispatch which reached the Orange office Tuesday night at 11:10 after the forms had been closed. (Special to the Syracuse Daily Orange)

Washington D. C., April 12, 1904. The cold and wind on the Columbian field did not conduce to the best battery work; but interfered in no way with the work of the Syracuse batsmen. A total of 17 hits, of which Curtis contributed five, netted the 'Varsity eleven runs. Curtis; record of five hits out of five times at the bat was a prominent element in the winning of the game.

After the seventh inning it looked like an easy victory for Syracuse, but a rally of the local collegians in the ninth made things look dubious for a time.

Burrell and Rutherford both did excellent work; in fact the whole team did well with the exception of some lack of discretion and speed in base running.

'VARSITY ON THE RIGHT ROAD AGAIN

Win From Maryland Athletics Yesterday--- Score 9 to 2.

(Special to the Syracuse Daily Orange)

BALTIMORE, MD., April 14.—Although somewhat tired after the hard game of the previous day and the railroad journey, the Orange nine succeeded in defeating the Maryland Athletics this afternoon by the score of 9 to 2.

The game started off well for Syracuse, as Burrell, whose work at the bat has been good all along, put the ball where it netted him a home run in the first inning.

Collins was hit but six times by the locals and received excellent support from the whole team.

Syracuse played a fast, snappy game and the Orange men had their batting clothes on and were up to their mark in base running, making their nine hits count for as many runs.

The score:

		R.	H.	E.
Syracuse	2 2 2 0 0 0 1 0 2—	9	9	2
Maryland	0 0 2 0 0 0 0 0 0—	2	6	4

BIOLOGICAL NOTES.

Several new courses will be offered by the Biological Department, for the college year of 1904-05. Dr. Smallwood will conduct a two hour course in Sanitary Science, to meet for one semester, Tuesdays and Thursday at 8:50. This course will be followed the second semester by one under Professor Hargitt. The latter course will comprise Historical Biology, treating especially of the theories of Heredity and Evolution. While these courses are designed to follow one another, one may be taken without the other. There is no laboratory work in connection with either course.

Extensive preparations are being made for the annual meeting of the Biological Association, to be held early in May.

One of the features of the meeting will be a reception by the Senior Majors to Junior Majors.

There will also be a literary program.

At this time also the department celebrates its book day.

A treatise on "Budding Tentades of Gonionemus" by G. T. Hargitt '02 and a short article on the "Sexual Elements of the Giant Salamander" by Dr Reese appears in the current number of the American Biological Bulletin.

Students are requested to call and get our special prices on photos—either singly or in groups. M. H. BUNN, Photographer, 402 S. Salina St.

CANDIDATES FOR GRADUATION.

A list of the candidates for graduation in all departments of Syracuse University has recently been prepared by Dean Frank Smalley of the Liberal Arts college. It shows that there are 247 seniors at the university which is an increase of 52 over that class of a year ago.

The full list of candidates for graduation is:

FAST FRESHMAN CREW

Much Faster Than at this Time Last Year--The Launch Out Today.

Indications at present point very strongly toward a very fast freshman crew for next June. The crew now is much faster than the freshmen were at this time last year and this while they are carrying the coach instead of a light coxswain.

Every afternoon sees an exciting contest between the 'Varsity and freshmen. The latter are able to give the veterans a good, hard pull, but the 'Varsity, who are as good as can be expected at this time of the year, taking into consideration the bad weather, are always the victors.

The 'Varsity eight is improving fast. Packard is developing into a most satisfactory stroke and he will no doubt be No. 8 in the boat at Poughkeepsie. Barring unforeseen events, the eight will be as strong as the one last year. The coach has excellent hopes of making it even stronger than that one.

The launch, which has been undergoing repairs for so long, will be placed in commission this afternoon. This will very materially aid the coach in his work. While in the launch he can coach both crews equally well.

DEBATING CLUBS.

The regular meetings of all the clubs except the junior, were held last evening. The next regular meeting of the junior club will be held May 5. The seniors discussed the Allegheny question. The speakers on the affirmative were Messrs. Jennings, Chaloux, McLachlan; negative, Messrs. Kelly, Heal and Boyd.

The question before the sophomore club was: Resolved, That no educational institution controlled by a religious denomination should receive aid from the state. The affirmative was upheld by Messrs. Erskine, French and Andrews; the negative by Messrs. Becker, Pratt and Ramsey.

The freshmen discussed the question: Resolved, That the action of the government in recognizing the independence of Panama was unjust to Colombia. Speakers on the affirmative were: Messrs. Wemett, Benson, Perkins; negative, Park, Trebilcox and McClintock.

Clarence J. Benjamin '04 is now securing the signatures of many of the city ministers and pominent students in the University to a petition in the interests of the Hepburn-Dolliver interstate liquor bill for the U. S. Senate. The bill gives each state full power to control sale of liquors coming in from other states.

THE LIMA RECEPTION.

Seven young men of the graduating Class of Genesee Wesleyan Seminary at Lima, N. Y., have been the guest of the Syracuse students who are alumni of the Seminary, for the past two days.

On Wednesday evening the entire party attended King Lear.

Last evening a reception was held at the Chi Alpha Sigma house where a very pleasant evening was enjoyed.

The following guests were in attendance: James O. Whittemore, Lloyd Partridge, George Diehl, Harry Belcher, Frank Kennedy, Roswell Aldridge and Smith.

Messrs. Kennedy and Aldridge comprise the debate team which is to contest with Cazenovia Seminary this evening at Cazenovia.

LEAR AT ROCHESTER.

The members of the King Lear cast left for Rochester yesterday noon, taking dinner at Rochester. The last production of the play was presented before the Rochester audience. The cast left Rochester after the play, reaching this city early this morning.

CELEBRATION POSTPONED.

No chapel demonstration will occur Monday morning, as had been planned.

The authorities consider that it would be advisable to defer this more official form of celebration until after some of the more important home victories.

This announcement is given upon advices received after the editorial pages have gone to press.

PLANS FOR DENISON CONTEST.

Plans for the Denison Prize Contest, which is to be held in Crouse College Hall, Monday, April 25, are assuming a definite shape. It was announced yesterday afternoon that Principal W. K. Wickes of the High School will preside and that the following judges have been selected: Mrs. Lamont Stilwell, Rabbi Adolph Guttman, Mr. George Driscoll.

A full program, including the musical program, will be published next week.

NOTICES.

Are you getting ready for that ovation to the baseball team Monday morning? The 'Varsity deserves the honor and we shall all profit by displaying our enthusiasm for Syracuse. Let's get in line and show our athletes that we truly appreciate their work.

"Book Day" will be celebrated by the Philosophical department next Monday evening in the gymnasium. Elaborate preparations have been made for the event, and it promises to be not only interesting but profitable to all who attend. The members of the associrtion and friends of the department have an admirable opportunity on this occasion of showing their appreciation of the department's work.

"Have you read the Herald's criticism of the acting of Lear?" was the question which might have been heard generally on the hill yesterday wherever students met to talk over the brilliant success of the great tragedy.

Spare praise indeed did the dramatic editor of the Herald bestow upon the production, particularly upon the enactment of the title role. The burden of the criticism appeared to be to the effect that Professor Losey "makes the mistake of presenting a brokendown and senile "Lear."

"A senile imbecile could not have talked, acted nor comported himself in any way like the Lear, whose actions and thoughts are virile and quick, and who is in his bearing at all times 'Every inch a king'."

Senile imbecile! It would be interesting indeed to search among the thousands who saw the enactment of Lear for one other intelligent person who failed to see in Lear aught but a "senile imbecile."

As to Professor Losey's presenting Lear as "brokendown and senile," a charge based primarily on the fact that the real Lear had the physical prowess to kill the guard who had hung Cordelia; there is abundant evidence in the lines themselves to fully warrant the interpretation given by Professor Losey.

"A very foolish, fond old man, four score and upward" could scarce be expected to exhibit the stalwart physique demanded by the critic. The killing of the hangman guard and the carrying of Cordelia's body were the supreme efforts of a physical power which had been momentarily stimulated by a violent passion only to be extinguished by the very violence of that passion which had fanned it into being.

A Lear less age worn than the king we saw in Professor Losey's presentation could not have exhibited the tender qualities of old age which the Herald critic believes to be the most noteworthy feature of the enactment.

A more rugged and stalwart body might have better measured up to the requirements of the popular notion of "Every inch a king," but at the expense of true Shakesperian art.

HISTORICAL ASSOCIATION.

An important meeting of the Historical Association will be held Saturday evening, April 16, in the Historical seminar room in Liberal Arts College. This will be the occasion of the unveiling of the picture of Dr. Charles W. Bennett, the first professor of American History in Syracuse University. This picture was presented to the Association by Mrs. Dysche of Evanston, Illinois, the daughter of Dr. Bennett. Among the speakers for the evening are Ex-Chancellor C. N. Sims, Mrs. Dr. Wallace of this city and Attorney Benjamin Shove of this city. The friends of Professor Bennett in the City are invited to be present and the attendance of all his old students is especially desired.

AT THE BASTABLE.

Broadhurst & Currie are the producers of "Rudolph and Adolph" which is being presented at the Bastable the last half of this week, and they are said to have given it elaborate scenic and costume equipmente. The clever dialect comedians, Mason and Mason, appear in the piece as two eccentric Germans, Rudolph, the horse doctor, and Adolph, the ladies' tailor, whose resemblance to each other forms the basis for the remarkable series of complications in which they figure.

They are surrounded by a capable company of comedians and musical people.

Many new and tuneful musical numbers have been added and a number of specialties are an attractive feature.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit

is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,
JAMES A. TEN EYCK.

VICTORY AGAIN.

University of Maryland Falls an Easy Victim to the 'Varsity.

(Special to the Syracuse Daily Orange)

BALTIMORE, MD., April 15.—Twenty-one to seven! Another victory added to the long list of successes!

The 'Varsity batsmen took advantage of today's opportunity to swell their batting averages, nearly all of the men hitting the ball almost at will.

Pilling, the twirler upon whose ability the Maryland supporters based their hopes, was unmercifully pounded, while Frock, his successor, received treatment scarcely lighter.

Dinneen and Moore each took a turn in the box, relieving each other so that the full available pitching force will be in condition for Saturday's game with Lafayette. Final score—Syracuse 21; University of Maryland 7.

Batteries—Dinneen, Moore and Curtis; Pilling, Frock and Johnson. Umpire—Whitehurst.

BASEBALL BUNTS.

Are the 'Varsity hitting the ball? Well I guess! So many hits yesterday that the Orange representative could not enumerate them.

Are you anxious to learn the score tonight? Telephona 1790-A, old, or call at the Orange office, corner Irving and Croton. The telegram will arrive about 9 p. m.

Will they beat Lafayette today? What a question!

Will the chimes ring tonight? Will there be any impromptu parading? Perhaps.

NEWS OF ALL THE COLLEGES.

PRINCETON.

Arrangements have been made for the rental and management of a house in St. Louis for the accommodation of Princeton men who attend the exposition.

It is announced that Princeton will defend the affirmative side of the question for the Harvard-Princeton debate to be held at Cambridge May 6. The question is "Resolved, That laws be passed compelling the management of a business undertaking which has secured control of an industry to sell its products at reasonable rates."

CORNELL.

The agricultural bill providing for an appropriation of $250,000 for the purpose of erecting agricultural buildings at Cornell has passed both houses and will become a law as soon as Gov. Odell signs the measure.

The baseball team won three of the seven games played during the southern trip.

BAD WEATHER DELAYS TRACK MEN

Relay Meet at Philadelphia a Week from To-day--The Situation Desperate.

The prevailing bad weather is most seriously delaying the preparation of the relay men for the meet at Philadelphia. The meets occur one week from to-day and as yet no trials or speed runs have been held.

The relay men are on training table, but are not receiving the training that they should have had. The men on the table are: Sechner, Ralph, Robertson, Twombly, Hayes, Cole, Lowe and Van Duyn.

The men who will accompany the team are Captain Gardner, Lowe and Van Duyn. It will be impossible to send these men, however, unless the Weekly's track subscription is raised before that time.

In regard to the other meets the situation is more desperate than has ever been the case in the history of track athletics in Syracuse. Absolutely no meets are scheduled as yet. Cornell has not yet decided whether or not they will come May 7, nor is it known when they will decide. The meet with Colgate is in about the same condition.

The Mott Haven games are the only ones positively arranged for. There is a possibility of no meets whatever being held here this year.

The men are getting in good shape; the freshmen are far from showing up well, however. Cole seems to be the only man in the class that will be able to do anything this year at least.

Several distance men will probably be put on the training table Monday, unless the coach learns that no meets will be held, in which case the table will be suspended.

LOST--THE ENGLISH DEPARTMENT

FRATERNITY LEAGUE GAME.

The first game of the fraternity league schedule was played yesterday afternoon and resulted in a victory for Psi Upsilon over the Dekes by a score of 17 to 14. Jake Gramlich easily won the honors of the game with a home run in the last inning.

MR. ASHLEY TO LEAVE.

Mr. Alexander Ashley, who is head of the local weather bureau, will leave this city about May 1st. He has accepted a fine position in Honolulu, Hawaiian Islands, which was offered him by Mr. Willis L. Moore, chief of the U. S. Weather Bureau. He will have a regular observing station there, and also a climate and crop service on the islands. Mr. Ashley established the weather bureau in the Liberal Arts college building in 1902.

Mr. Ashley's successor here will be Mr. Robert M. Hardinge, who now has charge of the Santa Fe, N. M., station. He is a graduate of Gettysburg college, and a member of the same fraternity as Mr. Ashley, Phi Kappa Psi.

THE RHODES SCHOLARSHIP.

The authorities of the university will recommend Harold A. Townsend, '03, as the Syracuse candidate for the Rhodes Scholarship given to this state. This action is the result of the examinations recently held here for the scholarship, in which Mr. Townsend made the best record.

OF INTEREST TO SENIORS.

M. B. Wiley, representing the New York office of Hapgoods, will be at the Yates Hotel, April 15-17, to interview Syracuse seniors who wish to secure high grade positions in business and technical work. Hapgoods has over one thousand such positions to offer young college men this year, and Mr. Wiley is making a tour of all the Eastern colleges in search of the right men.

Already the accelerated pace which always seems to precede examinations and commencement week is beginning to be felt. Professors are looking towards the well-rounded completion of the subject presented, and students are beginning to review for the "finals." In the rush of these last few weeks the students are tempted not to attend the meetings of the various class and departmental clubs to which they belong. The last meetings of the year are too apt to be poorly supported. We would seek to impress upon the students the fact that these organizations in their success next year depends largely upon your support now. A club nobly supported now means a strong club next year, —a club neglected now means a difficult task of resuscitation next September.

There are certain athletes in the university who are working harder for the athletic honor of Syracuse than the men in any other branch of sport, namely the crew men. They leave the Hill early every afternoon and go to their training quarters, many miles distant. While at their hard, daily task they are greeted by no "rooters," encouraging cheers, or other signes of student approval. Instead they hear the coach's voice across the water, correcting their faults. Arriving in the city again late at night they are confronted with the problem of the next day's studies to be solved. So it will go week after week until the Orange crews have met their opponents on the Hudson this June.

These men should be shown the appreciation of the student body before commencement comes around, for surely there will be no chance for the whole student body to show it after that.

Should Syracuse defeat Lafayette in baseball today, why should it not be well to honor the crew men in the celebration in some fitting manner? We leave the suggestion with the student body for fulfillment.

PHILOSOPHY BOOK DAY.

Plans are now complete for the Book Day of the philosophical department next Monday. An evening entertainment will be given in the gymnasium with readings by Mrs. Losey, music by a quartet and other attractions. Refreshments will be served and a very pleasant time is anticipated.

The book order of the majors and minors was handed in to the Co-op early in the week and the books will be on hand before Monday. Larger gifts of books are looked for from the members of the association and interested alumni and friends.

AT THE BASTABLE.

Broadhurst & Currie are the producers of "Rudolph and Adolph" which is being presented at the Bastable the last half of this week, and they are said to have given it elaborate scenic and costume equipmente. The clever dialect comedians, Mason and Mason, appear in the piece as two eccentric Germans, Rudolph, the horse doctor, and Adolph, the ladies' tailor, whose resemblance to each other forms the basis for the remarkable series of complications n which they figure.

They are surrounded by a capable company of comedians and musical people.

Many new and tuneful musical numbers have been added and a number of specialties are an attractive feature.

VOL. I. NO. 151. SYRACUSE, N. Y., MONDAY, APRIL 17, 1904. PRICE TWO CENTS

LAFAYETTE DEFEATS ORANGE NINE

Syracuse Loses Ten-Inning Contest---Costly Errors and Lack of Telling Hits.

The Syracuse 'Varsity baseball team arrived in the city yesterday morning after a night trip from Easton, where Lafayette was met Saturday in what was probably the most hotly contested of the long series of southern games, the final score being 5 to 3 in favor of the Pennsylvanians.

Syracuse had the better of Lafayette in the battery and stick work, but a lack of the ability to hit when hits meant runs and several costly errors gave the game to Lafayette, but not until ten innings had been played.

Syracuse scored all three of its runs in the first inning on a base on balls by Burrell and a series of singles by Ward, Baker and Rutherford. Although several men reached third during the remainder of the game the hits which meant runs were not forthcoming. In the eighth Rutherford apparently scored the winning run for Syracuse, but was declared out at the plate.

The game was won by Lafayette in the tenth by a two-bagger, followed by a hit by Ernst, which was poorly handled by the Orange center fielder, and an error in the infield which allowed Ernst to cross the plate.

The score by innings:

											R.	H.	E.
Syracuse	3	0	0	0	0	0	0	0	0	0	3	8	5
Lafayette	0	1	0	1	0	0	0	1	0	2	5	6	2

Batteries—Heffernan and Curtis; Kinsey and Irwin. Struck out—By Heffernan 7; by Kinsey 3. Umpire—Morgan.

THE SUMMER SCHOOL.

Preparations are being made which will make this year's summer school the most successful in its history. This is saying much for the progress of the school has been satisfactory and steady in the past. Arrangements for the faculty of the school are rapidly being completed. One of the recent additions is Gilber G. Benjamin '99, who is now an instructor in history at Yale. He will teach history and economics at the summer school.

POOR DAYTON!

The following, regarding the experience of a prominent sophomore, appeared under a prominent caption in Saturday's Post-Standard:

"Fourteen young women of the University entertained fourteen other young women at a dancing party last night at Westminster Hall.

"The only man in the hall was Howard Dayton and the women kept him constantly engaged at the piano while they danced."

MEETING OF HISTORICAL ASSOCIATION.

The meeting of the Historical Association Saturday evening, the occasion of the unveiling of the portrait of Dr. Charles W. Bennett, the first professor of history in Syracuse University, was one of the most interesting held this year.

The first speaker introduced by Dr. Mace was ex-Chancellor Sims. His remarks were confined to "the Old Syracuse." He told some interesting facts about the condition of the University in 1881 when he became the head of this institution. He paid a glowing tribute to Dr. Bennett as a scholar, a great preacher and a teacher who won the hearts of all his students.

Dr. Bennett secured the great von Ranke library for the University and started the movement of the conferences in giving money to the University.

Mrs. Dr. Wallace of the city, one of Dr. Bennett's former students, gave some very fitting remarks about "Class Room Impressions of Dr. Bennett" and also a fine description of the personality of this great man.

Attorney Benjamin Shove, another student of Dr. Bennett, spoke in the brightest terms of his old professor and said he was glad the portrait was unveiled in the room which Dr. Bennett occupied so many years.

The other speakers were Dr. C. C. Wilbor, Dr. E. S. Maxson and John T. Roberts, all of whom spoke of the worth of Dr. Bennett in the highest terms.

Light refreshments were served at the close of the meeting and a good social time enjoyed.

CORNELL MEET MAY 7.

Dr. W. M. Smallwood, of the track committee, received a telegram from the Cornell authorities last Friday night accepting May 7 as the date for the dual track and field meet to be held between the two universities on the Oval this spring. Cornell wished the meet to be held April 30, as the Ithaca institution already has two other meets scheduled for the month of May. Syracuse, however, on account of the late spring, did not feel that it could get a team into condition before May 7.

The University authorities decided Saturday that there will not be a dual meet with Colgate this year.

WILL HAVE CHARGE OF HAVEN HALL.

It is announced that Dr. and Mrs. H. M. Burchard will have charge of Haven Hall when it opens in September. As they have had previous experience in this line, satisfactory supervision of the new women's dormitory will be assured.

DIBBLE--GAGE.

Rev. W. W. Dibble, '03, of Fulton, was married to Miss Isabelle Ga. e, '03-ex, Thursday evening. The groom is a member of Delta Upsilon, and the bride of Gamma Phi Beta. A number of the active members of Delta Upsilon were unexpectedly present to enliven the ceremony.

REGATTA ON ONONDAGA LAKE

Laureate Boat Club Will Row 'Varsity---A Freshman Race.

Commodore J. E. Gramlich, after a conference with Coach James A. Ten Eyck, announced last Saturday evening that an effort would be made to bring the Laureate Boat Club of Troy to Onondaga Lake May 21 for a regatta.

Now that it has been decided to hold a regatta on Onondaga Lake it will be necessary to decline the invitation to take part in the Cornell regatta to be held on Cayuga Lake, May 28.

There is little doubt but that the Troy professional crew will accept the Syracuse invitation. The crew is an unusually strong one. On it are many well known former college oarsmen. The coaching is in charge of John Frances, Jr., the well known former Cornell sculler.

As the 'Varsity squad has been cut to ten candidates, Syracuse will have the opportunity to see the Poughkeepsie crew pitted against the visitors in a two mile race.

An effort will be made to bring some strong preparatory school crew here to row the freshmen as a preliminary race upon the same day. Two years ago the Cascadilla crew from Cornell's preparatory school at Ithaca rowed the freshmen. This crew will be extended an invitation again this year.

The Henley Business College of this city will this year develop a crew which it is expected will give the freshmen many a lively brush this year.

PERSONALS.

William E. Barron '06. William V. Walrath '07, and Arthur A. Wagner '07 are pledged to Beta Theta Pi.

Miss Amy Bates '06 is pledged to Kappa Alpha Theta.

Miss Julia Whipple has been obliged to leave college temporarily because of illness.

Miss Elizabeth T. Waits, chaperon of Kappa Alpha Theta, will spend most of the summer in Germany.

Miss S. Edna Bush '06 has been entertaining Miss Marion Betts of Canajoharie, N. Y., the past few days.

S. E. Groff of Palatine Bridge, N.Y., was the guest of friends on the Hill over Sunday.

Students are requested to call and get our special prices on photos—either singly or in groups. M. H. BUNN, Photographer, 402 S. Salina St.

LATIN X.

Dr. Bushnell desires to call attention to the course in Roman Literature (Latin X) announced for the first time in the catalogue of this year. This is pre-eminently a literary course and aims at a survey of whatever is worthiest in itself and most influential upon modern literatures from Ennius through to the Church Fathers. Parallel reading in English Literature will be assigned the class and at every reeitation Illustrative readings from the Latin will be given by the instructor. Both those interested in literary study for its own sake and those looking-forward to careers into which literary work may be expected to enter should find the course valuable.

TRACK SUBSCRIPTIONS DUE.

The student subscription for the support of track athletics is now due. Dr. Smallwood stated that $200 must be paid in to secure sending a team to the Philadelphia relay meet. The total subscription amounts to about $300. It is earnestly urged that as many as possible pay their subscription this week. By so doing signal service will be rendered the 'Varsity track team. Pay at Treasurer's office.

It is evident to all who are familiar with the athletic situation that the present status of track athletics is poor indeed. Upon the authority of the coach himself it has been stated that never before under the present system have track affairs been in such poor shape so late in the season.

The long-continued winter has had a strong deterrent effect; but even worse than this has been the uncertainty regarding meets with rival teams. Up to a late hour Friday night the only meet that had been assured was the Mott Haven meet.

With the Cornell meet assured track affairs assumed a somewhat brighter aspect; but we cannot escape the fact that a weak vacillation in our dealings with colleges which should not be allowed to be our dictators, Colgate and Hamilton, has been a decided injury to the standard of our track athletics.

Colgate has even threatened "the breaking off of athletic retions with Syracuse" unless her demands are acceded to; and still the bickering has gone on.

This sort of haggling and dickering over dates, continued through the course of weeks and months, is extremely detrimental to our athletic interests and is lowering of the dignity of a great university.

JUNIOR-SENIOR DEBATE.

On Thursday evening will occur the last contest between 1904 and 1905, and the final public debate of the series held this year at Syracuse. The debate teams this year have set a high standard of excellence in this line of work and the teams in the present contest keep up this standard. The question for debate is: "Resolved, That labor unions are detrimental to the industrial welfare."

The junior team, which will uphold the negative side of this question, is composed of Fred W. Hartwell, Joseph A. Mosher and Robert Park. These men form a strong, well-balanced team. The senior team will be represented by A. S. Copeland, A. A. L. Baldrey and Frank Sowers.

Hartwell and Copeland, noted for their keen analysis of the subject, will probably open the debate for their respective sides. On account of their knowledge of the subject in all its phases, Baldrey and Mosher will be the last speakers, while Souers and Park, with great persuasive powers, will be the second speakers.

From the six men comprising the teams, three will be chosen to represent Syracuse in an intercollegiate debate with Allegheny the latter part of May. On this account the competition in the debate is keener than usual.

SPECIAL.

This week we place on special sale two hundred young men's suits in a variety of different patterns, such as worsteds and worsted cheviots, henningbone stripe, pinhead check worsteds, black vicuna and undressed worsted. These suits were made by us to be sold at $15 a suit, but this is just an extra special sale for this week. Sizes 34 to 42 breast measure. The coats are either single or double breasted, "regular college cut." Special price for this week only $12.00 a suit. Speak quick.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit

is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

JAMES A. TEN EYCK.

VOL. I. NO. 152. SYRACUSE, N. Y., TUESDAY, APRIL 19, 1904. PRICE TWO CENTS

FRESHMEN PREPARE FOR MOVING-UP DAY

Executive Committee Formulates Plans Subject to the Approval of Seniors.

The executive committee of the freshman class met last evening with H. S. Cadmus, chairman of the committee, at 523 Irving Ave., and formulated plans for Moving-Up Day. The plans are subject to the approval of a committee of seniors which will meet some time next week.

The authorities have not yet definitely decided upon the date for the celebration. It will either be May 4 or 7. The freshman committee favored the latter date as the Cornell meet comes on that day.

It was the spirit of the committee to follow the suggestion of the Chancellor in regard to making the celebration a little more dignified than has been the custom previously. There will be no celebration during the preceding night. The class will issue a challenge to 1906 for a color rush to take place just before chapel between ten picked men from each class. After the chapel exercises the parade will form. There will be the usual stunts; the incoming class will be well represented and a large number of black gowned mourners will express the sentiment of the class in saying farewell to the freshman year. Each of the five colleges will be represented, as will also the architects and the freshman crew.

The parade will proceed down town and after passing by several of the fraternity houses, which it is expected will be decorated in honor of the day, the burial of the freshman cap will be solemnized.

Committees were appointed to have charge of the rush, stunts, burial and to see about the decoration of the fraternity houses.

At the close of the meeting Mrs. Cadmus served the committee with refreshments.

TO STUDY ABROAD.

Harry L. Vibbard, instructor in Piano and Organ in Fine Arts College, sails in June for Europe to spend a year there in study. In Berlin he will study Piano and Composition, and he will study Organ in Paris, Mr. Vibbard expects to attend six performances at Beyreuth and will hear Parsival, Tannhauser and four operas of "Der Ring des Nibelungen." Mrs. Vibbard will accompany her husband and he expects to return to the University a year from this fall.

Miss Annette Snell, a student on the hill of marked ability, will take his place as organist at the Park Presbyterian Church during his absence,

EBENEZER WESTON CUTLER.

News was received Sunday of the the sudden death of Ebenezer W. Cutler, '00. The local chapter of Delta Upsilon, of which Mr. Cutler was a member, received a telegram conveying the sad news. Mr. Cutler, who was one of the more prominent of the younger alumni, died in New York city after a short illness of pneumonia.

Mr. Cutler was born in Worcester, Mass., in 1878, though his home for many years was in Sandy Creek, N. Y. He prepared at Ives Seminary at Antwerp, and entered Syracuse in the class of 1900. While at the university Mr. Cutler was prominent in all branches of college activities. He was a member of the track team for several years and also the first commodore of the navy. He was elected to membership in Phi Kappa Alpha.

The funeral services will be held today in the Methodist church at Sandy Creek. N. Y. A number of alumni and several undergraduates from the local chapter of Delta Upsilon will attend the funeral.

In fraternal tribute to the memory of Ebenezer Weston Cutler, '00, be it

Resolved, That we, the members of the Syracuse chapter of Delta Upsilon, express to the sorrowing mother of the deceased our heartfelt sympathy; that, as a sign of our own personal loss, we drape our pins and chapter for a period of thirty days; and that copies of this resolution be sent to the mother, published in the University papers and entered upon the minutes of our chapter.

THE SYRACUSE CHAPTER OF DELTA UPSILON.

In fraternal esteem to the memory of Ebenezer Weston Cutler, 1900, be it

Resolved, That we, the members of Phi Kappa Alpha, extend to the bereaved family of the deceased our profound sympathy; that, in token of our own personal loss, our pins be draped for ten days, and that copies of this resolution be sent to the family, published in the college papers and recorded in the minutes of the fraternity.

EDWARD J. CANNON,
GEORGE K. WARREN,
Committee.

The untimely death of our friend and brother, Eben W. Cutler, who when among us made himself respected by all because of his kindly disposition and sterling character, brings grief to us, the alumni of Phi Kappa Alpha, of which society he was a most loyal and honored member, and in testimony of our sorrow because of his sudden death, be it

Resolved, That we the Phi Kappa Alpha Alumni Association, extend our heartfelt sympathy to his mother in her bereavement; and be it further

Resolved, That these resolutions be spread upon the minutes of our association, that a copy thereof be sent to the family and that they be printed in the University papers.

DENISON PRIZE CONTEST

Elaborate Preparations for Declamation Contest Next Monday Evening.

The arrangements for the Denison Prize Contest for Sophomores which is to be held next Monday evening in John Crouse College hall are progressing finely. All indications point toward a better contest than has before been held. The place of the contest has been moved to Crouse College to give a more attractive place for the contest.

W. K. Wickes, A. M., is to preside and Mrs. Lamont Stillwell, Rabbi Adolph Guttman and George W. Driscoll will act as judges.

The contestants have been undergoing daily drill in the Department of Elocution and will no doubt render their productions very artistically.

The music which is of high order will be furnished by the University Male Quartet.

The following is the program:

PART I.

Male Quartet—"Where would I be?" —Carl Zoellner
Messrs. Hoey, Snow. Fahnstock, Titus

Selection—Wendell Phillips. Curtiss
Mr. Evan M. Jones, Wilkesbarre, Pa.

Selection—Aux Italiens. Meredlth

THE MATHEMATICAL CLUB.

The regular meeting of the Mathematical Club was held last evening at the Delta Delta Delta house. Miss Alma Hurst '04 gave a paper on "The Trisection of an Angle" Miss Mary Quinlan '04 gave a discussion on "Duplication of a Cube." The meeting concluded with refreshments and an informal good time.

"THE OLD SYRACUSE."

At the meeting of the Historical Association last Saturday evening, when the portrait of Dr. Bennett was unveiled, the first speaker, ex-Chancellor Sims gave some very interesting facts about "the Old Syracuse,"

When he became Chancellor of the University in 1881, he found only one building, the Hall of Languages, and that in an unfinished condition. At this time there was an indebtedness of $180,000 on the University property—a large amount in those days.

The campus was rather unsightly, and to remedy this a friend of the University donated several hundred loads of earth which was used to good advantage in making the beautiful slopes which we behold on the campus today.

Dr. Bennett was a good repretentative of the type of men on the faculty in 1881, and these men, together with the financial supporters of the University, greatly aided the work of building up this great institution. One of these financial supporters, Mr. John Morrison Reed, gave the first $5 000 for a library—something the University needed very badly.

Mr. John D. Archbold of the Standard Oil Company became a trustee and great friend of the University at this time and has ever since given large sums of money for its support.

Many other men gave liberally to the University and before long the $180,000 indebtedness was paid. Dr. Sims was Chancellor until 1898, when he was succeeded by the present Chancellor, James R. Day. One of the men brought to Syracuse through the efforts of Dr. Sims was Professor William H. Mace, head of the department of History, who came here from Indiana.

Among the former students of Dr. Bennett present at this meeting were Mr. and Mrs. William Nottingham, Mr. and Mrs. James M. Gilbert, Mr. and Mrs. John T. Roberts, Dr. and Mrs. C. C. Wilbor, Mrs. Dr. Cook, Mrs. W. W. Porter, Mr. Vance Turtelot, Mrs. Dr. Wallace and Dr. E. S. Maxson.

NOTICES.

Miss Bell will be in the Christian Association room every day after chapel to meet the young ladies of the Y. W. C. A. for the next few days.

There will be a preliminary contest for the men entered in the Chancellor's Oratorical contest Friday April 29th, rooms 33 and 34, at 4 p. m.

PROF. AYERS.

Because of the Musical Festival the rehearsal of "St. Paul," which was to have been held this evening, has been postponed until Thursday evening.

The Liberal Arts French Club will meet Wednesday evening. April 20, at the Orange Club house,

It is a pleasure to note the effect which the debating interest in Syracuse, manifested in the line debating societies and frequent contests, is having in turning toward Syracuse the attention of the strongest men in the literary societies of the leading preparatory schools.

As the captain of an interscholastic school said yesterday: "Lima students are all interested in Syracuse news, and a large number of the boys read the Orange every day, keeping track of your ball team and other athletic interests; but the news of your debates is, I believe, what counts most in influencing the best men whom we have in our literary societies."

Every effort which is put forth to advance Syracuse debating interests should be heartily seconded. Every interclass debate which is held should be made an affair even more prominent than such debates have been hitherto.

Aside from the intercollegiate with Wesleyan, the most important local debate of the year is the Junior-Senior debate to be held Thursday evening in Liberal Arts chapel. The hearty support of the student body on this occasion will do much to still further advance the standard which we have already attained to in debate.

The action of Cornell's authorities in complying with the request of our management for a change in the date of the track meet, at considerable inconvenience to their former plans, leads us to believe that the spirit which pervades Cornell to-day would be favorable to the complete resumption of athletic relations between these two naturally rival universities. This compliance of the Cornell governing committee is also somewhat indicative that Cornell would be willing to come half way in arranging for this consummation which is looked forward to with pleasurable anticipation by the students of both universities.

While any move in this direction is being made, would it not be opportune to suggest the formation of a great triangular league to be composed of Columbia, Cornell and Syracuse?

It is very readily seen that these great universities lead all others in the Empire State in all lines of collegiate endeavor. Each has met and found the other a worthy foe in every branch of athletics.

Such a triangular league would be conducive to the development of all that stands for the highest and best in intercollegiate sport. We believe such a league possible when the right efforts are put forth.

AT THE BASTABLE.

Julius Cahn will present Lew Ditrichstein's remarkable funny farce, "Are You a Mason?" the first half of the week. The plot hangs on deceptions which two men, one the father-in-law of the other, practice on their wives. Each pretends to be a member of the Masonic order, while each of the pretended Masons is in absolute ignorance of the other's fraud. The plot is complicated by the entrance upon the scene of a bona fide Mason. The cast with which Mr. Cahn will offer the play is said to be unusually good. "Are You a Mason?" has a record of one hundred nights in New York city at the Garrick Theater, and three hundred nights in London at the Shaftesbury. There will be a matinee Wednesday.

A BASEBALL LEAGUE.

The Men's Societies have Formed a League---Schedule Being Made--Championship.

A baseball league has been formed by the men's societies on the Hill. The games to be played will give health and sore limbs to the untrained aspirants for honors, while they will also afford great entertainment to the spectators.

The societies which are now in the league are Delta Kappa Epsilon, Delta Upsilon, Psi Upsilon, Phi Kappa Psi, Phi Delta Theta, Beta Theta Pi, Phi Gamma Delta and Chi Alpha Sigma. The first game of the schedule was played between Delta Kappa Epsilon and Psi Upsilon, and was won by the latter with a score of 17 to 14. The second contest will be played tomorrow (weather permitting) between Psi Upsilon and Phi Kappa Psi.

The series of games promise to be intensely interesting and close. It is probable that Delta Upsilon and Phi Gamma Delta will start on their western trip in a few days, meeting respectively Delta Kappa Epsilon and Phi Delta Theta. The western teams on Irving Avenue are also scheduled to begin their eastern trip soon, meeting their eastern opponents, while Chi Alpha Sigma is rapidly rounding into shape for its southern trip to the Hill.

The members of the league are now settling the rules to govern the contests, and also trying to decide on a championship pennant. All members will contribute to the finances for the latter. It is held by the league that no present or former 'Varsity ball players should be allowed to play.

THE SUMMER SCHOOL.

Preparations are being made which will make this year's summer school the most successful in its history. This is saying much for the progress of the school has been satisfactory and steady in the past. Arrangements for the faculty of the school are rapidly being completed. One of the recent additions is Gilber G. Benjamin '99, who is now an instructor in history at Yale. He will teach history and economics at the summer school.

The faculty of the summer school will be as follows: Chancellor James R. Day, Dean Frank Smalley, Prof. Franklyn J. Holzworth (director), Prof. Wm. H. Macè, Prof. Edgar Emens, Prof. W. P. Coddington, Prof. Charles B. Thwing, Prof. Charles W. Hargitt, Prof. Ismar J Peritz, Prof. Delmar E. Hawkins, Prof. Henry A. Peck, Prof. Jean M. Richards, Prof. Perley O. Place, and Profs. W. M. Wickes, E. D. Krauss and W. D. Lewis of the High School, Andrew Blodgett of the city schools, Arthur Towne and Gilbert G. Benjamin, now an instructor of history at Yale.

COMMENTS ON LEAR.

The comments on the performance of "King Lear" which appeared in the Rochester papers were remarkably appreciative. Two at least, treating the play as they would any professional production, gave lengthy criticisms. These may, at first glance, appear somewhat harsh, but they are serious and careful studies, and really no more severe than that which many professional companies, attempting Shakespeare, meet with. The mere fact that the English Club's production of "King Lear" was considered worthy of criticism from a professional standpoint is itself complimentary. The Union and Advertiser said in part:

The performance of "King Lear" by Prof. Frederick D. Losey, formerly of this city, but now of the faculty of Syracuse University, assisted by members of the English Club of that institution, at the Lyceum Theater last night, was notable for its general finish and the evidence it gave of the care and attention to detail that characterized its preparation. It was an amateur performance, but a superior one, at times approaching the appearance and finish of a professional engagement. Prof. Losey, not being a professional actor, lacks many of the essential details of motion and speech which come only after years of rehearsal and practice on the stage. But he read his lines with intelligence and his shortcomings were physical more than mental. To produce such a play as that of last night requires ambition and persistence and confidence in one's self. These attributes Prof. Losey does not lack, but the smoothness, born of long familiarity with stage environment is most conspicuous.

Mr. Losey's support was excellent. A. J. Sheldon as the Earl of Kent; J. R. Rubin as the Earl of Gloster; C. H. Searl as Edgar; W. F. Farrell as the Fool; Miss Rose Heiman as Cordelia; Miss Grace Hunt as Regan, and Miss Benjamin as Goneril, assisting materially in the completeness of the presentation.

BASEBALL ENTHUSIASTS.

For the benefit of those who are desirous of following the daily work of the baseball team a special offer is made. For forty cents the Orange will be delivered to you every morning for the balance of the college year.

Leave your order at the Co-op, in the Liberal Arts news box or mail request to the Daily Orange, 806 Croton Street.

FAST RELAY TEAM.

Men Delayed by Weather ---No Chance for Speed Work.

The relay team which will run for the Orange at Philadelphia next Saturday will probably be much faster than the one last year despite the weather conditions. Coach Scott is confident that if the team had had the proper training and ordinary number of chances to try out they would be capable of going into the championship class.

Captain Gardner, Wm. C. Lowe, Cornelius Van Duyne, Coaches Scott and Whittemore and Manager Edwards will accompany the team. The team will be picked to-day or to-morrow. Robertson, one of the likeliest candidates, has a severe cold and will not be able to compete.

On Monday, the relay and distance men were given a chance to speed, but as the track was very slow nd results were given out.

THE ORATORIO "SAINT PAUL."

Mr. Louis B. Phillips of the musical department is pushing the chorus work on "St Paul" along with characteristic zeal, and a concert even more successful than "Stabat Mater" is promised. Mr. Phillips has announced that the concert will be given in the latter part of May. It is not yet too late for students with the proper qualifications to join the chorus, though faithful attendance at rehearsals from now on will will be absolutely necessary. The chorus is open to any student of the University. The Tuesday evening rehearsals are of especial importance because of the organ accompaniment which cannot be had at the Wednesday morning rehearsals. All students interested should watch the Daily Orange bulletin for notice of rehearsals. The regular times for meeting are 7:30 Tuesday evenings and 10 o'clock Wednesday mornings.

BEAUX ARTS SCHOLARSHIP COMPETITION.

The first trial problem for the $2,000 scholarship to be awarded by the Beaux Arts Society of New York City was held in Crouse College Saturday, April 16. Charles Park and Fred R. Lear were the contestants from the Syracuse district.

The problem consisted of a twelve hour sketch for a design of the central motive of an entrance to the Court of Honor of a Government Building. The court is formed on three sides by the three sides by the main building and its two wings. Upon the fourth side is to be a covered passageway in the center of which is to be the entrance design. The entrence motive to contain a central vaulted driveway, fifteen feet wide and a passage on either side for pedestrians. The design to ocntain a classic order. The drawings required were a plan, elevation and section at 1-8 scale. Rendered in Monochrome.

PHILOSOPHICAL ASSOCIATION BOOK DAY.

The first Book Day of the Philosophical Association was a decided success. After the guests had been received by a committee composed of Rev. Herbert Coddington, Prof. and Mrs. Wilson, Rev. and Mrs. Arthur Copeland and Miss Grace Hunt, there was an entertainment, consisting of recitations by Mr. Labordell and Mr. Woodley, a reading by Miss Burdic, and vocal selections by Miss Lilla Taylor of the Fine Arts faculty and Mr. S. S. Davis. Refreshments were served by several young ladies.

Eighty volumes were presented to the department library and some additional books have been promised. It is reported that this is the largest donation of books received at a first book day by any department in the University.

Among those who contributed books besides the majors and minors who purchased a series of volumes on Theism, were Rev. Arthur Copeland, Rev. Herbert Coddington, Rev. Theron Green, Rev. Herbert Clark, Rev. Adolph Guttman, Rev. J. B. Kenyon, Rev. W. S. Titus, I. H. Levy, E. B. Gearheart, A. M. Wardwell, Bennett Titus, Prof. Coddington, Mrs. Neeley, Prof. Wilson, Mr. Skinner and several volumes from the library of the late Rev. W. H. Anable.

SENIOR-JUNIOR DEBATE.

The Senior and Junior debate teams are being coached daily by Prof. Losey in preparation for their contest to-morrow night. The judges have not yet been selected.

The summer school of our university has now been in successful operation for several seasons. There is no better opportunity offered to many classes of students than this for high education. It gives the graduate the privilege of higher work and research. It allows the under-graduate to get up back or advanced work; and it also permits the non-college man a chance to join the collegiate ranks.

Syracuse is especially well situated for the greatest possible growth to a collegiate school of this character. Its many advantages are self evident. We believe that the students of the university and citizens of the city will vie in making it the greatest school of its kind in the country.

The formation of an inter-fraternity baseball league will, no doubt, be productive of a vast amount of enjoyment and beneficial exercise for the participants. The formation of such a league, so common among other colleges, leads enthusiasts in intersociety contests and tournaments to look forward to the formation of other leagues. In the western colleges inter-fraternity bowling leagues flourish and regular tables are kept of the different per cents the same as among the professional baseball leagues. In other leagues bowling and billiard leagues are in active existence.

Many difficulties are in the way of such a league here. One is the absence of suitable alleys or billiard rooms in the vicinity of the university. This is rather strange of a college of such proportions as ours.

This difficulty could be met, perhaps, by the building of an inter-organization clubhouse. For instance, there are about ten men's oraganizations on the hill. An association could be formed, a membership fee of, say, $300., be charged each organization. This would give a nucleus of $3,000, with which to build a plain but servicable building not far from the campus. The revenue from such a clubhouse equipped with bowling alleys, pool and billiard tables would more than pay for its maintenance, besides paying interest on its indebtedness. The usefulness of such a building can not be questioned.

MAIL NOTICE.

Students who have their home papers or other second-class matter come to the University should direct the publishers to send to their city address. Do not clog the boxes in the Liberal Arts College with such matter.

C. C. WILBOR, Registrar.

AT THE BASTABLE.

Julius Cahn will present Lew Ditrichstein's remarkable funny farce, "Are You a Mason?" the first half of the week. The plot hangs on deceptions which two men, one the father-in-law of the other, practice on their wives. Each pretends to be a member of the Masonic order, while each of the pretended Masons is in absolute ignorance of the other's fraud. The plot is complicated by the entrance upon the scene of a bona fide Mason. The cast with which Mr. Cahn will offer the play is said to be unusually good. "Are You a Mason?" has a record of one hundred nights in New York city at the Garrick Theater, and three hundred nights in London at the Shaftesbury. There will be a matinee Wednesday.

THE UNIVERSITY HAND BOOK.

Arrangements are being made for getting out next year's hand book. The committee in charge, representing the Christian Association, is. George J. Becker '06, chairman, C. B. Griffith '06, W. M. Wemett '07, Miss Laura Weller '05 and Miss Harriet Marsh '06.

Several new features will be introduced in the next issue of the hand book. It is planned to have some cuts, the college customs and other material of interest besides the material contained in this year's book.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

The summer school of our university has now been in successful operation for several seasons. There is no better opportunity offered to many classes of students than this for high education. It gives the graduate the privilege of higher work and research. It allows the under-graduate to get up back or advanced work; and it also permits the non-college man a chance to join the collegiate ranks.

Syracuse is especially well situated for the greatest possible growth to a collegiate school of this character. Its many advantages are self evident. We believe that the students of the university and citizens of the city will vie in making it the greatest school of its kind in the country.

The formation of an inter-fraternity baseball league will, no doubt, be productive of a vast amount of enjoyment and beneficial exercise for the participants. The formation of such a league, so common among other colleges, leads enthusiasts in intersociety contests and tournaments to look forward to the formation of other leagues. In the western colleges inter-fraternity bowling leagues flourish and regular tables are kept of the different per cents the same as among the professional baseball leagues. In other leagues bowling and billiard leagues are in active existence.

Many difficulties are in the way of such a league here. One is the absence of suitable alleys or billiard rooms in the vicinity of the university. This is rather strange of a college of such proportions as ours.

This difficulty could be met, perhaps, by the building of an inter-organization clubhouse. For instance, there are about ten men's oraganizations on the hill. An association could be formed, a membership fee of, say, $300., be charged each organization. This would give a nucleus of $3,000, with which to build a plain but servicable building not far from the campus. The revenue from such a clubhouse equipped with bowling alleys, pool and billiard tables would more than pay for its maintenance, besides paying interest on its indebtedness. The usefulness of such a building can not be questioned.

Julius Cahn will present Lew Ditrichstein's remarkable funny farce, "Are You a Mason?" the first half of the week. The plot hangs on deceptions which two men, one the father-in-law of the other, practice on their wives. Each pretends to be a member of the Masonic order, while each of the pretended Masons is in absolute ignorance of the other's fraud. The plot is complicated by the entrance upon the scene of a bona fide Mason. The cast with which Mr. Cahn will offer the play is said to be unusually good. "Are You a Mason?" has a record of one hundred nights in New York city at the Garrick Theater, and three hundred nights in London at the Shaftesbury. There will be a matinee Wednesday.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

LATIN X.

Dr. Bushnell desires to call attention to the course in Roman Literature (Latin X) announced for the first time in the catalogue of this year. This is pre-eminently a literary course and aims at a survey of whatever is worthiest in itself and most influential upon modern literatures from Ennius through to the Church Fathers. Parallel reading in English Literature will be assigned the class and at every recitation Illustrative readings from the Latin will be given by the instructor. Both those interested in literary study for its own sake and those looking forward to careers into which literary work may be expected to enter should find the course valuable.

SENIOR-JUNIOR DEBATE TO-NIGHT

An Exciting Contest Expected---Allegheny Team to Be Chosen.

The first annual Senior-Junior debate will be held in the Hall of Languages this evening. The two teams, which are very evenly matched, will debate the question: "Resolved, That trade unions are detrimental to the industrial welfare."

The seniors, who will be represented by Loomis Baldrey, Frank Sowers and A. S. Copeland, will uphold the affirmative. The junior team consists of Fred M. Hartwell, Robert Park and Joseph Mosher.

The contest will be especialiy interesting because of the fact that the team which is to debate Allegheny will bo chosen from the debaters to-night. That is, the best three men, considering the personnel of both teams regardless of which one wins the debate, will be chosen as an intercollegiate team. The debate with Allegheny will be upon the same question about May 16. Syracuse has chosen the affirmative side.

The men who will probably act as judges are: *Ex-Attorney-General* Theodore Hancock, Attorney D. R. Cobb of Syracuse and Prof. W. D. Lewis of the High School.

COMMUNICATION.

The Daily Orange will gladly print under this head all expressions of opinion of students, faculty and alumni on matters of interest, without pledging editorial support to the views advanced.

Editor of the Daily Orange:

There is something the matter with athletics in Syracuse University. College spirit is at very low ebb. Track affairs are in a deplorable condition and not altogether on account of the weather. And not until we talk about celebrating in honor of our baseball team do we learn that, under present rules, at least five of the men should not have played. Under our system here in Syracuse we profit by a sin and condemn the sinner. Who let these men play?

Perhaps the men on the Athletic Governing Board are not at fault. It may be that our system of running athletics is to blame. No one knows for if a student raises his voice the Board, with an ominous shrug, says, "If you knew all you would agree with us." "Very well," says the student, "tell us." And the autocratic answer comes back, "You are a knocker. Why should we reveal the workings of this Board to you! You are nothing but a member of the student body." That is a mild form of answers that have been given.

Why should the student body know! They alone furnished $12,000 of the $18,000 for athletics last year. They alone have to furnish all the hard working and self-sacrificing players. Student spirit is necessary and, no matter what the amount, where does this come from? Why should the student body know!

"Why don't your four representatives tell you?" we are asked. Because they are made to believe it is dangerous to reveal anything to their fellows.

"Why should you "knock" against the findings of a Board on which you are represented?" How are we represented! We furnish two-thirds of the money and all of the men for athletics and have four men on a board of twelve. Gate receipts, etc., bring in at least one-fourth of the $18,000 and the interests that see about the remaining fraction have twelve representatives on that board. Not only can our men be always overruled but one of them has told me they are made to feel like freshmen in a senior meeting. Representation!

Besides this. if a matter is referred to the student body in mass meeting, according to a preconcerted arrangement, it is moved, seconded and railroaded through, not five per cent. of the students having had a chance to understand anything about it.

I repeat that if the men on the Board are all right, it might be that our system of running athletics is responsible for the condition of affairs this spring. The Board has done some things exceedingly well. It may be that if our system were reformed we would lose some trifles. But what would we gain? When the students are given a perfect understanding of things; when the students have a fair representation and fair in every sense of the word; when the students are put on their own responsibility and on their honor, you will see a magnificent student spirit, you will see better relations with other colleges. But here is the essential point—you will see dishonesty held in dishonor and athletics clean and enjoyable. What wouldn't we exchange for a gain like that?

WESLEY HOOK.

NOTICES.

AN INNOVATION.

Summer Medical School to be Conducted in Connection with Present Summer School ---The Plans.

Announcement was made yesterday of an innovation to be made this year in connection with the regular summer school. This is the addition to the school of courses in the Medical college. Summer courses of instruction in the latter college will be offered for graduates and undergraduates. Special systematic courses intended primarily for graduates in medicine, and planned especially to meet their requirements, have been arranged for May, June and July

These courses are also open to undergraduate students of schools recognized by the medical faculty, and such others as are in a position to profit by opportunities offered.

The courses include histology, physiology, pathology, pathological technique, bacteriology and clinical microscopy. They are largely of a practical nature. Evidence must be received from applicants that they are in a position to receive benefit from courses they desire to take.

These courses will offer splendid opportunities to practitioners to get up to *date in laboratory work and methods.*

The laboratories and library of the Medical college will be free for use by the students. The courses will be given by a regular staff of instructors.

The student must first register at the office of the secretary. There are no laboratory fees charged and individual instruction will be given. The course in Histology begins May 16, and all other courses begin June 1. The courses will be completed by July 18.

Applications must be in one week before the course opens. Among the instructors will be Doctors Reese, Knowlton and Steensland.

NEWS OF ALL THE COLLEGES.

CORNELL.

There is much dissatisfaction being expressed among Cornell nndergraduates over the recent action of the Cornell Athletic Council in reducing the nuuber of Cs to be awarded in the future to track athletes.

Hitherto Cs have been awarded for first and second places in the dual meets with Princeton and Pennsylvania and for points scored in the intercollegiate meets. The recent action reduces the number awarded in the dual meets to first places only.

The reasons given by the authorities for this action is that for a number of years past there has been more Cs awarded in track than in any other branch of sport. Many undergraduates however do not see in this reason a valid excuse for the change. The Cornell Daily Sun editorially comes out strongly against the cut-down.

"In the first place it should be remembered," says the Sun, "that track is the only branch of athletics in which the awarding of the shingle is made contingent on victory. Baseball, football and crew candidates all secure Cs upon making the team, win or lose. A track man, even under the old system, is forced to contribute from three to five points toward victory for the team before he receives the coveted honor. In recent years track is the only branch of athletics that has maintained a consistent superiority over Princeton and Pennsylvania."

Trainer Moakley will not express himself either for or against the reduction in the number of honors to be distributed among his men, but it is feared that the effect will be deteriorating in general upon track athletics. The sentiment is so strong against the change that the athletic council may retract its action.

CHICAGO.

The fraternities of the university united and gave a great ball in the new gymnasium last Friday evening.

The following are among the rules for the ladies published in the Daily Maroon:

1. No lady will be permitted to entertain the same gentleman more than one night a week. If a girl can't have at least seven (7) beaux, she may as well be at Northwestern. "What are we here for" anyway?

2. No lady will play cards with another lady in the hall. Holding hands *in any form whatever is hereafter* and henceforward absolutely forbidden.

3. No lady will be allowed to study before or after ten o'clock at night. This is the only way we can prevent the members of the faculty from being stamped.

4. A fine of 30 cents for each offence will be levied on any lady who allows her chafing dish lamp to explode and burn down the hall during fudge hour.

BROWN.

E. N. Robinson, '97, has been engaged as football coach for next year.

Nine Brown men tried the Rhodes Scholarship examinations.

The Sock and Buskin recently gave a very successful production of Sheridan's comedy, "The Rivals."

CALIFORNIA.

A prize of $100 will be awarded to the team winning the Stanford-California debate.

The sophomore class has adopted the "cane spree" as a permanent custom.

Arrangements have been completed for a trip to the St. Louis exposition by the Glee club.

The three largest Pacific Coast universities of Stanford, California and Washington will meet in a big athletic carnival the latter part of this month.

The executive committee of the freshman class is to be approved for the good common sense displayed in their plans for Moving-Up Day. The arrangements at present differ materially from the plans carried out a year ago. At the same time some new features will be introduced, which in a dignified way will add much to perpetuate the day as an honored custom for the University.

The debate between the senior and junior teams will be held this evening in Liberal Arts chapel. The contest promises to be one of the keenest and most interesting of the college year. The subject is one which every student should understand thoroughly.

It has been shown by previous examples that class debates are not supported as they merit. This spring, however, has seen an unusual interest developed in forensic work. We hope that such interest will be exhibited this evening in such a way as to crowd the chapel. The debaters are certainly worthy of such support, and all will benefit who honor the occasion.

CHORUS, ATTENTION!

A very important rehearsal of "St. Paul" will be held this evening in Fine Arts, beginning at 7 o'clock sharp. It is desired that every member of the chorus be on hand.

SENIORS SEEK POSITIONS.

M. B. Wiley, a representative of Hapgoods, who is visiting all the leading colleges and universities in the East to secure seniors for high grade business and technical positions, was at The Yates Friday and Saturday. He says that Hapgoods has had excellent success in placing Syracuse graduates and that he considers the senior class here one of the best he has met thus far on his trip. A number of Syracuse men filed applications with Mr. Wiley.

It is expected that the position most sought after is the vacancy in the editorial rooms of the New York Journal caused by the absence of Editor Hearst during the presidential campaign. Several Syracuse wielders of the fiery pen, including the college reporters of the Herald and Post-Standard and several aspirants to the staffs of the Daily Orange and of The Weekly, are registered with Hapgoods for this position.

Final plans for the contest for this position are not yet matured; but it is expected that each contestant will send clippings from the Herald, the Post-Standard, the Weekly and the Orange containing evidences of his fitness.

BUFFALO ALUMNI DINNER.

The monthly dinner of the Alumni association of Buffalo was held in the Y. M. C. A. dining rooms Tuesday evening at 6:15 o'clock. Among those present were Harry Williams, Richard Templeton, E. F. Olmsted, C. E. Branch, D. Phelps, W. H. Kirkwood, M. E. Adams and Rev. R. B. Adams.

A committee was appointed to call upon President C. M. Underwood and induce him if possible to accept the position of toastmaster at the annual dinner of the alumni at the University next commencement.

Matters pertaining to the crew and song book were discussed and the subscription for the University Navy was increased.

The association accepted an invitation to dine the last week in June as the guests of E. F. Olmstead at the Natural Food Conservatory at Niagara Falls.

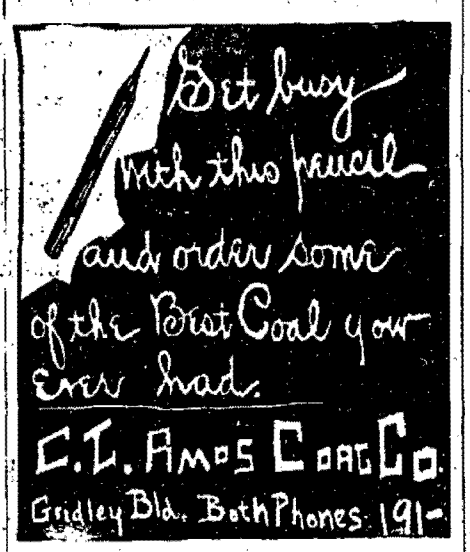
THE BASTABLE THEATER.

Wilson Barrett's greatest play, "The Sign of the Cross," will be presented on a scale of rich magnificence at the Bastable April 21-23.

All the original scenery and effects of William Greet's London production, recently repainted by that noted artist, Matt Morgan, will be seen here.

Messrs. Fred G. Berger and R. G. Craerin, who have purchased "The Sign of the Cross" for the United States and Canada, have spared no expense to keep their presentation of this great drama up to the high standard set by Mr. Greet in his years of success with this play in this country, and to this end the new managers have retained in their original roles many of the most distinguished members of Mr. Greet's company. The cast numbers forty players. Entirely new costumes of costly material, rich coloring and made from the original designs will be admired in the grand stage pictures in this play.

THE PRINCESS ENTERTAINS.



The young ladies of the Princess entertained a score of young gentlemen Tuesday evening with an enjoyable dance. The programs were made out by the young ladies and presented to the young gentlemen. Refreshments were served by several of the freshmen young ladies. The occasion was very successful in every way, as are all functions given by the Princess.

JUNIORS WIN CLASS DEBATE

Mosher, Park and Hartwell Chosen as the Allegheny Team.

The Senior-Junior debate last evening was one of the most interesting class debates ever held here. Although the junior team made a clean sweep, yet the debate was very evenly balanced, spirited and hotly contested throughout. The judges, who were Hon. Theo. E. Hancock, D. Raymond Cobb and George H. Bond, rendered a unanimous decision in favor of the junior team who supported the negative side of the question, Resolved, That labor unions are injurious to industrial welfare. After giving this decison, the judges conferred and selected Messrs. Mosher Park and Hartwell as the Allegheny team.

The debate was called about 8:30, with Professor Frederick D. Losey presiding. Each speaker was allowed twelve minutes for direct argument and five minutes for rebuttal.

Mr. A. Stanley Copelond '04 opened the debate. He defined industrial welfare and explained labor unions and their organization. He maintained that unions must be considered as they exist today, and that industrial welfare depends upon the development of the factors of production. He outlined the affirmative's case, that labor unions do not afford an opportunity and incentive to work, nor the right to work when, where, and for whom a person chooses. He dwelt especially upon the first of these points.

Mr. Fred W. Hartwell was the first speaker for the negative. He maintained that the task was to show whether good or evil predominates in labor unions, and that the affirmative must prove that the industrial welfare of the country would be greater without labor unions than with them. He showed that industrial welfare differs from industrial prosperity and maintained that industrial welfare rests on equity, stability and efficiency of labor. He then showed that labor unions increase wages and secure shorter hours of employment.

After a few brief remarks on rebuttal, Mr. Frank Sowers showed that labor unions destroy the right to sell one's labor in the open market by means of the strike. He also showed tkat labor unions destroy the incentive to do the best one can by means of the limitation of output.

Mr. Robert Park maintained that labor unions institute reforms in industry, and are the cause of improved conditions. He showed that labor unions are instrumental in obtaining laws for better sanitary conditions, and against child labor. He also mentioned the abolition of the sweat shop system brought about through labor unions. Unions have also restricted immigration. Labor unions, instead of directing strikes, endeavor to settle them by peaceful means.

Mr. A. Loomis Baldrey showed how unions oppose capital and restrict machinery, labor and output. He also maintained that unions violate contracts and destroy confidence. Unions, he said, deny employers the right to use his ability and capital to the best advantage, and often take away private property.

Mr. Joseph R. Mosher closed the direct argument. He maintained that the strike, boycott and limitation of output tend to increase the industrial welfare, rather than injure it. He said the labor unions are a result of the American industrial revolution of the nineteenth century, and that they have secured a sound basis for industrial welfare by securing equity, efficiency and stability in labor.

The rebuttals were all sharp and spirited. Each speaker was very clear and easy, and their remarks were forcible and convincing.

LAW COLLEGE MASS MEETING.

A large and enthusiastic meeting of the three law classes was held in the east class room yesterday morning, presided over by R. E. Wilcox, president of the senior class. The first question brought before the meeting was whether the first year students should be called freshmen or sophomores. The students, while recognizing the authority of the faculty to define the division of classes at to college work, considered themselves as having authority to divide the classes in respect to other matters. On motion it was decided to call first year men freshmen; second year men, during the first semester, sophomores, and juniors during the second semester of the second year.

Another matter brought before the meeting was the adoption of the resolutions in regard to the regulation of class finances. This matter had been brought before the college at a previous meeting, but because of the somewhat irregularity of the proceedings it was deemed advisable to reconsider the question. The resolutions were rejected by an almost unanimous vote. The discussion grew exceedingly warm.

The principal objection to the resolutions seemed to be the fact that the law classes never had notice or representation at any of the meetings at which plans for class functions were discussed, not that they wished to be separate from the other colleges of the University.

A committee was appointed to draft resolutions defining the status of the Law college in regard to the matter and to confer with the Medical college which also rejected the resolution.

President Wilcox announced the committee as follows: Senior class, Royal D. Woolsey and Charles L. Crane; junior class, David O. Decker and Louis G. Fitzgerald; freshman class, George North and Jesse M. Seymour.

Frof. F. A. Saunders was unable to meet his classes yesterday because of illness.

RELAY TEAM OFF FOR PHILADELPHIA

Leave Over the Central at Noon--Team Faster than Last Year.

The relay team, together with Coach Scott, Manager Edwards, Assistant Manager Distin, Dr. Smallwood, Wm. C. Lowe and Cornelius Van Duyn, will leave for Philadelphia over the New York Central at 12 o'clock today. Tomorrow they will compete in the relay games at that placc.

The relay team will run in the following order: Twombly, Sechner, Cole Ralph. It is certain that the team is much faster than the one sent down last year, but whether they will show up better or not is a matter of speculation, as they have had but one time trial. That was on Monday, when the mile was run in 3:40. The coach is confident that they can make the distance in less than 3:30 with proper training.

Lowe will enter the high jump and dashes and is good for several points. Van Duyn will enter the weights.

Gardner has been unable to get himself into condition on account of the inclement weather and so will not compete tomorrow but will save himself for the Cornell meet, May 7.

Coach Whittemore will take charge of the training while the team is away.

MABIE SPEAKS TO STUDENTS.

Hamilton W. Mabie, editor of the Outlook, addressed the class in Shakspere yesterday morning. Mr. Mabie is known as one of the leading Shaksperian scholars in the country and he spoke to the class upon the Bacon controversy in connection with Shakspere. He called it the "Owl-Skylark" controversy, taking the last term from the book entitled "Master Skylark."

He showed how the spirit of the times was Shakspere's education and how it was impossible to live in London at the time that Shakspere did without imbibing a general knowledge. He claimed that no great thing was accomplished by accident and that Shakspere's whole life was a preparation for his great work. Mr. Mabie is essentially an ardent lover of the great dramatist.

Mr. Mabie addressed the entire student body in chapel right after the Shakspere class. There he chose for his subject the necessity of education. He used as an example the Franco-Prussian war and showed Germany's preparation for that war. The preparation for business in Germany is carried out in the universities. The world of today belongs to the trained man and no one else need hope for it. "No one is ever discharged by an employer, but he discharges himself by his own incompetence," he said. "Every man who is trained has his chance, but the chance will not come without the preparation."

PROHIBITION CLUB.

The Prohibition club met Wednesday evening and elected the following officers: President, W. L. Chandler; vice-president, O. A. Pratt; secretary, R. G. Perkins; treasurer, Lyman Hale. Messrs. O. A. Pratt, M. W. Benjamin and A. E. Moody were elected delegates to the State convention, which will be held at Hamilton College on April 29 and 30. The State oratorical contest will also be held at this time. Mr. W. L. Chandler will represent Syracuse. The other colleges which will compete are Cornell, Colgate, Hamilton and Keuka. Two prizes are offered of $25 and $15. The winner of this contest will compete in a sectional national contest, and the winners of these various sectional contests will compete in a national contest to be held at St. Louis this summer.

SENIOR CLASS MEETING.

At a meeting of the senior class of Liberal Arts College yesterday morning called by Vice-President Harry T. Baker to elect a representative to the advisory or grievanee committee of the University, George O. Moore was chosen the representative. A motion was also carried that the cap and gown committee report to tho Liberal Arts seniors the occasions on which the caps and gowns should be worn.

CHANCELLOR TO SPEAK TODAY.

The Chancellor will speak in chapel this morning. This will be his last attendance at chapel before leaving for the General Conference of the Methodist Episcopal Church in Los Angeles.

CHURCH HISTORY.

Professor Flick will not meet his class in Church History this morning He delivered a lecture before the Brockport Normal School last evening

The attention of the students and the public is called to the Denison prize contest for sophomores, which will be held in Crouse College next Monday evening. The program is very pleasing and well worth the attendance of those who are not interested especially in oratory. But to such as oratory or declamation pleases the occasion will be a treat.

The interest in this annual contest has been shown so decidedly that the chapel of Liberal Arts is considered inadequate, so the program will be rendered in Crouse assembly hall. It will be a surprise to those who have not attended such a function heretofore, to see the excellent work done by second year students. All are welcome.

The Daily Orange has been severely criticised by several students for the publication of the communication concerning athletics yesterday. As stated above the communication, it was published without any editorial sentiment. The same columns will gladly be given to any one wishing to deny the allegations made by Mr. Hook.

What is the duty of a college newspaper regarding the publishing of signed communications? Some critics of the Orange are evidently of the opinion that a rigorous censorship should be established over such articles, and that none should be published which are not in agreement with the editorial views of the newspaper.

It is the view of the Orange, however, that all signed communications regarding college affairs should be published.

To refuse to publish Mr. Hook's article or any other sane expression of opinion on this subject or upon any other subject of college interest would be dishonorable to a paper claiming to represent the student body of Syracuse.

The university, like a student, always desires to show its best side to a visitor. But if a certain department or a college does not, through its professors or students, assist in the good work the visitor leaves with a poor opinion of such department or college.

There is one department that is not setting exactly the standard of excellence in several respects. This is the library department. Speaking of this department, we are not referring in particular to the fact that the great Von Ranke library, for years the pride of Syracuse, is still uncatalogued (!); nor do we emphasize especially such a small matter as that the library is several years behind in cataloguing the books now in its possession.

We wish to mention only physical appearances which are the first to catch the visitor's eye, and which are also the most readily remedied. A visitor on leaving the library recently, as he noticed a certain corner, said to a student, "Is that the dry goods department of the library?" On closer examination the student was chagrined to notice the wretched condition of the place mentioned. Wrapping paper, book covers, paper boxes and other things were covering shelves which were made for books, and the whole gave an appearance peculiar to a small section of a dry goods store after a bargain day rush. Someone may call this library economy.

We only call attention to a few of these facts knowing that the same will soon be remedied, and the library will maintain in these matters, as it does in all others, its praiseworthy high standard.

THE BASTABLE THEATER.

Wilson Barrett's greatest play, "The Sign of the Cross," will be presented on a scale of rich magnificence at the Bastable April 21-23.

All the original scenery and effects of William Greet's London production, recently repainted by that noted artist, Matt Morgan, will be seen here.

Messrs. Fred G. Berger and R. G. Craerin, who have purchased "The Sign of the Cross" for the United States and Canada, have spared no expense to keep their presentation of this great drama up to the high standard set by Mr. Greet in his years of success with this play in this country, and to this end the new managers have retained in their original roles many of the most distinguished members of Mr. Greet's company. The cast numbers forty players. Entirely new costumes of costly material, rich coloring and made from the original designs will be admired in the grand stage pictures in this play.

THE NATURAL FOOD CO.,

Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

JAMES A. TEN EYCK.

THE CHANCELLOR IN CHAPEL

Gives a Fine Extemporaneous Speech---Chapel Crowded to the Doors.

According to announcement made a day previous Chancellor Day addressed the student body in Liberal Arts chapel yesterday morning. It was given as his last speech to the students before he left as a delegate to the general conference of the Methodist church to be held at Los Angeles, California. In opening the Chancellor said he did not have a formal address prepared, and his remarks must necessarily be extemporaneous.

He expressed his approval and appreciation of the Moving-Up Day program as outlined by the freshman committee in the Daily Orange recently. He said "I like the idea of the freshman cap burial for it is symbolic. I hope we shall never lose class distinction here, for there is nothing better for a young man than to be a freshman." He remarked that this applied to a man entering the battle of life just as it does to one entering college A desire was also expressed by him that our seniors should be "more seniors" than they are, and also that class gradation should be more strongly marked at Syracuse than it is now.

Speaking of athletics, the Chancellor said that it is doubtful when our teams really will begin training, for the weather will hardly improve until Mr. MacAshley (the weather forecaster) has left for his new position in Honolulu, Hawaii. In a more serious vein of thought he made some telling remarks on our athletic system, and the recent criticism of the same He said: "If our athletics are criticised I would not regret the fact, but I would be sorry if there is a cause for such criticism. If athletics at Syracuse are not thoroughly clean we should have the fact shouted aloud. The highest type of honor is to have a thoroughly honest student body. We are not out for victories alone. Everything that secures a high moral element in the student body should be cultivated. It is expected that the University men of today will realize a higher type of young manhood than any other class of young men. Do not object to just criticism. We are not usually unjustly criticised. When criticised we should seek to better ourselves."

The Chancellor then gave a glowing description of the old pioneer days in California as he had taken part in them. His mastery of speech, graphic description and consummate oratory were such as to hold the audience in eager attention until the close.

He finished with a fine word picture of the great Methodist conference soon to be held in California, to which he is a delegate.

His last remark was: "I wish to say that the assumptions made by some men concerning my elevation to a high office (Methodist Bishop) are not warranted by me, Also the assumption that I would rather be anywhere else than your Chancellor is a great mistake."

PROF. AYERS.

MAIN FEATURE ANNOUNCED

Special Feature of 1905 Onondagan to Be Plans for the Future of Syracuse.

The special feature of the 1905 Onondagan, so long kept secret, has just been disclosed by the editor-in-chief. Although the management and editor worked long and earnestly on the plan they had in mind, success was for a long time very doubtful, and they cared to make no statement whatever about it until this was assured. Now, with the appearance of the Onondagan a matter not of months and weeks but of days, the scheme has been carried through with more success than its projectors at first dared to hope.

The printing of the book is now practically finished. Three days' further delay this week was caused by the addition of still another form to the already bulky book, but at this writing the printing of the last, the twenty-fifth, form is finished or under way. The book should be ready for sale May 1, or very soon after.

A COMPETITIVE CONTEST FOR A PLAN FOR THE BUILDINGS AND GROUNDS OF SYRACUSE UNIVERSITY.

For over a year the management of the Onondagan had in mind the idea of making the future of Syracuse a central feature of the book. And the phase which this idea very early took was that of arousing interest in an architectural scheme for the future buildings of the University. It was determined to hold some kind of a competitive contest for designs-- naturally nothing either elaborate or definitive---for, situated as it is, the Onondagan could hope for neither. But what it could do is "to start the ball rolling," to inspire enthusiasm for a "definite future," to begin agitation, general and active, for what is already a patent necessity---the adoption of some scheme for future erections at Syracuse University. The plan or plans herein reproduced are the results of careful and loyal thought and labor, but they pretend to no especial merit. If they shall have aroused some interest in the idea they represent, they will have fulfilled their purpose. If they shall be found to possess any greater merit than this---well and good.

[Continued Monday]

CHANCELLOR'S TRIP.

Chancellor Day will leave for Chicago this evening. He will stay in that city over Sunday. The following day he will leave for San Francisco, where he will address the great Missionary convention. During the month of May he will attend as a delegate the world conference of the Methodist Church. The opinion is general that the Chancellor will be elected as a Bishop of the Methodist Church at this conference.

AQUATIC.

The freshman crew had its first two mile sprint down the lake Thursday afternoon, when it engaged in an exciting race with the 'Varsity. Both crews did their best to win, but the freshmen entered the outlet about three-quarters of a length ahead of the 'Varsity.

Miller steered the freshman boat and Coach Ten Eyck coxswained the 'Varsity. Coach Ten Eyck is well pleased with the 1907 men. They pull a good strong stroke and have the endurance essential to a good crew. The principal thing which the coach is trying to remedy in the freshman boat now is the form in which the men are rowing. This can be greatly remedied when the coach has an opportunity to see the men row from the coaching launch, which was out yesterday afternoon for the first time.

HOBART GAME CANCELLED.

The baseball management has cancelled the game with Hobart which was to be played today. The Ovol is in very poor condition as a result of the recent heavy snowstorm.

PSI U'S WIN.

In an exciting game yesterday the Psi U's won from law freshmen by a score of 17 to 5.

FRESHMEN!

The new caps are now ready and may be procured at Adams', South Salina Street. The caps are not to be worn, however, until Moving-Up Day.

Some interesting and valuable "squeezes" or impressions of inscriptions have been received by the Greek department from the National Museum at Athens. These impressions enable the student to study the form of letter used in inscription and the inscriptions themselves as advantageously as the originals. The impressions are from inscriptions largely historical and cover the whole range of Athenian legal inscriptoins.

The students are inclined to forget, or perhaps rather not to fully realize, the advantages which the various seminar libraries offer. These libraries are maintained by the departments, receiving no support from the University. The books which these libraries now possess have all been acquired through the personal efforts of the prefessors and students. Then the libraries are always open to the student body. The students have free use of the room and free use of the books. These seminar rooms offer exceptional advantages and conveniences which it is needless to discuss at this time. In view of these facts it is expected that whenever the students are called upon to aid in building up these seminar libraries, they will respond generously and cheerfully.

That the student body considers it a privilege to hear Chancellor Day was well manifested yesterday morning in chapel. And that the students enjoy hearing him was shown by the way in which his remarks were received. We who are accustomed to have Chancellor Day in our midst are liable not to realize how great a man we have at the head of our University. But when we know how he is considered by the great educators of the country, we realize that he is one of the truly great men of our country. It is these qualities which make him great that cause us to listen in admiration to his occasional remarks.

The Senior-Junior debate held Thursday evening proved one of unusual interest, inasmuch as the Allegheny team was chosen from the six contestants. It was no easy matter for the judge to choose three men from the six, as all did most credible work. But now that the time has been definitely decided upon, everyone should give them their support in preparation for the coming debate with Allegheny. The team which has worked together for the past month, now casts aside the class garb, and assumes the more worthy robes of the university. They now represent the college and not a class, and as such should receive the hearty support and co-operation of every member of the student body.

DRAMATIC CLUB TO BE FORMED.

The men of the King Lear cast are to hold a meeting in the office of J. R. Rubin in the Grand Opera House Block at two o'clock this afternoon for the purpose of forming a dramatic club in Syracuse University. The club will give several plays next year.

The charter members will include: J. R. Rubin, A. J. Sheldon, E. G. Rice, S. H. Rice, W. Y. Boyd, W. J. Boyd, J. R. Allen, A. F. Rider, C. H. Searl, Wm. Farrell and others.

THE BASTABLE THEATER.

Wilson Barrett's greatest play, "The Sign of the Cross," will be presented on a scale of rich magnificence at the Bastable April 21-23.

All the original scenery and effects of William Greet's London production, recently repainted by that noted artist, Matt Morgan, will be seen here.

Messrs. Fred G. Berger and R. G. Craerin, who have purchased "The Sign of the Cross" for the United States and Canada, have spared no expense to keep their presentation of this great drama up to the high standard set by Mr. Greet in his years of success with this play in this country, and to this end the new managers have retained in their original roles many of the most distinguished members of Mr. Greet's company. The cast numbers forty players. Entirely new costumes of costly material, rich coloring and made from the original designs will be admired in the grand stage pictures in this play.

SYRACUSE ATHLETES SHOW UP WELL

Lowe, Van Duyn and the Relay Team Do Excellent Work.

The Syracuse athletes entered in the carnival of field and track sports held Saturday on Franklin Field in Philadelphia all did excellent work.

First place in the mile relay, a tie for first in the high jump and a third place in the hammer throw. Such is the record which gave us the opportunity of hearing the chimes ring out on Saturday night.

The University of Michigan carried off the first honors of the meet, being represented by men exhibiting championship form in the shot-put, the four mile relay, the dashes and 120-yard hurdle.

The work of Lowe and Van Duyn showed up well along with that of the other great athletes from east and west. In the high jump Lowe cleared the bar at five feet eleven, being tied by Jones of New York. In a subsequent trial to decide the question of prizes, Jones won out, securing the gold watch, while Lowe received the second prize, a loving cup. This unofficial contest for the prizes gave rise to the report that Lowe had secured second place only.

Van Duyn, in the hammer throw, broke his best previous record by a foot, hurling the weight 152 feet 6 inches, leading Dewitt and Shevlin until the final throws. Dewitt won out in his second throw in the finals at 158 feet. Van Duyn showed great improvement in form over any former appearance.

The mile relay race was an easy victory, the only competitor being North Carolina. Not being hard pressed the time made, 3:36, was not as good as has been made by former Syracuse relay teams in the previous Philadelphia meets. Twombly, Sechner and Cole each secured a constantly increasing lead over the Southerners and Ralph easily finished 100 yards in the lead.

The athletes, together with the coach and manager, reached Syracuse at an early hour yesterday morning, being met at the train by a considerable number of students.

When Coach Scott was interviewed regarding the meet, he said, "I am well satisfied with the work of the men yesterday. Van Duyn and Lowe both exhibited excellent form. The relay team made better time than we had expected. Especially valuable is the experience gained by our athletes in getting a line on the work which other universities are doing in athletics."

CORNELL DEFEATS STARS.

In a game full of errors on the part of the Syracuse State Leaguers, Cornell secured a victory Saturday at Ithaca by a score of 5 to 4.

AN OPEN LETTER.

Editor Syracuse Daily Orange:

In Thursday's issue of the Daily Orange I am pained to read an undergraduate "communication" on the alleged subject of the lack of athletic purity at Syracuse University, but which. to purpose and intent, is an attack upon members of the Athletic Governing Board.

To those familiar with the existing facts it is apparent that while the writer, perhaps, may have been in good faith in his statements, the article was conceived in ignorance and produced either for the purpose of creating sentiment against one or more members of the Athletic Governing Board who happen to enjoy the writer's displeasure, or else was designed to slur the name and standing of Syracuse University and some of her athletes.

The writer either has not investigated the former chaotic and woeful condition of Syracuse athletics when completely under student control, as compared with the present modern and far more successful method of management, or else uses his telescope at too great a distance to properly realize the splendid results attained at the cost of great personal sacrifice by the members of the Athletic Governing Board whose intelligent and well directed efforts towards management of Syracuse athletics have proven the most satisfactory and successful, to alumni, at least, and I believe, to all who have the real interests of the University at heart, of any previous arrangement in the history of the institution.

Compared with other great eastern universities, the Syracuse undergraduates, with four representatives on a board of sixteen, and with undergraduate managers, have exceedingly liberal representation. The present tendency in other institutions is to place athletic governing control more with alumni and faculty. Experience has proven the wisdom of this policy.

The members of the Syracuse University Athletic Governing Board need no defense. As an alumnus I simply wish to enter emphatic protest against giving publicity to sweeping statements which do not coincide with facts, comprising uncalled for attacks upon a body of men individually and collectively actuated in every move by the highest standard of honor and integrity, and working with the single purpose in view of furthering the best interests of Syracuse University.

J. CLAUDE LATHAM, '99.

FACULTY RESOLUTIONS.

The faculty held one of its regular meetings last Friday afternoon. At this meeting formal resolutions were presented, expressing the desire of the faculty to have Chancellor Day remain at the head of our university.

The resolutions declared the magnificent work performed by the Chancellor since he had taken office, the high ideals he had established, and the sincere wish of the faculty for his retention in this office.

THE DENISON PRIZE CONTEST

Arrangements Completed--Best Declamation Contest of the Year Promised.

The arrangements for the Denison prize contest for sophomores have been perfected. The contest will be held in the assembly hall of John Crouse college this evening. The contestants have been drilled long and thoroughly, and each is confident of attaining the honors. The occasion promises to be one of the best ever held in the interests of oratory.

Principal W. K. Wickes of the city High School will preside. Mrs. Lamont Stilwell, Rabbi Adolph Gnttman and George W. Driscoll will be the judges.

The music, which is very attractive, will be rendered by the University male quartet.

The program follows:

The Denison oratorical contest will be held in Crouse College this evening. The program is most satisfactory, and promises thorough enjoyment to all who attend.

The students who attend will not only enjoy a privilege, but will honor the donor of the prizes. The latter fact is often forgotten on such occasions. Just in proportion as the student body support such contests will other public benefactors come forward to present other prizes.

True to our policy of publishing all expressions of the honest convictions of those who have the best interests of Syracuse at heart, we present in another column a letter from a well-known Syracuse alumnus regarding the communication which appeared in Thursday's Orange.

We believe that a spirit of criticism openly expressed is the best way to secure the healthy advancement of all college institutions.

If a man has an honest opinion to express regarding college affairs; if he has an honest criticism to make, that opinion, that criticism should be expressed openly and should not be the subject of subdued murmurings of discontent. If the opinion is wrong, if the criticism is based on falsehood, the fallacy will be pointed out in a few days at the longest.

If, on the other hand, there is a grain of truth in the criticism, the ultimate result of its expression cannot but be good.

The Orange and any other progressive college institution desires to hear every honest criticism of its policies. It is apt to be displeasing to see criticisms which we deem to be for the most part unjust flaunted before the eye of the public. Such criticisms may for the time being cut to the quick. They may even cause us to think that the man who knocks is our worst enemy.

Our alumnus friend has criticised a policy which means much to the editors of the Orange, the policy of affording open columns for all sane opinions regarding college affairs the authors of which are willing to defend their assertions and opinions.

Perhaps we are wrong in adopting this policy of the greatest daily newspapers in the country. Perhaps we should follow the example of the country weeklies and allow nothing to appear which is apt to displease anybody.

Perhaps we are wrong!

Perhaps we are right!

Whether we are right or wrong we are glad to receive the well-intentioned "knock" of a man who has exerted a strong influence in helping to make Syracuse what she is to-day.

THE NATURAL FOOD CO.,

Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

JAMES A. TEN EYCK.

SUCCESSFUL CONTEST

Denison Prizes for Sophomores Awarded Last Evening.

Before an audience of nearly a thousand people representatives of the sophomore class contested for the Denison Prizes in one of the most successful underclass contests ever held. The audience listened attentively to every selection, all of which were well rendered. The music was furnished by the University Quartette, consisting of Messrs. Hoey, Snow, Fahnestock and Titus.

The prizes were four in number, two first prizes of ten dollars each and two second prizes of five dollars each. The first prise for men was won by Bvan M. Jones of Wilkesbarre, Pa. The second was awarked to Lewis E. Collings of Oneida. The first prize for ladies was won by Miss Mabel Hendrix of Maple Grove, the second by Miss Frances H. Thayer of Springfield Vt.

Mr. Jones' selection was Curtiss' famous elegy of Wendell Phillips. His presentation of this was very earnest and pleasing. He was exceedingly simple, scarcely raising his voice above normal, but giving the selection in a simple, direct way.

Mr. Collings spoke A. Conan Doyle's "The Highland Brigade at Magersfontein" in a very realistic way. He spoke too low to be heard in all parts of the house at first but soon remedied the evil.

Miss Hendrix rendered "Guinevere," from Tennyson's "Idylls of the King." She worked much feeling into her lines.

Miss Thayer was charming in Meredith's "Aux Italiens." Her voice did not carry well to all parts of the house but her rendition was splendid.

After the contest a reception was given to the chairman and judges and to Mr. and Mrs. Howard P. Denison by the contestants. The judges were: Mrs. Lamont Stilwell, Rabbi Adolph Guttmann und Mr. George W. Driscoll. Professor Wickes of the High School presided.

DEBATE TEAM RREPARING.

The debate team chosen to represent Syracuse at Allegheny has already begun serious work on the affirmative side of the question: Resolved, That Labor Unions are injurious to industrial welfare.

Yesterday afternoon Professor Losey held his first conference with the members of the team, and the work of outlining the issues was begun.

It is probable that the speakers will appear in the same order as they did in the debate against the scniors last Thursday.

Mr. Henry G. Hollon, Skaneateles
(Pupil of Prof: Frye)

SONG BOOK COMMITTEE MEETS.

Tne committee having in charge the arrangements preliminary to the publishing of a new Syracuse song book met in Dean Smalley's office yesterday afternoon. The chairman, Dean Smalley. reported the correspondence received from Rev. Robert B. Adams of the Buffalo Alumni and Professor Charles Atwell of the Chicago association relative to the movement for the publishing of a representative song book.

It was reported that as yet the number of new songs received by the Buffalo Alumni Association in answer to their liberal prize offer is insufficient. There is still some time remaining before the judges will decide the contest.

All who intend to submit verses for this contest are requested to communicate with some member of the song committee, comprising Dean Smalley, Professor Losey, Professor Revels, J. R. Rubin and A. S. Copeland.

ANOTHER SPECIAL.

The young men from college who bought suits at the Manufacturers' Store yesterday will no doubt post their classmates today. They're going fast and why shouldn't they at the prices they're marked at? Just think of getting Stylish Spring Suits cut and made in the new spring fashion at $7.65, $9.25, $9.85, $10.65 and $11.95 whichare worth almost double. The prices are made possible by making them ourselves.

INTERCLASS TRACK MEET

Annual Event May 14---Prizes to Be Offered.

The annual interclass track meet will be held on the oval Saturday, May 14. At the next meeting of the Athletic Governing Board the matter of offering prizes for the various events will be brought up. It is highly probable that prizes will be offered. This will be an innovation in interclass athletics at Syracuse and will no doubt result in a greater interest in the meet. With the exception of the Cornell meet, this meet will be the only one held here this year.

Earl K. Twombly, one of the fastest men on the relay team, will not compete any the remainder of the season. He is a senior in Liberal Arts College, but will be back next year for engineering work.

The men are practicing daily for the Cornell meet, which comes a week from Saturday.

THE LEAGUE GAMES.

The interest in the interfraternity baseball league is growing apace. The present weather has oppressed the energies and good intentions of many of the league members. The teams, however, will resume their schedule this week with enthusiasm.

Today will probably witness, under fair weather conditions, one good game. D. K. E. will contend for honors with Phi Delta Theta.

Thursday afternoon will witness two good games, when Psi Upsilon will endeavor to down Phi Kappa Psi, and Chi Alpha Sigma will start on its southern trip and meet in battle Phi Gamma Delta. Both games promise to be fast and intoresting.

PHI DELTA PHI BANQUET.

The annual initiation banquet of Phi Delta Phi was held at the Vanderbilt last night. Hon. Peter B. McLennan acted as toastmaster and called for the following toasts: "The New Law School," James B. Brooks; "The Judiciary,' Giles H. Stilwell; "The Profession," Frank R. Walker; "Reminisences," Wm. L. Barnum; "The Chapter," Royal D. Woolsey; "The Initiates," Ancil D. Brown.

The committee having the arrangements in charge was: Parker F. Scripture, Edward H. Greenland and J. Robert Rubin,

MOVING-UP DAY, MAY 4.

The senior executive committee has met and decided to have Moving-Up Day on May 4, a week from to-morrow.

The interscholastic track meet conducted by this University is to be held here on May 21st. For several years the University has conducted such a track meet, for preparatory schools, with great credit and benefit to itself.

Among the responsibilities assumed by the authorities is the entertainment of the visiting athletes. As a rule the schools send their best track men, and in many cases such athletes will enter a university sooner or later.

It is therefore of the utmost necessity that our University assure these athletes satisfactory entertainment and impartial decisions in the meet.

Heretofore the various fraternities have entertained these scores of athletes free of charge. This year the lists are so large that the societies are unable to cope with the situation. The result is that one of two things must be done. Either the University must stand a heavy additional expense to entertain these men, or the students at the various boarding houses must assist the good cause. We hope the latter course will be pursued, for it is only fair to the societies which have performed this function for years. It will also show true loyalty to "Old Syracuse."

Many of the students have noticed that there are two important events of this week scheduled for the same afternoon. The 'Varsity team plays its first home game against Colgate at that time, while the Fine Arts faculty have scheduled an excellent monthly recital for the same date.

We hope that this will fail to recur at any future date. In the present instance it will be detrimental to the attendance on both occasions. This is especially to be regretted in the interest of baseball. Every one realizes that the team has been playing under great disadvantages this season. The larger part of the student body also knows that the financial support of the variou
has been somewhat curta
spring. For these and
sons there should be

Ralph Stewart and his company present the romantic comedy in four acts, "By Right of Sword," the first half of the week. The play comes directly from the American Theater, New York city, where it has had a very successful run. The scenes of "By Right of Sword" and the plot revolve around the adventures of a young American named Richard Hamilton, who is mistaken for a Nihilist, Alexis Petrovitch, lieutenant in the Moscow Hussars. He fights duels and saves the life of the Czar, and wins the heart of the sister of the Nihilist he is representing. The play, which is a dramatization of the stirring novel of that name, is a high grade production and well worth seeing. Matinee Wednesday.

Prof. Hargitt is introducing to his students in Biology a new book on Vertebrate Embryology by Dr. Albert M. Reese, professor of Histology. It is a book of 290 pages, nicely illustrated, and published by Putnams in New York city. This work is designed for a text book of embryology for beginning classes in college. The book will undoubtedly be used as a text book in the Biological Department next year. Copies have been placed for reference in the Biological library.

The interscholastic track meet conducted by this University is to be held here on May 21st. For several years the University has conducted such a track meet, for preparatory schools, with great credit and benefit to itself.

Among the responsibilities assumed by the authorities is the entertainment of the visiting athletes. As a rule the schools send their best track men, and in many cases such athletes will enter a university sooner or later.

It is therefore of the utmost necessity that our University assure these athletes satisfactory entertainment and impartial decisions in the meet.

Heretofore the various fraternities have entertained these scores of athletes free of charge. This year the lists are so large that the societies are unable to cope with the situation. The result is that one of two things must be done. Either the University must stand a heavy additional expense to entertain these men, or the students at the various boarding houses must assist the good cause. We hope the latter course will be pursued, for it is only fair to the societies which have performed this function for years. It will also show true loyalty to "Old Syracuse."

Many of the students have noticed that there are two important events of this week scheduled for the same afternoon. The 'Varsity team plays its first home game against Colgate at that time, while the Fine Arts faculty have scheduled an excellent monthly recital for the same date.

We hope that this will fail to recur at any future date. In the present instance it will be detrimental to the attendance on both occasions. This is especially to be regretted in the interest of baseball. Every one realizes that the team has been playing under great disadvantages this season. The larger part of the student body also knows that the financial support of the various teams has been somewhat curtailed this spring. For these and other reasons there should be a great crowd out at every game to insure the largest measure of success to the team, both for this and next season.

There will be a preliminary contest for the men entered in the Chancellor's Oratorical contest Friday April 29th, rooms 33 and 34, at 4 p. m.

LATIN PEDAGOGY.

Dean Smalley's class in Latin Pedagogy was favored Monday morning with a very interesting talk upon Practical Latin teaching by Mr. J. B. Swinney '04, who has had several years' practical experience in teaching Latin, Mr. Swinney outlined the aims and ideals of Latin teaching. He then dwelt upon the material and the methods to be used in each of the four years of preparatory Latin work. On Wednesday morning Mr. Swinney will continue his talk, taking up the use of Art in Latin teaching, illustrating it with common photographs, lantern slides, casts and blue prints. He will also speak of the use and care of the various kinds of lanterns, and the preparation of the slides. The class will meet in room 15 Hall of Physics.

Syracuse Meets Colgate in Baseball Today in First Home Game.

The first home baseball game will be played at 3:30 today on the Archbold Field between the Syracuse and Colgate 'varsities. The contest will give the students and local fans a chance to see the Orange 'Varsity meet a worthy opponent in a favorite sport. The weather conditions have suppressed the energy and enthusiasm of the baseball adherents until rather late in the season this year.

Tho Colgate nine is supposed to have a stronger aggregation this year than they possessed last spring. The local 'varsity will give them a fine opportunity to prove their fettle this afternoon. The orange men have had an unusually successful southern trip this spring, and everyone is hoping the good work will continue.

The excellent record of the old 'varsity men, Captain Moore, Baker, Burrell, Rutherford and Heffernan, is too well known to need further mention. Among the new faces to be seen on our 'varsity are Curtiss, Wilbur, Dineen, Keanan, Ward and Moynihan. Curtiss is proving to be a "find" as catcher, while Dineen is a "comer" in the box. Wilbur is covering first base in a fast and thorough manner, while the three last named men are making fine records in the outfield. The entire team is beating all records at batting.

The contest promises to be close and fast. The teams and their positions follow:

Collester, ss; Cottrell, 3b; Runge, 2b; Castleman, cf; Haddon, lf; Root, 1b; Smith, rf; Merrill, c; Backus, p.

Burrell, 3b; Monaghan, lf; Baker, 2b; Wilbur, 1b; Curtis, c; Rutherford, ss; Ward, cf; Truax, rf; Dinneen, p; and Moore, p.

FORESTERS TIE 'VARSITY.

In a six-inning practice ball game yesterday afternoon on the Oval, the Foresters played the 'Varsity to a tie, the score being 3 to 3. Collins, Heffernan and Keenan were the battery for Syracuse, and Boland and McCarthy for the Foresters.

PHI DELTA THETA WINS.

The Phi Delta Theta ball team defeated the D. K. E. representatives yesterday by a score of 21 to 9 in the interfraternity series.

JUNIOR LAW BANQUET.

"It's always fair weather
When jolly fellows get together."

Such was the spirit manifested last night when about thirty law students gathered at the St. Cloud Hotel for the banquet and smoker given by the class of 1905. The songs and stories and witticisms and good fellowship were such as to make the occasion one long to be remembered by those present.

The menu provided by the St. Cloud would have tempted the appetites of the gods; and the disciples of Blackstone "fell to" more like men accustomed to day labor than those who "burn the midnight oil" over knotty problems of law.

Not least among the delights of the evening was the post-prandial program, presided over by S. A. Ralph, who acted as master of ceremonies. The toasts as called for by Mr. Ralph were as follows:

Law, 1905.....Ernest H. Sumner
"It's always fair weather
When jolly fellows get together."

Our Sisters in Law...Samuel A. Pulford
"She is a woman, therefore I a man,
In so much as I love her. Could I more,
Then I were more a man."

The Old and the New.....
.....Justin S. McCarthy
"Old things are passed away; behold,
All things are become new."

Trials and Tribulations.....Earl R. Cross
"Let us fold away our fears,
And put by our foolish tears,
And through all the coming years
Just be glad."

The Faculty.....Parker F. Scripture
"Heaven above where all is love,

Impromptu.....By Others of the Noted

During the toasts those who were accustomed to the use of the "vile weed" filled their Missouri meerschaums from a tobacco box made to represent a law book and marked "Keener on Quasi Contracts."

The menu card was a very pretty one and will be valued as a souvenir, as it contained the class roll and a cut of the University building.

The committee who had charge of the arrangements was: Sol Ferguson, Z. D. Race and Orla E. Black.

PEARSE TO LECTURE.

On Thursday, May 5th, Syracuse students will have the opportunity of hearing one of the most noted English speakers, Mark Guy Pearse, who is to lecture at the University Avenue M. E. church.

"Old Folks at Home" is the lecture which Mr. Pearse is to deliver, a lecture which has become an English classic. Students who are desirous of hearing the best things that come to Syracuse should make arrangements to attend this lecture on May 5.

ENGLISH CLUB MADE $550.

The Club Netted Over That Amount From King Lear--Prof. Gilmore Speaks.

At a meeting of the English Club held with Miss Richards, 604 University avenue, Professor Edgar C. Morris, manager of the King Lear produetion, reported a profit of about $550. The box receipts amounted to $2,230.25. The disbursements were $1,588.37. Deducting about $100 for several outstanding bills, therc is a balance of approximately $550.

This amount will be expended for books in the English Seminar room.

J. H. Gilmore, the head professor of English in Rochester University, gave a very interesting address upon the "Harbingers of the New Poetry."

THE "HONOR SYSTEM."

One of the most intensely interesting debates held before the argumentation class this year took place yesterday noon, when the question, "Resolved, That the 'honor system' of examinations should be introduced into Syracuse University," was debated.

The affirmative, led by Clifford Searle, assailed the system at present in vogue and presented the "honor system" as now used in Williams, Wesleyan and Princeton as a cure for the existing evils. The negative, led by J. R. Rubin; admitted that gross evils existed under the present system, but maintained that the adoption of a so-called "honor system" wonld not be necessory to bring about a higher standard of morals in examination. A sentiment for honesty could be better developed under thc present system of faculty supervision.

Certain startling revelations made by the negative concerning conditions alleged to exist in certain Liberal Arts College departments led Professor Losey to remark that if the members of the faculty knew the revelations which are being made in the argumentation class a large delegation weuld attend.

MOVING-UP DAY.

The date for Moving-Up Day has definitely been settled as May 4th, or one week from today. On this day the seniors will appear in cap and gown for the first time. It is expected that the chapel exercises will be more elaborate and interesting than in many preceding years.

After chapel the freshmen will have their parade and carry out the plans on which they are now putting much thought and labor.

NOTICES.

The attention of students interested in the English courses is called to the following changes:

Course VIII will be consolidated with eourse X.

Course X will be made a three hour subject, and will meet at 8:50 Wednesday and Friday. It will be conducted by the new instructor.

Course XIV will be given on Wednesday and Friday at 10.

The senior major students in English must elect two hours of Seminary work. EDGAR C. MORRIS.

A meeting of the freshman class will be held Thursday at 2 p. m. The plans for Moving-Up Day will be discussed and ratified.

Latin V. will meet this morning in the Biological lecture room of Steele Hall. Mr. Swinney will conclude his talk and illustrations.

There will be a preliminary contest for the men entered in the Chancellor's Oratorical contest Friday April 29th, rooms 33 and 34, at 4 p. m.

PROF. AYERS.

DR. STREET'S CLASSES.

Dr. Street will meet his juniors today at 8:50 and 10 o'clock, but his seniors will not meet. He will meet all his classes Friday as usual.

Please return the pocketbook containing $15 taken while stacking our room Monday night. If not returned at once the Chancellor will be notified.

We wish to congratulate the Library department on their recent successful "cleaning up day." The "dry goods section" is now notable for its absence. The books are pleased with the new status of affairs, for they can now multiply and expand, knowing that nice, clean shelves are awaiting their arrival.

Syracuse meets an old rival in baseball today in the Colgate 'Varsity nine. The Orange nine has accomplished great things despite the impediments it has met. The record up to the present is unsurpassed by that of any preceding season.

Colgate has proved a worthy foe in several branches of sport. Their team this year is reported to be superior to that of last spring. The Maroons expect to give the Orange men a hard struggle for supremacy. The fact that this will be the first home game adds interest to the occasion. An unusually large crowd will doubtless be present to see the contest.

This occasion will also be opportune for the students to become organized and drilled in cheering for future contests. The four classes promise to be close rivals for first honors in cheering and singing.

The meeting of the Song Book committee Monday afternoon brings to mind the fact that the new Syracuse songs for which we have been waiting so long are not yet composed. Some, perhaps, who have the ability to express their Syracuse spirit in poetry, have not yet done so because they are not gifted in music. However, the Song Book committee wishes to urge all who can write suitable verses to do so. There is plenty of talent in the Fine Arts College waiting to set to music the verses as soon as they are written.

Do you want to do a service for Syracuse which will be lasting? Give expression to the spirit of Syracuse. Write a song which will be worthy of a place among those which are to comprise the Song Book which, we hope, is to exert a strong influence in shaping the life of our university.

A LABOR UNION ADDRESS.

A very interesting address was given yesterday morning before Professor Hawkins' class in Labor Unions by Mr. Gaffney, a member of the Central Trader Labor Assembly and af the local Typographical Union. The speaker said in introduction that he was pleased to see that one university took such an enlightened stand in having the labor question thoroughly discussed through representatives. He outlined the labor question as it pertained to the printing trade. He touched upon the union and its various workings in the newspaper business. He discussed both sides of the question in several instances in a very fair and impartial manner. A free discussion followed in which the speaker answered clearly questions from the class.

Ralph Stewart and his company present the romantic comedy in four acts, "By Right of Sword," the first half of the week. The play comes directly from the American Theater, New York city, where it has had a very successful run. The scenes of "By Right of Sword" and the plot revolve around the adventures of a young American named Richard Hamilton, who is mistaken for a Nihilist, Alexis Petrovitch, lieutenant in the Moscow Hussars. He fights duels and saves the life of the Czar, and wins the heart of the sister of the Nihilist he is representing. The play, which is a dramatization of the stirring novel of that name, is a high grade production and well worth seeing. Matinee Wednesday.

THE NATURAL FOOD CO.,

Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

JAMES A. TEN EYCK.

THE QUESTION BOX.

Editor Inquiry Department Daily Orange:

For several months we have been enjoying almost continuous fudge parties, with only two parties present. We both enjoy the fudge, particularly the making of it, but are getting rather tired of that one kind of confection. Neither she nor I know how to make any other candy. Can you suggest a receipt? J. T. S.

Ans. J. T. S.: We have found a receipt for kisses in the Daily Student of Indiana University. The editor has not personally tried the receipt; but it comes well recommended:

RECEIPT FOR KISSES.

To one piece of dark piazza add a little moonlight; take for granted two people. Press into two strong ones, a small, soft hand. Sift lightly two ounces of attraction, one of romance, and a large measure of folly. Stir in a floating ripple and one or two whispers. Dissolve half a dozen glances in a well of silence. Dust in a small quantity of hesitation, one ounce of resistance, two of yielding.

Place the kisses on a flushed cheek; flavor with a slight scream, and set aside to cool.

This will succeed in any climate.

NEW FRENCH COURSES.

Important changes will be made next year in the courses offered by the Department of Romance Languages and Literature. Mr. Dryer, who has been taking Professor Cabeen's place during the latter's study abroad at Grenoble, will be retained next fall. This will enable the department to present a number of new courses. Indeed the department will compare favorably with any other in the university in the scope and variety of the work offered.

Course II will consist of nineteenth century prose only. Poetry will be taken care of in a new course, IV, in nineteenth century poetry and drama. Courses IV and V are the previous courses III and IV, except that nineteenth century dramatists come under III, not IV. These four courses, II, III, IV and V, are intermediate, and may be taken by any one with one year of French. There will also be a new intermediate course, VII, in composition and dictation, following the work of the freshman year and preparatory to the advanced composition course, XII. Course VI is an entirely new course in history and criticism offered next year by Professor Cabeen. All these courses are for three hours. Fuller details of each may be found in the catalogue.

The course in beginning Italian, XIII, like that in beginning Spanish, XVI, will be given every year hereafter. There will also be two new intermediate courses, XIV and XVII, in Italian and Spanish respectively.

Students in doubt as to further work in this department, or those intending to major or minor in Romance Languages, are urged to confer with Professor Patterson, the present head of the department, as soon as possible.

HISTORY PRIZES.

There are two prizes of $25 each given to major students in history for the two best essays on the Revolutionary and Civil War periods respectively.

One of these prizes is given by the Onondaga Chapter of the Daughters of the Revolution for the best essay on some subject connected with the American Revolution.

The other prize is given by John Curtis Tennant '01 for the best essay on some subject connected with the Civil War.

The essays on the Revolutionary period are submitted to a board of judges composed of Daughters of the Revolution. Those on the Civil War period are submitted to a committee appointed by the History Department. These essays are supposed to contain from one thousand to fifteen hundred words.

RAIN SPOILS GAME.

The game scheduled with Colgate yesterday was abandoned, owing to the heavy rain. The Colgate team stopped off in Syracuse but a short time, taking an early train for New York where they are to meet Columbia today.

Provided the weather permits the 'Varsity will play the Stars this afternoon at Star Park.

MONTHLY RECITAL.

Fine Arts Students Give Attractive Musical Program.

The regular monthly public recital given by the musical students was held yesterday afternoon in John Crouse College Hall.

The program consisted of the usual organ, piano and vocal numbers, and one violin number. The entire program was rendered in a manner which reflected much credit upon the musicians and the college which they represent. Especially pleasing to the audience were Miss Dean's rendering of "Nymphs and Fauns" and Miss Woodhull's violin solo, an interpretation of one of Godard's masterpieces.

The program was as follows:

Organ: Toccata in F major Steggall
Miss Grace M. Dornburgh, Ticonderoga
(Pupil of Dr. Parker)

Piano: Sonata appassionata Beethoven
Miss Anna Combs Titus, Clifton Spa.
(Pupil of Prof. Berwald)

Vocal: (a) "He Knows," Sheldon
(b) In Maytime Oley Speaks
Miss Eugenia Viola Smith, Gouverneur
(Pupil of Mr. Frederick)

Piano: (a) Barcarolle in A minor Rubinstein
(b) Mazurka No. 4 Godard
Miss Matie Harrison, Syracuse
(Pupil of Prof. Berwald)

Organ: Festival March in G major Russell King Miller
Miss Louise Agnes Allen, Syracuse
(Pupil of Dr. Parker)

Violin: Concerto in A minor Godard
Miss Gertrude B. Woodhull, Syracuse
(Pupil of Prof. Becker)

Vocal: Nymphs and Fauns Bemberg
Miss Laura Dean, Union
(Pupil of Prof. Calthrop)

Piano: Ballade in A flat Chopin
Mr. Henry G. Hollon, Skaneateles
(Pupil of Prof: Frye)

The English department is to be congratulated on the successful financial outcome of their recent production of King Lear. The result of the venture tends to upbuild the department and thus the University; and it also proves conclusively that great things can be accomplished by any wide-awake, energetic department of the University.

It is expected that this year will see certain regulations made and carried out by the seniors in the use of the cap and gown. Heretofore no fixed time or occasion has definitely been fixed when such apparel should be worn. The committee having the matter in charge will issue soon the regulations governing the matter, and the seniors will fix the observance of the same for the future.

A petition is being circulated among the students residing to the south and west of the campus. It desires that the University authorities build stairs up the campus from the head of Van Buren street to afford an entrance from that direction.

We believe the matter is worthy of the most careful consideration. The advantages of such a new entrance would be many, both to the University and the students. The cost of the stairs would be immaterial in proportion to the benefit accruing, for an expensive entrance is unnecessary.

Professor Wickes of the High School, in a few words spoken at the recent prize speaking contest, emphasized a subject which college students may well consider. He made clear the importance of preserving the purity of English speech, and the danger in the use of "slang." Possibly to no other class of people does the temptation to use slang come with the same force as it does to college students. College life sweeps away much of formality, it levels distinctions as to earlier training, it creates a democracy of interest and custom which too often manifests itself in carelessness in speech. Slang even gets to be the fashion. More often, perhaps, it is used because less effort is required than in the choice of a more orthodox expression. Whatever the cause, we know that it is prevalent at Syracuse. Professor Wickes' remarks should arouse us to personal and persistent effort toward a more correct use of our English language.

EXCELLENT CHORUS.

The Tuesday evening rehearsal of "St. Paul" was by far the most successful one since the new oratorio was undertaken. The bass and tenor sections showed vast improvement. At this rehearsal several new choruses of the oratorio were attempted for the first time and the progress made with them was beyond expectation. After the rehearsal Mr. Phillips remarked, "With this chorus I would not hesitate to attempt any of the great chorus compositions. The manner in which the new choruses were read at sight was simply remarkable." Professor Calthrop of the vocal department also complimented the chorus on the exeellent progress made. Since the oratorio is to be given May 26 it will be necessary to hold two evening rehearsals a week from now on. All students interested should bear in mind that in addition to the Wednesday morning rehearsal the chorus meets at 7 o'clock on Tuesday and Thursday evenings.

TRACK WORK.

The track athletes are gradually rounding into condition for the dual meet with Cornell one week from Saturday. William Lowe, one of the star men, has decided not to run the low hurdles hereafter, since his three other events, the high hurdles, high jump and broad jump, tax his strength enough in a hard meet. Claude Terry '04 has entered for the low hurdles.

BIOLOGICAL ASSOCIATION.

The Biological Association will meet in the Biological Lecture Room, at 7:30 p. m. on Monday next. Principal Guy Bailey of the Onondaga Valley Academy will lecture on "Bird Photography." The lecturer will exhibit the photographs that he has taken. All interested persons are invited to be present.

GENESEE COUNTY ASSOCIATION.

Tuesday evening several students who reside in Genesee county met at the Orange Club house and formed an association known as the Genesee County Association. The officers of the association are: President, John W. Heal '04; vice president, Clarence J. Houseknecht, '05; secretary and treasurer, Morton C. Collister '07.

FRESHMEN DISCUSS MOVING-UP DAY

Dean Smalley and Captain Moore Address Class---Plans are Adopted.

The freshman class met yesterday afternoon and considered the plans which had been formulated by the executive committee for Moving-Up Day, May 4. Captain George Moore of the baseball team, represented the senior class at the meeting. He talked to the class for a few minutes, saying that the sentiment of the senior class was similar to that of the faculty in wishing to make the celebration more dignified than has been the custom in previous years,

Dean Smalley then gave the faculty's view of the affair. He said the freshmen would be given the entire forenoon and the upperclassmen and sophomores the remainder of the forenoon after chapel, but that the afternoon work would take place as usual. The president and executive committee of the freshman class will be held responsible for any noise that may occur up to chapel time which would disturb the classes in session. Owing to this the color rush will necessarily be omitted. The Dean is especially anxious for a parade that will do the University justice. He wishes every man of each class to be in line, "for," said he, "not a man ought to feel too proud to walk in the parade." He expressed the desire that the members of the faculty should not be burlesqued, but he had no objection to the usual representation of the incoming freshman class. He also said that he had no objection to noise, but if property is destroyed or defaced the Moving-Up Day custom will be abolished forever.

It is planned to make the parade and the burial of the freshman cap the big events of the day. The Dean's wish that each class appear in line will probably be adopted. A band will probably head the procession followed by the two upper classes, the sophomores and then the class of 1007 in their burlesque features. The committee having the "stunts" in charge will not disclose the secrets, but it has leaked out that one of the prominent features will be a large representation from the "Lily Whites." A large number of girls volunteered to make banners for use in the parade.

Among other business transacted at the meeting of yesterday afternoon was the election of James J. Parsons of Syracuse as the football manager for next fall.

WANTED...Wide awake students for vacation work. Gentlemen $50 per month and board. Ladies $9 a week. Call or address J. O. WHITCOMB, 310 Bastable Block.

THE GERMAN PLAYS.

The German department will present Der Fahrende Schuler ein Paradies, and one other play next Tuesday evening in the chapel.

The synopsis of the first and its cast follows: A traveling student puts up at a farmhouse, where he tells that he comes from Paris. The peasant woman believes that he has been in Paradise and asks whether he has seen her late husband there. The student says he has. Then the peasant woman entrusts him with rich presents and monoy for her former husband, and these he promises to deliver on his next trip to Paradise. The farmer, her second husband, being told of this on his return, sees through the deception and hurries after the student. The latter, hewever. puts the farmer on the wrong scent and cheats him out of his horse. The student escapes, but the farmer goes home and tells his wife that he gave his horse to the student that he might reach Paradise as soon as possible. The farce ends, according to the practice of Hans Sachs, with a moral.

The synopsis and cast of the other play will be printed to-morrow.

DEBATING CLUBS.

The regular meetings of the senior and sophomore debating clubs were held last evening. The seniors discussed the Chamberlain question concerning the adoption of a preferential tariff. The speakers on the affirmative were Messrs. Hook, Ferguson and Chaloux; on the negative, Messrs. Rubin, Warren and Wykoff.

The question before the sophomores was: Resolved; That a decisive victory for Russia in the East would do more to advance Christian civilization than a victory by Japan. The affirmative was upheld by Messrs. Croft, Mason and Jacobson; the negative by Messrs. Belcher, Jacobs and Hale.

JOHN MOLLOY.

At an early hour yesterday morning John Molloy, Law '02, died at his home on West Genesee Street, aged 21. Mr. Molloy while a student in the Law College manifested great ability, particularly in the clear analysis of difficult cases. His untimely death has removed from the profession one of the best men graduated in recent years from the Syracuse Law College.

GAME POSTPONED.

The game with the Stars which was to have been played yesterday afternoon at Star Park was postponed on account of the inclement weather. The next home game scheduled for the Oval is that with Columbia on May 6. A hard series of games is arranged for next week: Princeton on Wednesday, the Stars at Star Park on Thursday, and Columbia on Friday.

FRESHMEN!

The new caps are now ready and may be procured at Adams', 128 S. Salina Street. The caps are not to be worn, however, until Moving-Up Day.

ANNUAL BOOK DAY MONDAY

Will be Observed by Historical Department Monday Evening.

The annual Book Day in the Historical Department will be held Monday evening, May 2, in the Historical Seminar room. At this time contributions will be received from major students who have graduated or who are now in college and from the sophomores taking history. The meeting will be en livened by entertaining remarks from Professor Mace and the other professors of the History department.

A representative from each of the seminars which have graduated will present the gifts for their respective seminars. Book Day is one of the red letter days in the History department, and the gifts received on this day have greatly aided the work of building up a fine historical library. All history students in the University and all the major students who have graduated are cordially invited to be present Monday evening. Refreshments will be served at the close of the meeting.

Last week about one hundred books on the civil war period were added to the library. Another fine set of books comprising the full report of Fur Seal Arbitration between the United States and Great Britain were presented to the History Department by Mr. Albert Roe Seaman, a major student who graduated last year.

ETA PI UPSILON.

Eta Pi Upsilon, the senior young ladies' society, announces the following initiates from the 1905 class: Misses Laura Weller, Elsie Jones, Clara Mitchell, May Bull. Syracuse has been very unfortunate in being deprived of playing any of her home baseball games so far. Every one, however, continues to hope for better weather in May in order to see the Orange triumph in her remaining home games.

We wish to call attention to the German plays which will be given next Tuesday evening in the chapel of Liberal Arts. The students who are to participate have drilled long and faithfully on their parts. The plays are also very enjoyable in themselves. As the arrangements are now perfected, it only remains for the chapel to be crowded to complete the program.

The plans submitted by the Cap and Gown committee as to the occasions when the seniors are expected to wear the gowns should meet with entire approval. It is to be hoped every senior will cooperate in making the gown wearing custom what it should be, a custom observed generally by all the seniors and not, as in some past years, "more honored by its breach than by its observance."

Every baseball game and track meet should find the seniors out full force arrayed in their official robes. The smallness of the number of such occasions, regretable as it is in some respects, should make it possible for the class of 1904 to make a strong showing at every game.

The presence of a hundred or more seniors in cap and gown will add much to the dignity and interest of these occasions, and will aid greatly in strengthening the bonds which should closely unite the members of the graduating class during their last weeks of college life.

WHEN TO WEAR GOWNS.

Now that the caps and gowns have arrived the question when to wear them comes up. In order to make this matter clear to those interested the committee appointed by the Liberal Arts seniors to report on days on which the caps and gowns are to be worn wishes to announce that there are four special days on which the caps and gowns are to be worn: Moving-Up Day, Class Day, Baccalaureate Sunday and Commencement, and that in addition to these special days the caps and gowns are to be worn at all 'Varsity athletic events. The committee would also suggest that they be worn to classes as much as possible. The committee is desirous that all the seniors should cooperate in establishing this custom.

A TRIP ABROAD.

Professor Flick, with a party of twelve, will take an extensive trip abroad this summer. The party will first go to England, from there to Paris and then up the Rhine country. After visiting Switzerland and Italy the party will start homeward early in September. Miss Abbott, assistant in Library Economy, will be one of the party.

THE BASTABLE THEATER.

"In Old Kentucky" will be seen at the Bastable the last three nights of the week. One of the notable examples of enduring popularity in American plays is "In Old Kentucky." The play is now in its eleventh season, but continues to attract as formerly. This year's production is entirely new, and not a stitch of the scenery or equipment used last year will be seen in it. The pickaninny band has been materially augmented, and many new and novel features added to the famous pickaninny scene. Matinee Saturday.

THE NATURAL FOOD CO.,

Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

JAMES A. TEN EYCK.

PREPARING FOR CORNELL MEET

Track Athletes Rounding Into Good Form ---Men Who are on the Team.

The following men are practicing regularly on the track team. It is from these men that the team which will meet Cornell one week from today will be chosen:

100-yard dash—Cole, Mitchell, Terry, Gidley, Davies.

220-yard dash—Cole, Ralph, Mitchell.

440-yard dash---Ralph, Sechner.

880-yard run---Sechner, Squires, Ranney, Hayes, Stebbins, Bryant, Wells.

One-mile run---Meecham, Grant, Coulter, Greenfield, Rutty, Call, Hawkins.

Two-mile run-- Vorhees, Hoyler, Holderbaum.

120-yard hurdles---Lowe, Robertson.

220-yard hurdles---Lowe, Robertson, Terry, Sheldon, Hawkins, Houseknecht

High jump---Lowe, Treible, Hawkins

Broad jump---Lowe, Burrell, Rutherford, Ralph.

Pole vault---Captain Gardiner, Southworth, O'Neil.

Hammer throw---Van Duyn, Tucher.

Shot put---Van Duyn, Tucker.

The following men are now on training table: Lowe, Van Duyn, Robertson, Terry, Sechner, Ralph, Squires, Cole, Mitchell, Wells, Voorhees, Grant, Tucker, Meecham, Coulter, Rutty and Stebbins.

Amon, the men who are doing especially good work are Mitchell and Cole in the sprints as are also Meecham and Grant in the mile. Hayes, who made a strong bid for the relay team, is showing up strong in the half-mile. Terry promises to be heard from in the hurdles. The team is unfortunate in that it will lose the services of Twombly and Boyd for this year. As each of these men will be in college for the next four years they have decided not to compete this year in order that they may be eligible for the team in 1907.

ANOTHER CHEMISTRY ACCIDENT.

David S. Rutty, the well known track athlete, had an unpleasant experience in the chemistry laboratory yesterday afternoon, receiving some slight burns as the result of an explosion of a mixture of hot potassium chlorate and concentrated sulphuric acid. Had it not been for the timely administration of sodium hydroxide by Professor Pattee serious consequenaes might have ensued.

BIBLE STUDY CLASSES.

The Bible study committee of the Christian Associations are planning to give a reception, for all who have been in Bible study classes. on Tuesday evening, May 10, in the gymnasium.

THE GERMAN PLAYS.

The second play, "Papa hat's Erlaubt," which is to be produced next Tuesday evening, promises to rival the first in every way.

The synopsis of the play follows: Elise, the poetical daughter of a prosaic butcher, has been reading the novels of Dr. Liebrecht, and has so fallen in love with the author that she insists on making the personal acquaintance of her ideal. Budicke, the butcher, believes that this endangers his plan of marrying Elise to a well-to-do soap boiler. He therefore goes in person to Dr. Liebrecht for help. Since the latter is an elderly man and rather ill-favored, Budicke decides to send his daughter to him that she may be cured of her infatuation. Elise appears bashful and timid. Instead of the old Dr. Liebrecht, she happens to meet his nephew, the young Karl Liebrecht. Deceived by the similarity of names, she believes she is speaking with the poet. Thus Karl Liebrecht wins the heart of Elise, for "Father has given his permission," and the butcher has to grant him Elise's hand and also the fortune. Nothing comes of the affair with the soap boiler, and Elise may now have her Karl, for "Father has given his permission."

The poetess, Aurora Nebelkopp, a crazy woman, whom Dr. Liebrecht erroneously takes for Budicke's daughter, appears in the subordinate action.

The cast follows:

Provided we are ever favored with any clear weather and fair nights, the observatory will be open to students once each week during the month of May. This is a privilege which a large number of students appreciate every year, and affords excellent opportunity for a study of the heavens. Professor Peck will be present each evening and direct the observations.

The so-called spring athletics are usually spoken of as comprising baseball, track and crew. The University greatly aids and encourages these branches of athletics, and justly so. But it is not the good fortune of the large portion of the student body to take an active part in these athletics. It is therefore hoped that the University will improve and maintain the tennis courts which we now have. A large number of students enjoy this sport, and hope for good courts. The pipe lines put through from the heating plant destroyed a couple of courts last fall. The few which remain will doubtless be in great demand this spring, and we hope they will be put in proper condition at the earliest possible date.

Now that the faculty, through Dean Smalley, has definitely made known the conditions upon which the Moving-Up day program may be carried out, it is to be hoped that the freshmen will abide by these conditions. Otherwise, we are told, this will be the last of Moving-Up day celebrations. In view of this fact the freshmen, as well as the upperclassmen, should endeavor to keep the day's celebration within the proper limits. Moving-Up day is a feature of college life quite distinctively Syracusan. It was inaugurated here several years ago, and has come to be regarded as a permanent feature of the year at Syracuse. The undergraduate body would surely dislike to see this unique custom abolished, and especially for the reason that the requests of the faculty were not heeded. Therefore we should all do our part to make the day a success in every respect, and take care that this celebration may not be the last one.

The annual Book Day of the Historical department promises to surpass all preceding records in the gifts made, and in the interest shown by the friends of the department. The occasion which will be most appropriately celebrated next Monday evening is a fitting climax to the splendid work done by the department during the year. It is a question, however, whether the Seminar room will begin to hold the large crowd which will be there.

THE BASTABLE THEATER.

"In Old Kentucky" will be seen at the Bastable the last three nights of the week. One of the notable examples of enduring popularity in American plays is "In Old Kentucky." The play is now in its eleventh season, but continues to attract as formerly. This year's production is entirely new, and not a stitch of the scenery or equipment used last year will be seen in it. The pickaninny band has been materially augmented, and many new and novel features added to the famous pickaninny scene. Matinee Saturday.

The freshman crew has lost the services of one of its most valuable men, L. C. Rice. He was taken to the hospital Thursday on account of an attack of appendicitis. It is feared his services will permanently be lost to the crew. This means a great loss to the freshman eight as he was rowing No. 5, and promised to be one of the finest oarsmen in the combination. His place will probably be filled by Robinson or Stone '07.

A COLLEGE SING.

The Custom to be Inaugurated Next Wednesday Evening--The Plans.

The custom of having "college sings" bids fair te be established at Syracuse this Wednesday evening, provided Forecaster Ashley leaves some fair weather with us. The plan is to have all the men in the hill colleges and those from Law and Medicine who can, assemble in the front of Liberal Arts or on the east hill slope at Fine Arts at 6:30 Wednesday evening and have a good, old-time "sing" until 7:15 or 7:30 p. m. The senior cheermasters, Walter Bayliss and George Warren, assisted by the Glee club, will lead the singing. As it is planned to have only two "sings" a week, one on Wednesday and one Friday evening, it is very necessary that all the men turn out on each occasion, for there are only a few weeks left. The more popular college songs will be sung this Wednesday and others assigned for later dates. The men will also be drilled in all the yells, as well as songs, for the Columbia game which occurs Friday. Plans for this game will be determined upon after the "sing."

The new custom promises to be very successful from the start. The "sing" is held at a time when it interferes with nobody's studies or work, not even with the "fussers." It will bring all the men together in a way to inspire greater love and loyalty to "Old Syracuse."

It is an assured fact that the singing will be spirited as well as harmonious. The men of the various societies had their first practice at outdoor singing last week. and all are in shape to help the cause along. The architects, who are known to be the life of Fine Arts, are expected to be present in a body. The Liberal Arts men believe they can carry off the honors in both singing and cheering. The Applied Science men are, however, laying low and drilling daily. They hope to surprise even their most ardent admirers in the good work. Every man in the University is invited to be present and join in on this occasion.

PHI KAPPA PSI WINS.

In a close and exciting game of seven innings the Phi Kappa Psi baseball team defeated the Psi Upsilon nine Saturday afternoon on the Oval by a score of 13 to 9. The features of the game were the pitching of Williams for Phi Psi and the work of Pulford at shortstop for Psi U. There were two three-base hits by Williams and Templeton for Phi Psi. The errors for Phi Psi were 3, for Psi Upsilon 4. Batteries—Williams and R. Kelly; Prime, and Stevens and Shade.

FUNERAL OF JOHN A. MOLLOY.

The funeral services of John A. Molloy, Law '03, were held at the family residence on West Genesee Street at 10 o'clock Saturday morning and half an hour later at the Church of St. John the Evangelist.

Many of Mr. Molloy's old college friends attended the funeral. The honorary bearers were H. S. Edwards, Mark E. Conan, Joseph M. Meatyard, John T. Gardner, alumni members of his fraternity, Delta Chi, and Charles T. Crane and Justin S. McCarthy of the active chapter. The active chapter of Delta Chi attended in a body.

Mr. Molloy was a resident of Syracuse and a graduate of the Syracuse High School. After finishing his law course he traveled in the west for his health, but returned home without much improvement.

He was held in high respect by all who knew him, because of his keen intellect and congenial nature, and gave promise of a bright future before him.

The Hon. Theodore D. Hancock in spoaking of him said: "Mr. Molloy studied law in my office for four years. He was one of the brightest young men I ever met. He was a young fellow of very mature mind, was very studious and had a very lovable disposition. He was a wonderfully close student and a good lawyer."

Dean Brooks said: "I knew John Molloy best as a student, and in that respect he was great, having few equals. His briefs and papers handed in were in the most excellent form and language. He seemed to have a natural inclination for his chosen profession nnd knew better where to find the law than many an old practitioner."

The student body is deeply gratified by the arrangement which gives us a second dual track meet this spring. Oberlin is a new opponent for Syracuse in the track world. She has proved herself a strong rival in football. There is every reason to believe she will do the same in track work.

This meet also affords the men an out-of town meet, which has long been desired. It gives a greater incentive for work, both to the new and old men. The authorities are to be congratulated on the boom they have given track athletics, when the outlook was not of the best.

The good, old spring time with its balmy evenings seems now to be our permanent possession. This is the season when the "affection germ" spreads in every community.

Plans are in progress, which will allow this "germ" to grow and prosper in the students' relation to the University. The custom of "college sings" bids fair to be the most enjoyable and profitable of any established in years. It grants to every man the privilege of meeting his fellow students, and becoming well acquainted with them. It also gives all an opportunity to be endowed with the true love and loyalty of his Alma Mater, which shall last for life. Let us all support it, and each by putting his best energies into it get the most out of it.

The suggestion has been made that the four classes of the University participate in the Moving Up Day parade. We believe that this is inadvisable for many reasons. It is contrary to all precedent. The parade is really the only opportunity which the freshman class has, this year, of displaying their peculiar traits and genius. Their field of action otherwise is greatly limited in comparison with former classes.

A parade of all the classes will be very opportune and appropriate next fall when Founders' Day is established. But to ask seniors in all their dignity to parade around the city followed by a crowd of freshmen, in all sorts of ludicrous garb, we hold to be unwise. Such a parade we think is contrary to the sentiment of the majority of the upper-class men. We also believe that, if such an idea were carried through the larger part of the upper-class men would not participate. Then why should we go further with the matter? Allow the parade to follow precedent, and the freshmen to enjoy to the full the limited opportunities now afforded them.

MOVING-UP DAY.

Freshmen Have Program Nearly Completed---List of Speakers and the Plans.

The freshman class has nearly completed its elaborate program for Moving-Up Day, which will be in accordance with tho desire of the authorities. The first appearance of the freshmen for the day will be at 8:30 Wednesday morning in the gymnasium. There they will get things in readiness for the great parade and the burial which will occur after chauel.

Chapel will be held at the usual time in Liberal Arts and all the classes will be in attendance. The seniors in cap and gown will march in, after the other classes have moved up. and take the seats formerly occupied by the freshmen. The seniors will assemble in the gymnasium at 9 a. m. to don the cap and gown.

The speakers representing the four classes have been chosen, but all have not accepted so far. The men selected are J. Robert Rubin 1904, Robert Park 1905, William Y. Boyd 1906, and W. U. Park 1907. Dean Smalley will have charge of the chapel exercises, and there may be other speakers on this occasion.

After chapel exercises the freshmen will have charge of affairs. The burial of the freshman cap will be solemnized with great pomp. and ceremony. The great parade will then be formed. It promises to display an unusual amount of genius in the various stunts and make ups of the 1907 class. The freshmen will have three bands in the parade. A Fine Arts band will head the procession. A zobo band will lead another division, while a third division will follow the House of Providence band. The procession will proceed down town by way of Irving avenue and East Genesee street. Further details will be published tomorrow.

COMMUNICATION.

Editor Daily Orange:

Some have understood me to advise that the men of all classes join in the parade on Wednesday. I intended to recommend that the parade be made worthy of a large university by including every man in the Freshman class. A straggling parade of a few men, if, as heretofore, some are dressed to caricature the next Freshman class, would be a laughing stock to citizens. If we have a parade let it be worthy of the University and of the class of 1907.

A NEW LAUNCH.

The new gasoline launch "Breeze," recently completed at the boat works of D. M. Tuttle at Canastota, for Charles H. Dayton, ex-03, will arrive in town Thursday of this week. The craft is of the latest torpedo-boat type and is equipped with an improved gasolene engine. The boat will remain here for some time to be used on the lake and river until the middle of June, when it will be taken across Lake Ontario to the Thousand Islands to serve as the dispatch boat of the "Thousand Island Breeze," of which Mr. Dayton is editor and proprietor.

Messrs. A. Loomis Baldrey and William A. Wadsworth, will be associated with Mr. Dayton on the "Breeze" and with the "St. Lawrence Newspaper Syndicate," which furnishes news from the Islands to over fifteen of the leading papers of the country.

THE GERMAN CLUBS.

The German plays will be given in chapel thls evening at 8 o'clock. Programs, which are good for admission, will be sold at the door for ten cents. The members of the German club may, however, obtain them free, this morning at 10 to 12, in the German office.

The casts for the plays are both drilled to the minute, and promise excellent work. Those who are intending to see the plays should come early to obtain good seats, for the chapel will be crowded.

LEAGUE GAMES.

Phi Delta Theta and Phi Kappa Psi now leads the fraternity baseball league, each with a percentage of 1000. The Chi Alpha Sigma will meet on its Southern trip, today, Phi Gamma Delta at 2 p. m. on the oval. At 4 o'clock today the Dekes and Phi Psis will cross bats. Wednesday afternoon Beta Theta Pi and Delta Upsilon will contest for honors. Phi Delta Theta will meet Psi Upsilon today or tomorrow. Thursday will see a championship game at 2 p. m., Phi Delta Theta vs. Phi Psis.

LIBERAL ARTS SENIORS.

At a meeting of the seniors of Liberal Arts yesterday morning a committee was appointed by President Harry Baker to see the faculty about excusing all seniors with a certain elass standing from examinations. The committee is Messrs. Sturgess, Young and McLachlan.

A committee on "cribbing," consisting of Messrs. D. Kelly, Baldrey and Sowers, was also appointed.

PERSONALS.

ANNUAL BOOK DAY IN HISTORY

A Substantial Addition Made to the Library ---Remarks of the Speakers Well Received.

Last night the Annual Book Day in the History Department took place and was a great success in every way. All of the seminars since 1893 presented fine gifts of books to the historical library. Such gifts speak well for the interest taken by the graduate students in the important work of enlarging the present library.

It is a well known fact that the better the facilities the students have to work with, in this case books, the better work they can do. Professor A. C. Flick called on the following persons, in most cases the secretaries of the seminars, for a few remarks in presenting the gifts for their seminars. These persons represented the seminars from 1893 to 1905 with the exception of the year 1897, when there was no seminar. The persons called upon to speak were L. P. Smith, Mrs. W. P. Graham, A. T. Levy, John Sadler, E. E. Sperry, Harley Crane, Miss Marion L, West, H. M. Stacey, Carl Dorr, John C. Tennant, Miss Blanche Bunn, E. D. Eddy, Miss Edna McKinley, D. O. Decker, Miss Eva Smith, Miss Frances Hitchcock, J. R. Rubin, Miss Knapp, Orville Matthews, Miss Neff, Oscar Brown.

Contributions of five dollars each were received from Leon Haley, Ethel Bowles, Anna Rice, Dr. F. D. Leete and Harvey Kelly.

After the meeting refreshments were served and a pleasant social time enjoyed by all.

THE COLLEGE SING.

Interest in the "sing" to be held at 6:30 tomorrow evening, on the east slope at Fine Arts College, is constantly increasing. It is expected that six to eight hundred men will be in attendance. Plans for the Columbia game will be discussed after the "sing."

ITEMS OF INTEREST.

Dean Kent has returned from New York city, where he attended the convention of Tan Beta Pi, an honorary engineering society.

Dr. Holzwarth has been elected a member of the committee for the Germanic Congiess to be held at St. Louis Sept. 16 and 17. The congress is for furthering Germanic culture, art and literature.

Last evening Dr. Holzwarth deliverd the last lectuae of the Fortnightly club at Canastota, N. Y. It was given at Carnegie Hall and was on "Germany and the Germans."

TEAM LEAVES FOR PRINCETON.

The baseball team, accompanied by Manager Manley and Coach Costello, will leave for Princeton today at 12 o'clock at the D. L. & W. station. The players are Moore, Curtis, Wilbur, Baker, Rutherford, Burrell, Monaghan, Ward, Truax and Dinneen. The team is in fine condition to play Princeton tomorrow.

As the Chi Alpha Sigma baseball team did not show up yesterday afternoon, Umpire Webster forfeited the game to the team representing the boarding house of 802 S. Crouse Ave.

NOTICES.

A regular meeting of the senior class is called in room 33-34 of the Liberal Arts College on Friday, May 6, 1904, at 4 p. m. The committee on legacy to the University will report and a class tax be voted on at this meeting.

ROBERT E. WILCOX, Pres.

If there are any members of the 1905 Onondagan Board who are anxious to see the finished book, I have had a complete copy for some time. It would be well perhaps to drop in at the house almost any time and see how the work looks, at least, and to obviate any glaring errors. A. F. RIDER,

The German plays which are rendered this evening are worthy the attendance of the major part of the student body. The plays are interesting from beginning to end, and every person in the cast is thoroughly drilled. The public, as well as student body, is welcome to attend. Admission is only nominal.

There are only a few weeks remaining in which the seniors can enjoy college life to the full. One of the greatest opportunities of their course now confronts them. It is the privilege of inaugurating and firmly establishing the custom of "college sings." This will not only afford them great pleasure during the remainder of the year, but its benefits to ensuing classes will be untold. The seniors should be present in a body to start the movement and assure its success.

1907, ATTENTION.

Upon each and every man in the class of 1907 rests a responsibility which you should seriously consider. Upon what you do tomorrow depends the future of a custom which has come to mean a great deal to the students of Syracuse.

If any of you should be misguided by the idea that it is your duty to do something which will startle the community as did the Mt. Olympus bombs last year, you should hasten to rid yourself of that notion immediately. The University does not look to you for any such demonstration of the fact, if fact it be, that there are a few persons whose green caps should not be buried.

We are looking to you for the healthful amusement which a class united in a display of youthful and yet manly enthusiasm can give us. We are looking to you for such a parade as was never before engaged in by Syracuse freshmen. We are looking to you for the clear demonstration of the fact that you are worthy in every way to enter upon the new responsibilities which will be yours as sophomores.

We are entrusting to you the preservance of a beloved college custom. The entire University is confident that her trust is not misplaced.

NEWS OF ALL THE COLLEGES.

NEBRASKA.

There is some talk here of depriving the "co-eds" of the right to vote for candidates for the athletic board The majority of the faculty and students interested in athletics favor the move.

The controversy over the matter of freshmen caps reached its climax when the freshmen overruled custom and decided to wear them. Their coming out in the new headgear is awaited with much interest.

BROWN.

Fellowing closely on Brown's overwhelming defeat at the hands of the Yale 'varsity nine, the victory over Princeton came as a complete surprise. Brown won by the comfortable margin of 7-3.

The freshman banquet held Monday evening of last week was a complete success. The sophs were beginning to make things interesting when one of the deans interfered and put a stop to all hostilities.

YALE.

The following football games will be played on Yale field next fall: Wesleyan, Trinity, Holy Cross, Pennsylvania State, Springfield Training School, Syracuse, Brown and Harvard. The only foreign games are those with Columbia, Princeton and West Point.

Spring football has begun in earnest. A punting contest is to be inaugurated. Cups will be awarded to men getting the first and second places.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,
JAMES A. TEN EYCK.

NO REGATTA ON LAKE

Athletic Governing Board so Determines at its Meetlng Last Night.

The Athletic Governing Board met last evening in the rooms of the University Club in the Larned Block and definitely decided not to hold a regatta on Onondaga Lake this year. This decision was arrived at after taking into consideration several unfavorable circumstances. The Cascadilla crew of Ithaca has not organized this season and so was not able to accept the invitation to row the freshmen. Then, too, the regatta was scheduled to be held on the same day as the interacademic track meet, May 21. It was finally decided that the money at the disposal of the board might be better spent in sending well equipped crews to Poughkeepsie.

No action was taken in regard to holding a track meet with Oberlin nor was any action taken in regard to adopting eligibility rules as the season is now so far advanced.

F. W. Hartwell '05 was appointed custodian of the athletic supplies to succeed Mr. Baker.

PRINCETON TODAY.

The 'Varsity baseball team left yesterday for Princeton, where they have arrived ready for their contest with the Tigers this afternoon. The Princeton team is reported to be in excellent condition, feeling confident after their recent victory over Cornell.

Captain Moore, however, can be relied upon to keep the Princeton batsmen on the anxious bench. Dinneen will be saved for the game with the Stars tomorrow if possible.

MOVING-UP DAY.

The plans for today, as outlined in yesterday's issue, will be carried through without interruption. The only exception is that the seniors will meet in the gymnasium at 9:35 to don cap and gown instead of at 9 as intended yesterday. This will allow all who have 8:50 classes opportunity to attend them. The chapel exercises will not be held until the seniors have marched in and taken their seats. Dean Smalley will call on Robert Wilcox, the senior class president, to take charge of the chapel Moving-Up Day exercises.

After chapel the freshman class will have charge of matters for the burial, parade and other features. The parade will be the great feature of the day with several hundred men in line, presenting unusual genius in the make-up of its members. Winchell Hall and the young ladies' fraternity houses will be elaborately decorated fer the occasion by the underclass students.

The group picture of the senior class of the University will be taken in front of Liberal Arts building directly after chapel exercises.

THE GERMAN PLAYS.

The plays, "Papa hat's Erlaubt" and "Der Fahrende Schuler in Paradies," given by the German Club last evening in Liberal Arts chapel, were a decided success and reflect great credit upon the instructors of the department who trained the casts. The ten members of the casts each took their parts in a very creditable manner.

INTER-FRATERNITY GAMES.

The following are the results of the games played yesterday in the interfraternity series: Phi Kappa Psi 16, D. K. E. 13 and Phi Gamma Delta 14, Chi Alpha Sigma 12. This afternoon the Beta Theta Pi will play the Delta Upsilon nine on the oval at 2 o'clock.

THE SUMMER SCHOOL

Advance Sheets of Prospectus Out---School Greater Than Ever.

The advance sheets of the prospectus for the summer school which have just been received from the printer show a vast improvement over other years in the plans for the school this summer. The number and scope of the courses have been enlarged and the faculty much strengthened. Besides the representatives from the regular University faculty there are several members who have been secured just for the summer school alone. These include the heads of two of the departments of the local high school, W. D. Lewis of the department of English, and E. H. Kraus of the department of science. Principal W. K. Wickes of the high school and Superintendent of Schools A. B. Blodgett are on the list as lecturers, and Gilbert G. Benjamin of the faculty of Yale and Arthur W. Towne are enrolled as members of the faculty.

Courses are given in all the Liberal Arts departments. They are the same as some of the regular courses only abridged and in some cases not so thorough. Credit to the amount of six semester hours will be given students pursuing regular courses in the College of Liberal Arts and wishing credit for work done during the summer. In this way many studonts who are behind in their work will have an opportunity to make up back work. Opportunity will also be given to those who wish to make up entrance work or who wish to tutor in some particular subject to do so.

Besides the regular courses arranged the management have made preparations for an extensive course of lectures to be given by the faculty of the school, The course will be free to the students, but the public who wish to attend will be compelled to buy tickets. Many of the lectures will be illustrated.

The booklet will probably be ready for distribution the latter part of next week.

RESOLUTIONS.

Whereas: God in His infinite wisdom has seen fit to take from our midst one of our dearly beloved brother, John A. Malloy, whose kindly character and friendly interest was well-known to us all, therefore, be it

Resolved, That these resolutions tendering the sympathy and condolence of the Syracuse Chapter of Delta Chi Fraternity be extended to the family and relatives of our deceased brother for their recent loss;

That they be inscribed on the minutes of our Chapter Roll, and

That they be published in the college papers.

This afternoon the 'Varsity baseball team will meet the Tigers at Princeton. This game will show better than any preceding the true calibre of our men. The best wishes of the student body for success go with the nine, for everyone believes it will be equal to the occasion.

Moving-Up Day with all the fun and jollity is with us, but beneath the surface there is a more serious significance which should not fail to attract our attention.

What New Year's Day is to the world at large, Moving-Up Day is to Syracuse; a time when the bells ring merrily, but when serious thoughts mingle with the jollity.

Amid all the enthusiasm of the celebration of "moving-up" we should find some little time for resolves as to what we are to do for Syracuse during the coming year. The college sing tonight should be the means of strengthening those resolves.

It hardly seems possible that some of the students should display such a great lack of common sense as is evidenced about the campus. The University has gone to considerable expense recently in beautifying the campus with new additions to its lawns. Everyone has noticed this attempt to better campus conditions, and has been pleased by the same.

Some of the underclassmen we believe have persistently endeavored to ruin the new lawn plots, and several of the old, by persistently crossing over the same. Short cuts may be all right in places long used as such, but the new cuts recently made are proofs of underclass folly.

One of the most prominent cuts of this nature is being made down in front of Smith College to University Place. Some hair-brained underclassman even went so far on one occasion as to break down some of the shrubbery donated by our generous benefactor, Lyman C. Smith.

It is about time such individuals were summarily brought to time.

AT THE BASTABLE.

Julius Cahn presents the greatest comedy success ever written, "David Harum," from the novel by Edward Noyes Westcott, the first half of the week. Syracuse has a personal interest in "David Harum," and the announcement of a return engagement of that popular play will undoubtedly revive this interest and draw large audiences to the Bastable. There are 14 characters in the comedy, and they are said to be in capable hands. Mr. Turner in his make-up as Harum follows minutaly Mr. Westcott's description of the old fellow. His portrayal is said to be a successful one. Matinee Wednesday.

THE "SING" TONIGHT.

The first college sing will be held on the east slope of Crouse College hill at 6:30 this evening. The senior cheermasters, Walter Bayliss and George Warren, will have charge of the sing, assisted by the members of the Glee club.

Six to seven hundred men will be present, representing every college of the University. The men will be drilled in the college yells as well as the songs. After the sing, Ernest Sumner, president of the student athletic association, will have charge of the meeting.

Plans will then be made for the Columbia game to occur this Friday, and the Cornell meet fur Saturday. As the sing and meeting will both be over by 7:30 p. m., every hill student is expected to be present, for the occasion does not conflict with any other enterprise or work.

CANES ARRIVE.

The men of the class of 1906 were greatly pleased to learn yesterday that their upperclassmen canes had arrived. The manufacturer with whom Mr. Sabey had placed the order for these canes has been delayed in shipping the order. It was only by the use of drastic measures that Mr. Sabey succeeded in getting the canes in time for use today.

MOVING-UP DAY CELEBRATED

Noted for its Excellent Program---Chapel Exercises--The Parade.

The long expected day has come and gone. The several classes are congratulating themselves on their new-found dignity, while the authorities are more than pleased over the way in which the day was celebrated.

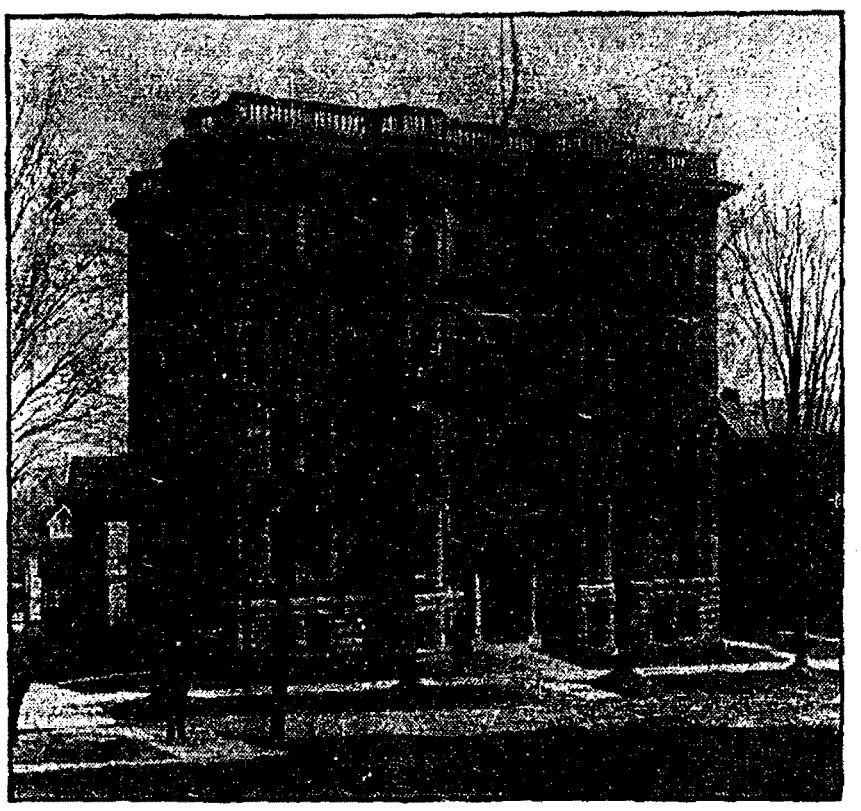
The students who expected one of the old time celebrations, from midnight on, were disappointed—happily for the time honored custom and the former freshman class. The latter did a few stunts preceding the chapel exercises. At midnight of Tuesday the 1907 men ran their flag up the flag-pole to the chagrin of "Doc" John Cunningham. But it did not stay there until break of day. During the early hours of the morning the class burned the regulation fire of old wood gathered without loss to anyone.

The decorations of the various fraternity houses in celebration of the day were very elaborate. College and class colors, pennants and streamers of many colors, combined with class numerals, were displayed with artistic and pleasing effect. Winchell Hall was noteworthy for its efforts in this direction.

Banners appeared in nearly all of the window, while from the flagstaff floated a mammoth 1906 flag. The entire effect was artistic, giving evidence of a pronounced ability in the use of decorative materials. The photograph which the Orange secured does not show up the banners. It shows a faithful policeman who guarded the banners from any possible assault.

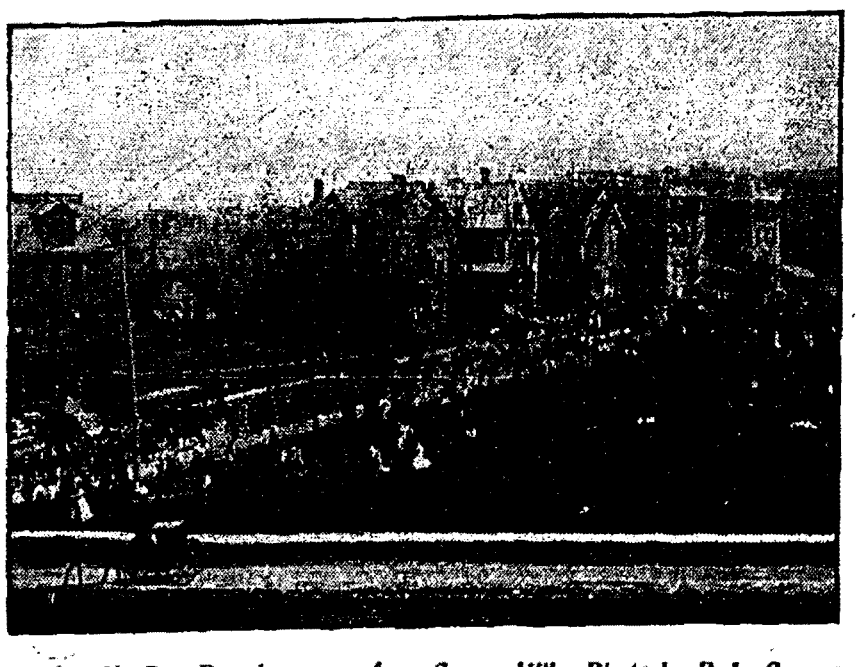
The chapel exercises were formally opened in Liberal Arts chapel by the seniors, in cap and gown, walking in and taking their seats. It was unfortunate that a sufficient number of seats had not been reserved for the seniors, compelling many of the men to stand throughout the exercises.

After the regular chapel exercises Dean Smalley turned the meeting over to President Wilcox of the senior class. In a few well-chosen words Mr. Wilcox explained the significance of the day, and introduced Dr. Charles J. Jewell '99 as alumnus speaker. The latter gave a humorous and spirited talk on the responsibilities the seniors were soon to encounter in the world. In closing he urged everyone never to forget our university.



J. Robert Rubin spoke for the 1904 class, extolling its many services to the University and pleading that each student in the University work for his fellow men and "Old Syracuse." Robert Parr did similar duty for his class, as did William Y. Boyd for 1906. Both gave some excellent advice to the classes following them. Harry Farrington made an excellent speech for the 1907 class. Considering all things, it was the best undergraduate talk of the day. He spoke of the training 1907 had received from the 1906 men, its desire for law and order and its sincere regard for the authorities. He paid Dean Smalley and Chancellor Day well deserved compliments, which would have been even more fitting for the 1904 and 1905 men to utter. The exercises were terminated with the seniors departing from the chapel first

The latter soon after assembled on Liberal Arts steps, and had two group pictures taken. They then dispersed to watch the great 1907 parade, which completed the day's program.



The parade was a marvel for its unique features and ingenius make-ups of the participants. The Fine Arts band with its appropriate banner led the grand procession of pageants. The band was recruited from nearly all the nations represented in America today. It also contained some of the well-known humorous newspaper characters. The harmony produced by this band was a joy and revelation to all auditors.

Rev. Elijah Dowie followed the band

PRINCETON WINS.

Syracuse Outclassed in Batting but Fielded Well--Score 9-1.

(Special to the Syracuse Daily Orange)

PRINCETON, N. J., May 4.—Princeton batted out a decided victory this afternoon, outclassing Syracuse in stick work, finding Moore for repeated hits and solving Dinneen's curves all too easily,

The game was played on a grass diamond renowned for its evenness of surface. Syracuse fielded almost faultlessly, the infield doing particularly brilliant work.

Final score: Princeton 9; Syracuse 1.

Selleck the Hatter, 341 S. Warren St.

NEW MUSICAL FRAT.

Syracuse is to have a chapter of the national musical fraternity known as the "Sinfonia." This strong organization which has chapters in many of the leading conservatories of the country is growing rapidly and has many famous representatives in musical fields.

Last evening Mr. George C. Williams of the Ithaca Conservatory of Music and a high official in the "Sinfonia," conducted the initiation of the nineteen charter members of the Theta chapter. The initiation took place in Fine Arts College after which the members proceeded to the Warner where a splendid banquet was served. Mr. Louis B. Phillips was toastmaster. Dean McChesney responded to the toast of "Welcome" The other toasts were: "His-story of Music," Dr. Parker; "Sinfonia," Mr. Williams of Ithaca; "Musical Sorority," Mr. Howard Frederick; "Theta Chapter," Mr. Frederic Snow, and "Initiates," Mr. Herbert Hill. Mr. Phillips proved an excellent toastmaster and the speeches were thoroughly enjoyed by those present.

The following names will be recorded as charter members of the Theta chapter of Sinfonia:

Honorary Members—Dean Ensign McChesney, Dr. George A. Parker.

Associate Members—Prof. Richard G. Calthrop, Louis B. Phillips, Howard M. Frederick, George A. Russell, Harold M. Adkins, William A. Snyder, C. C. Reiner.

Active Members—Frederick F. Snow, Morriss E. Stephenson, Ernest Fahnestock, William C. Stickles, W. D. Collins, H. C. Benson, F. A. LaFevre, Charles R. Stever, Harry D. Phoenix, C. S. Graves, Harry S. Mason, Herbert A. Hill.

THE GERMAN PLAYS.

Two short German plays, "Der fahrende Schuler im Paradies," and "Papa hat's erlaubt," were presented in the chapel of the Liberal Arts college Tuesday evening by members of the German Club. Printed synopses of the play enabled those less familiar with German, to follow the action.

The scene of the first play is laid in the 16th century. It is one of the plays which Hans Suchs wrote for his pupils to enact during their yearly celebration of Fast Nacht. The old German customs were historically true and very fine. The actors read their lines with an accent and skill which showed careful preparation.

"Papa hat's erlaubt" was very interesting and amusing and was particularly well rendered. Mr. W. Lowe as Dr. Liebrecht brought out the life of the literary man at home in an amusing way, and Miss Claudia Allen as his wife did well as the German housewife, anxious and careful. Miss Dahlmann acted the part of the eccentric poetess with all her characteristic intensity and feeling, highly amusing the audience. A very pretty love scene took place between Elsie and Karl Liebrecht, a nephew of the author. Miss Kupfer's modest and charming manner was very effective. Mr. Stoecker was admirable as the rough and ready butcher; his rendering of the dialect of the middle class was exceedingly good.

A great deal of credit is due to Dr. Otto for his careful drilling of the casts.

Moving-Up Day was celebrated yesterday with pleasure both to the students and authorities. The former, especially 1907, proved that they were equal to the demand for perpetuating a unique and honored custom of "Old Syracuse." The authorities were very much gratified to find that their trust in 1907 was well deserved.

The seniors in all their dignity appeared in cap and gown for the first time. The day was full not only of pleasure but profit to everyone concerned.

The legacy committee of the class of 1904 will doubtless recommend a very suitable memorial in its report before the class on Friday. However, no legacy can be left to the University which means more than the establishment of a college institution or college custom.

A class may tax itself until the purse strings break; but nothing that can be bought with money can equal in value the firm establishment of such a custom as the college sing.

During the remainder of the spring the seniors particularly should unite in making these Wednesday evenings memorable in Syracuse history. By taking a live interest in these gatherings, the members of the class of 1904 will be leaving to the University a priceless heritage; and will be securing for themselves the most valuable possession which falls to the lot of the college man or woman—a store of pleasant memories of those college days which fled all too fast.

GREAT ENGLISH ORATOR TONIGHT

The famous London preacher and author, Mark Guy Pearse, lectures at University Avenue church tonight at 8 on "Old Folks at Home." The opportunity to hear a man who has had such influence in England's metropolis is one of which many will be glad to avail themselves. The tickets are 50 cents each, and may be had at the Co-Operative or Walker's drug store. From all indications there will be a large house, as in Philadelphia, New York, Montreal and other cities where the eloquent and witty Englishman has appeared.

PERSONALS.

Walter Dyack, the State secretary of the student department of the Y. M. C. A., visited on the hill over last evening.

L. L. Turner '07 has been confined to the Hospital of the Good Shepherd since last Saturday. He hss had two operations for an internal abscess in his left ear.

This year's competition for the Van Allen Latin Verse Prize will close May 15.

There still remain fifteen copies of the 1904 Onondagan, which may be obtained by notifying the business manager, 1005 East Genesee street. Unpaid subscriptions may be left at the Co-Op.

HYZER W. JONES, Bus. Mgr.

If there are any members of the 1905 Onondagan Board who are anxious to see the finished book, I have had a complete copy for some time. It would be well perhaps to drop in at the house almost any time and see how the work looks, at least, and to obviate any glaring errors.

NEW FOOTBALL RULES.

The following changes in football rules for next fall were made by the national committee at its Philadelphia meeting:

Goal from field to count four points instead of five.

Six men must be in the line of scrimmage at all times.

If seven men are in the line when the ball is snapped, the first man to receive the ball from center may run with it, providing he goes outside the second man from center—that is, the tackle.

Team which is losing can have choice of kick-off or the wind, but cannot have both.

The team which loses twenty yards by penalty is not to be given first down.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,
JAMES A. TEN EYCK.

on a mule. The latter preceded an ideal chimpanzee, or monkey, and the customary organ grinder. The "monk" took the part to perfection. A "real" hearse carrying a green-green coffin, with its conclave, completed the first division.

In the second brigade, led by the House of Providence band, the features were the green cap and gown men, the Haven Hall damsels with beautiful make-ups, the 1907 engineers in green, carrying umbrellas, and the drag with the 1907 crew men in it.

The third division was led off by the 1907 football squad in regular costume. Then came one of the features of the day. It was no less than the great King Lear with golf stick in hand, accompanied by the "small boy" who stole(?) his golf ball, and a policeman. To make fitting background for this great theme, came the "Lily Whites." The band of Indians with Buffalo Bill and an appropriate army of small boys completed the best Moving-Up Day parade ever seen in Syracuse. Notwithstanding their arduous duties in making the procession a decided success, the 1907 men buried the "green" cap with due ceremony.

'VARSITY LOSES TO STARS

Heffernan Strong in the Box for 'Varsity--- Sensational Catch by Monaghan.

The 'Varsity ball team was defeated by the Syracuse Stars at Star Park yesterday afternoon by the score of 6 to 0. Boland officiated in the box for the 'Varsity for the first five innings, and Heffernan for the remainder of the game. Curtis was behind the bat.

The game was witnessed by a large number of University students. However, as they were somewhat scattered through the crowd there were no college yells given.

The fielding of the 'Varsity team was of a very good order but several wild throws were made which were in part at least responsible for the size of the score.

The sensation of the game was Monaghan's difficult catch after a long run in the seventh inning. He made a dive for the ball and in catching it fell, but when he rolled to his feet he held it.

In the first inning Boland was firm and retired the professionals in one, two, three order, but in the second a two-base hit placed a Star on second and that together wieh a fumble and a wild throw netted the first run of the game.

The next inning was Boland's bad inning. Four runs were secured off him. He was hit hard at critical times and this, coupled with two bad throws to first, gave the Stars a lead that was rather discouraging. The only other score of the game was made in the fifth inning when a safe drive sent a man to first base. A wild throw to the catcher let the runner steal third after which a safe drive sent him home.

Heffernan replaced Boland in the box at the beginning of the sixth inning. After he took the box there was no serious danger of any more runs being made by the professionals.

McSorley and Trainer for the Stars also replaced Fifield and Urquhart as battery.

The score by innings:

'Varsity....	0	0	0	0	0	0	0	0	0	0—0
Stars.....	0	1	4	0	1	0	0	0	x	—6

"MOVING-UP" ECHOES.

The following conversation is reported to have taken place between two seniors in cap and gown directly after the moving-up ceremonies:

John—"A pretty good speech that freshman gave us."

Art—"It was pretty fair; but he made one terrible blunder."

John—"How's that?"

Art—"He addressed us as 'past seniors,' and no one knows whether he's passed or not."

WOMEN'S ATHLETIC ASSOCIATION

A large and enthusiastic meeting of the women students interested in the promotion of athletics for women was held in the gymnasium yesterday afternoon. It was decided at this meeting to organize a Women's Athletic Association. In the spring and fall the members will advance the cause of tennis and field hockey; in the winter they will give up their time to basketball and fencing. It was further decided to hold an interclass tennis tournament in the near future. It is probable that prizes will be offered both for singles and doubles.

The following officers were elected: President, Katharine Sibley; vice president, Mildred Parker '06; secretary, Ada Trolan '06; treasurer, Helen Potter '06. Executive Committee—Miss Sibley, Maude Merritt '07, Elizabeth Opp '07, Lois Kupfer '06. Committee on By-Laws—Antoinette Burt '06, Nina Metcalf '05, Harriett March '06, Evelyn Cockran '07, Florence McMillen '06, Julia Whipple '06.

A GRAND SUCCESS.

The custom of college sings was inaugurated and firmly fixed Wednesday evening. At 7 p. m. a crowd of about five hundred men had met on the east slope of Fine Arts College hill. The greatest enthusiasm and spirit was shown in the singing and cheering, which was under the direction of Senior Leader Bayliss, assisted by the Glee club. All the college and many popular songs were sung. After an hour of enjoyment in the presence of a large audience, the men dispersed. Everyone voted the custom "a fine stunt." The next sing will be at 7 p. m. next Wednesday.

SYRACUSE MEETS COLUMBIA TODAY

Strong Blue and White Aggregation Will Endeavor to Avenge Last Year's Defeat.

The Columbia baseball team, together with the coach and manager, will arrive in Syracuse some time this forenoon. Columbia has a strong team this year, and will endeavor to avenge the defeat administered to her last spring by the Orange.

The game promises to be one of the most exciting and most closely contested which will be seen on the oval this season. It is expected that there will be a large crowd to witness the game, and that the cheering and singing will be a prominent feature. The game will be called at 4 o'clock.

Coach Costello did not know definitely the Syracuse line-up for today at the time of going to press. It is likely that either Dineen or Hannon will be in the box for the Orange, and there may be several changes in the outfield.

The batting order of the two teams will probably be:

Syracuse—Burrell, 3b; Monaghan, lf; Baker, 2b; Wilbur, 1b; Curtis, c; Rutherford, ss; Ward, cf; Moore, rf; Dinneen or Hannon, p.

Columbia—Collins, ss; Taber, 2b; Bloomfield, 1b; Frambach, c; Tyler or Tilt, p; Cannon, cf; Williams, rf; Godwin, lf; Nohowel, 3b.

PERSONALS.

Robert Kelly '07, engineering, is seriously ill at his home in this city with rheumatism of the heart.

Many members af the 1904 clas who are going to teach, have already secured excellent positions. Miss Marshall will teach the Ancient languages at the Jordan, N. Y. Academy. Miss Cooley will have charge of the Latin work in the Goshen high school. George Fowler will have charge of the Science department at the high school in Little Falls, N. Y. Raymond E. Dakin has accepted an excellent position as teacher of drawing and manual training at the Blees Military Academy, Fort Blees, Mo.

SYRACUSE-HAMILTON CHESS TOURNAMENT.

Arrangements have been made by Luke F. Ranney, manager of the University Chess Club, for a Syracuse-Hamilton chess tournament to be held at Clinton May 9th.

Hamilton is reported unusually strong this year, owing to the recent acquisition of one of Pennsylvania's strongest players.

The following men will take the trip: Parker F. Scripture '04, captain; Harold E. Truran, Luke F. Ranney, Charles H. Stevenson.

CHAPEL ADDRESS.

Rev. Guy Pearse, the famous English lecturer who spoke last evening at the University Avenue Church, will address the students in chapel this morning. A large number should be present to hear him.

The sophomores of Winchell Hall entertained in honor of the freshmen on the evening of Moving-Up Day. At this time the new flag pole was formally presented to the Hall by Olive Smith as spokesman for the sophomores.

NOTICES.

A meeting of the seniors will be held Friday at 2:30 p. m. in room 33-34.

ROBERT WILCOX, Pres.

Women's classes in swimming will meet every Tuesday, Thursday and Saturday at three o'clock.

KATHERINE SIBLEY.

Students in English I need write no more weekly themes for the rest of the term. This does not apply to the reports on reading, J. M. RICHARDS.

A lecture upon Latin Verse Writing will be given next year in Latin X (Roman Literature, Assistant Professor Bushnell).

This year's competition for the Van Allen Latin Verse Prize will close May 15.

There still remain fifteen copies of the 1904 Onondagan, which may be obtained by notifying the business manager, 1005 East Genesee street. Unpaid subscriptions may be left at the Co-Op.

LESSONS TAUGHT.

Many were the lessons taught on Moving-Up Day, a few of which we desire to mention.

The new sophomore class peoved itself equal to the occasion in ushering in a new era of a splendid college custom.

***

The chapel of Liberal Arts is entirely inadequate to hold any future Moving-Up Day exercises. Fine Arts hall should be used for this and similar occasions.

***

The crowning success of the day, the "College Sing," gave evidence of the value of the persistent efforts of the college press. Last fall, when editorial suggestions were made in the Daiyl Orange, nothing was done to establish the custom. However, when the Orange appeared Monday with the plans outlined complete for the Wednesday evening sing, the goal of our ambition was reached, and in the success of the sing we found an evidence of the fact that a daily newspaper can be of service in the development of a healthy college spirit.

***

The belief that there is a peculiar species of the genus homo in college was forcibly brought forward at the sing. Said species is none other than the "butt-in-skis," and, surprising to note, there seemed to be three or four of this species in the dignified senior class on that occasion. We hope this species will be noted by its absence on future occasions.

Today our 'varsity nine meets the Columbia 'varsity on the Oval. The game will be one of the best on the schedule. The Orange men are rounding into the best condition of the year. The Light Blue and White 'varsity have made an enviable reputation so far in the season, and promise to do their best today.

The largest crowd ever seen on Archbold Field should be present to witness the struggle. There is no reason why two thousand students should not be present and cheer and sing the team on to victory.

Each cheering master should look to his class laurels in this matter today in a way to surpass all previous records.

COLUMBIA WINS.

Syracuse Gets a Good Lead, but Loses in a Loose Game.

Syracuse lost a loosely played game yesterday afternoon to the Columbia 'varsity, after having the contest well in hand. The sensational features were the catches of Monaghan for Syracuse and Fitzgerald for Columbia. The double play in which Rutherford and Burrell caught two light Blue and White men napping on second and third bases was also worthy of note.

Syracuse secured a lead of four runs in the first five innings by heavy batting assisted by several errors on Columbia's part. Dinneen pitched a splendid game up to the time he was taken from the box. Moore started in well in the sixth, but in the seventh a home run, a two base hit and two singles tied the score for Columbia. In the eighth, Tyler batted out a three base hit and scored on a long fly by Godwin.

The Syracuse batsmen were unable to make connection with the curves which Tyler put over the plate during the eighth and ninth innings.

The victory went to Columbia fairly on merits, the visitors having clearly the best of the contest after the substitution of Tyler for Tilt in the fourth.

Cornell and Syracuse meet on the Oval today in a track contest which promises to be close and interesting from start te finish. The Orange track team lacks several of its best men for the struggle, but hopes to make a fine showing nevertheless.

Today's events will furnish a better opportunity for every student to show his loyalty to the team than any past occasion. The student body to a man should be present, and back the team until the last event is completed. May the best team win.

It is welcome news to all students and friends of the University that the women have formed an athletic association. Such an organization cannot fail to greatly aid the University as an institution, and especially the young ladies who take an active part in it. The work as outlined will be very helpful, and as well afford much pleasure and amusement. But the formation of this association again suggests the need of some similar organization among the men for the promotion of tennis. That tennis is to be a live sport this season, and one that is to play an important part in the Universlty life is plainly demonstrated by an observation at the courts. All are nearly always engaged, and people waiting to get a chance. Other colleges have tennis associations and meets with rival institutions. We hope that the time may not be far distant when Syracuse will be represented in intercollegiate tennis tournaments.

There is but one regret connected with yesterday's chapel exercises. The attendance was large, and the famous English orator was at his best; but the occasion was marred by the ringing of those bells, "jangling bells."

It is perhaps wise to make a rule that chapel speakers shall not encroach upon the 10 o'clock recitation hour; but it is a mark of even greater wisdom to make an exception to a rule at the proper time.

When the chapel is filled with students eager to hear the speech of a truly great man, is it wise to sacrifice the inspiration of such a speech in order to strictly observe a mere rule?

When the students of Syracuse have the opportunity of listening to a great man, why deny them the full benefit of that opportunity? "The professors who conduct the 10 o'clock classes are no less great," some will say.

If this be true, and we are glad to believe it is, we may look forward to the speedy adoption of a more flexible rule, a rule which will "ring off" the mediocre speaker and which will permit the great one to continue. "Greatness recognizes greatness."

NOTICE TO SENIORS.

THE NATURAL FOOD CO.,

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,
JAMES A. TEN EYCK.

DR. PEARSE IN CHAPEL.

The crowd which filled the chapel to overflowing yesterday morning heard one of the most delightful short talks of the year. Rev. Guy Pearse, the famous English lecturer, held the audience as if in a trance for twenty minutes which were all to short. He gave a sermonette which for graphic description, beauty of thought and heart-felt interest has not been surpassed during the year. He spoke of God's love for man, and its manifestations. It was unfortunate that someone had granted him only twenty minutes in which to speak.

After the exercises the usual class singing and cheering was indulged in Dr Pearse received the hearty cheers for himself with deep approval.

SENIOR CLASS MEETING.

A meeting of the 1904 class was held yesterday afternoon in Liberal Arts College. George Hares reported several gifts suggested as appropriate for the class to give to the University as a legacy but no definite action was taken on any. Reports were also made by *the chairmen of the executive and program committees on their plans.*

A motion was made and carried that the members of the class wear the cap and gown at all University functions and at all classes except in the afternoon. The legacy committee were given another week to eomplete their work, and the meeting was adjourned.

CORNELL WINS TRACK MEET

Gardner, Lowe, VanDuyn and Ralph Best Point Winners for the Orange--Cornell Strong in Runs.

Cornell won the dual track meet Saturdap afternoon by a score of 84 1-2 to 32 1-2 points. The meet had one redeeming feature for Spracuse. It was conducted more expeditiously than any meet in the past three years. The weather conditions were almost ideal, with the exception of a breeze which hindered the runs somewhat.

Syracuse won three firsts and tied for one first place. In the 440 dash Ralph secured the pole. He took the lead from the start and was never headed, winning in 53 seconds. Captain Gardner proved he was still with the intercollegiate leaders in the pole vault when he won out by a vault of 11 feet and 4 inches. The second place man could only clear 10 feet 6 inches. Van Duyn won an easy first in the hammer throw with a throw of 145 feet 8 1-2 inches. The running high jump was

CAPTAIN HARRY L. GARDNER.

one of the most exciting events of the day. It was finally ended as a tie for first place between Lowe of Syracuse and Cairns of Cornell, with the bar at 6 feet 1 inch.

The men who did the best work for Cornell were Sears in the dashes, Schutt, the intercollegiate champion, in the distance events, and Cairns in the low hurdles and high jump. Cole for Syracuse gsve Sears a close call in both the dashes.

The half mile run was somewhat marred by the rough tactics used by a Cornell athlete on a Syracuse runner. Professor Grover, a member of the Oberlin faculty who was present, said he was surprised at the self-restraint shown by the Syracuse men on this occasion. In speaking of the Oberlin track team Professor Grover said to an Orange reporter, "I think our track team will show up well against Syracuse next Saturday. We are strong in the runs, but weak in the weight events. We have no one to equal your pole vaulter or high jumper." Professor Grover expressed himself as very well pleased over the way in which the meet Saturday was conducted.

Summary of meet follows:

100 Yard Dash—First heat, F. M. Sears, Cornell, won; H. O. Cole, Syracuse, second; time 10 2-5 seconds. Second heat, F. G. Wallis, Cornell, won; W. W. Baldwin, Cornell, second; time 11 seconds. Final heat, F. M. Sears won; H. O. Cole, second; F. G. Wallis, third; time 10 1-5 seconds.

120 Yard Hurdle—L. Ashburner, Cornell, won: A. Vonnegut, Cornell, second; W. C. Lowe, Syracuse third. Time 16 3-5 seconds.

One Mile Run—B. Smith, Cornell, won; W. E. Schutt, Cornell, second; D. C. Munson, Cornell, third. Time 4 minutes 47 seconds.

440 Yard Dash—S. A. Ralph, Syracuse, won; F. J. Herr, Cornell, second; J. L. Sechner, Syracuse, third. Time 53 seconds.

Two Mile Run—A. Plumer, Cornell, won; R. S. Trott, Cornell, second; C. F. Magoffin, Cornell, third. Time 10 minutes 25 3-5 seconds.

220 Yard Dash—F. M. Sears, Cornell, won; H. O. Cole, Syracuse, second: S. A. Ralph, Syracuse, third. Time 22 4-5 seconds.

220 Yard Hurdle—E. Cairns, Cornell, won; A. Vonnegut, Cornell, second; W. C. Lowe, Syracuse, third. Time 26 4-5 seconds.

Half Mile Run---W. E. Schutt, Cornell, won; D. C. Munson, Cornell, second; B. Smith, Cornell, third. Time 2 minutes 6 2-5 seconds.

Putting 16-pound Shot---J. F. Porter, Cornell, won; R. W. Rogers, Cornell, second; C. Van Duyn, Syracuse, third. Distance 41 feet 11 inches.

16-pound Hammer Throw—C. Van Duyn, Syracuse, won; J. F. Porter, Cornell, second; L. A. Wilder, Cornell, third. Distance 145 feet 8 1-2 inches.

Pole Vault—H. L. Gardner, Syracuse, won; J. B. Phillips, Cornell, second; J. P. Southworth, Syracuse, third, Height 11 feet 4 inches.

Running High Jump---E. Cairns, Cornell, and W. C. Lowe, Syracuse, tied for first; H. L. Gardner, Syracuse, and H. J. Porter, Cornell, tied for third. Height 6 feet 1 inch.

Running Broad Jump—G. W. Mosher, Cornell, won; R. C. Turner, Cornell, second; W. C. Lowe, third. Distance 21 feet 3 inches.

LEAGUE GAMES.

The result of last weeks fraternity league games leaves four teams in the lead for first place with a percentage of 1000. Beta Theta Pi by defeating Delta Upsilon, and Phi Gamma Delta by conquering Chi Alpha Sigma, join Phi Kappa Psi and Phi Delta Theta as leaders.

Phi Delta Theta plays Phi Gamma Delta Tuesday afternoon at 2, and Phi Kappa Psi meets the same team on Thursday. It is probable that Phi Kappa Psi will meet Phi Delta Theta in a championship game Saturday afternoon.

ANNUAL MEETING.

The Biological Association Making Extensive Plans for an Elaborate Program.

The annual meeting of the Biological Association will be held in the Biology Seminar rooms on the evening of May 14th. Arrangements have been made for an extensive literary program. At this meeting the senior and graduate theses will be read in part and discussed. A number of letters and communications will be read announcing gifts of books for the library and donations of specimens for the museum. A reception by the senior majors in biology will follow. The reception will be of an informal nature and refreshments will be served.

COMMUNICATION.

Editor Daily Orange:

In your Wednesday issue I noticed that the Athletic Governing Board had decided not to hold the annual regatta on the Lake. The main reason given was "lack of funds."

This decision must come as a great disappointment to nearly every student in the University, for who would not like to see the Orange crews race worthy opponents? Comparative few it is who can afford to see the great races at Poughkeepsie or even the Cornell regatta on Memorial Day, in which I am not certain that Syracuse is entered. And surely when the students support the navy, they desire to see the crews in some sort of a race.

No mention was even made in your article of the class races, which attracted so much attention last season. Can it be that this event is also to be blue penciled by our authorities? No "lack of funds" reason can have been assigned. These class races would make money.

Possibly some reverend seniors have not been able to see the crews race in former years, counting on witnessing such an event this season. How embarrassed they will be when questioned about the Syracuse crews to admit that they have never seen a race!

Hoping for your interest in perpetuating the infant custom of holding class races, I am Yours very truly,

AN OBSERVER.

MEN'S TENNIS ASSOCIATION.

There will be a meeting of all the men interested in forming a tennis association in room 33-34 today at 4:00 p. m. At this time an association will be formed and officers chosen for this year.

A challenge has been received from Hamilton college for a match with an Orange team. So soon as the association is completed, candidates will be tried out by match games for positions on the Syracuse team. The meet between the Hamilton and Syracuse teams will probably be held about the first part of June.

SENIORS!

Leave your orders for the senior group picture taken by Mr. Doust with Clarence W. Jones of Fine Arts college, Roscoe H. Knapp of College of Applied Science and John W. Heal of Liberal Arts college, who may be seen during chapel any day this week.

There seems to be an idea in some students, minds that the Daily Orange in criticizing the "butt-in-skis" intended the remarks for general application. We had no such intentions as we mentioned but one specific case. We believe it is always showing good form and spirit for an upperclassman to lead a crowd in cheering when the cheer master is not present or unable to lead.

The formation of the men's tennis association should prove a boom to the racquet wielders. The problem now to be solved is the selection of a first class team to meet Hamilton college. We certainly have some excellent material in the University. Every man with ability in this sport should get out and try for the team. With the good start made this year there is no doubt as to the game's future at Syracuse.

Y. M. C. A. CONVENTION.

The 35th annual convention of the International Y. M. C. A. will be held May 11-15 at Buffalo. It promises to surpass all previous conventions, for it includes both city and college Y. M. C. A's. Among the many widely known speakers to be present are Robert Speer, Rev. Campbell Morgan of London, England; Mr. H. S. Brockman, Missionary from China, and Mr. Carter, Missionary from India.

After the convention is over there will be a two days (May 16 and 17) conference of the presidents of the college Y. M. C. A's.

The Syracuse delegates to the convention are Messrs. L. C. Wright '04, and Roscoe Hersey '05, president of our Y. M. C. A.

BOOK DAY RETURNS.

As a result of the annual book day of the Historical department held last Monday, the department has acquired many new and valuable volumes, as well as a large sum of money to buy others. The total cash receipts were $120, all but $5 of which was given by students or alumni of the University. Besides this large sum of money, 105 volumes of historical works were presented to the department. Among these volumes are to be found works covering nearly every period of the historical study.

In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

VOL. I. NO. 170. SYRACUSE, N. Y., TUESDAY, MAY 10, 1904. PRICE TWO CENTS

NEW SHELL EXPECTED TODAY

Class Regatta Impracticable--Work of the Crews.

The new shell for the use of the University crews is expected to arrive today. Coach James A. Ten Eyck left last Friday for Cambridgeport, Mass., where the shell was built by William H. Davey, the builder of the Harvard, Yale and Wisconsin shells. The coach wished to be on hand to see to the shipping of the boat. During his absence Captain Robert Stone has had charge of the coaching.

Commodore J. F. Gramlich stated yesterday that it would be impracticable to hold a class regatta on Onondaga lake this year, as it would be very difficult for some of the classes to put a crew on the water.

The University crews are now rounding into fine shape as a result of their daily practice on the lake under the watchful eye of Coach James A. Ten Eyck. The coach says the crews have never been in better condition at this time of year. Every afternoon at 4:30 o'clock the candidates meet at the Court House to take the Baldwinsville car to the crew quarters. When they arrive at the shed the coach is always there awaiting them, as he goes out on the 4 o'clock car to see that everything is in readiness.

It takes only a few minutes for the men to get into the rowing suits. Only the 'varsity men have lockers; the freshmen hang their clothes on hooks and nails in the dressing room.

The freshman crew is generally the first eight out. The eights carry their own shells out to the float and put them into the water. After the freshmen have left the float the 'varsity men bring out their shell, and then the four-oared is launched.

After the crews have left the float the coach follows in the University launch. There have lately been so many students who wish to watch the crews practice from the launch that the coach has been obliged to request that no passengars be carried.

After the launch has overtaken the crews the coach generally gives his first attention to the freshmen. This crew is rowing unusually well for this time of year and the coach says it is in as good condition as the 1906 freshman crew was last year at this time. There is considerable difference between the long, even stroke of the 'Varsity and the somewhat irregular one of the first year men, but the latter have a faculty of sending their boat through the water. After taking the freshmen for about two miles up the lake he turns his attention to the 'Varsity. He takes the veterans the full length of the lake; and after giving them a short rest starts them on the return. At the two mile mark they pick up the freshmen and then there is a lively tussle for the last two miles. The 'Varsity is at the disadvantage of having already rowed about six miles, but the veterans generally win. However, the freshmen are in the race every minute.

After the shells are placed in the boat house there is a lively scramble to catch the car. Upon reaching the city the men go directly to the training table and are seldom back on the Hill before eight o'clock.

The order in which the crews generally row follows:

'Varsity---Stroke, Packard; 7, Rice; 6, Captain Stone; 5, Dempster; 4, Kimmel; 3, Kimberley; 2, Salisbury: bow, Squires; coxswain, Miller.

Freshmen---Stroke, Cummings; 7, Andrews; 6, Hale; 5, F. H. Brown; 4, Davis; 3, Robinson; 2, Spencer; bow, Armstrong; coxswain, Cornwall.

The four-oared shell is manned from the following candidates: 'Varsity men—G. S. Brown, Anderson, Smith and Lincoln. Freshmen—Stone. Woodard, Hares and Mount.

LIBERAL ARTS SENIORS.

A meeting of the seniors of Liberal Arts College was held in chapel yesterday. The report of the committee on "cribbing" was read and adopted. The report suggested that the strictest measures be taken at once by all the classes against this system of dishonesty. The other classes will be asked to adopt similar measures, and by final action in mass meeting stamp out this evil.

TENNIS ASSOCIATION FORMED.

A large number of men interested in the formation of a tennis association met in Liberal Arts College yesterday afternoon. THE FRENCH PLAY.

To be Given by the French Department ---Cast and Plans.

On Wednesday evening, May 11, in room 56 of the history department, the French club of Liberal Arts College will present Labiche's one-act comedy, "La Grammaire." This will be the first French play enacted by students of Syracuse University. The cast has been training for some time.

The comedy centers upon the inability of a rural politician named Caboussat to write correct French. Yet he passes as a savant among the people, for his daughter, Blanche, carefully revises his speeches and written articles. Complications come when, because of the absence of his daughter, Caboussat is forced to write papers which will be read in public. But when she returns later her quick wit saves him.

Machut is a sharp-witted veterinary surgeon, who is working for the re-election of Caboussat as president of the county fair, for he has the patronage of the politician.

The secondary element of comedy is furnished by Poitrinas, president of the academy of Etampes and an antiquarian whose scent for Roman relics is so keen that he can find them anywhere—even where they are not. He visits his friend Caboussat, ffrst, to make excavations in the neighborhood of his friend's home, and, second, to propose that his son Edmond marry Caboussat's daughter Blanche. In carrying out his first intention he tears up Cabonssat's garden thoroughly and finds a lot of broken china and old kitchen utensils which Jean, the servant, has hidden there from the eye of his master. Over these "Gallo-Romanic fragments" Poitranas goes into ecstacy.

But Poitrinas is not so successful at first in his other purpose, for he confesses that his son has a fault—one that is almost a vice. Yet he cannot bring himself to tell what that fault is. In reality it is similar to Caboussat's weakness—inability to write good French. So Caboussat hesitates to give his daughter to a man with a vice, but he secretly fears to part with Blanche most of all because she is his "Orthography." In the denouement, Blanche, who shows herself favorable to Edmond's suit, is promised in marriage to Edmond. Then the "vice" is explained. Caboussat, relieved, declares it is a very small thing that Poitrinas' son cannot make the participles agree and remarks aside that Blanche will be "la Grammaire" of the family. The cast follows:

Caboussat .....Prof. A. S. Patterson
Poitrinas.....Lawrence A. Wilkins
Blanche.....Miss Rose Heiman
Machut ..... D. C. Rosenthal
Jean .....George M. McAdam

The action suggested by the senior committee on "cribbing" should be taken as soon as possible, not only by each class but by the classes united in a mass meeting. It is time that the dishonesty practiced in examinations should be stamped out once and forever.

The result of Saturday's meet seems to prove several facts. One is that the policy of completing final arrangements for meets in the same month in which they are to occur is not conducive to the highest development of the track team. It is true that the indecision displayed this year by the management in "clinching" meets early in the spring is partly responsible for some of our athletes not turning out. There is also ample evidence that a home or out-of-town meet made with a smaller university early in the year would result in a larger number of athletes getting into training and staying until the end.

We hold the track management as only partially responsible for the disaster which befell us last Saturday. Who then must shoulder the major part of the criticism? We firmly believe, and without hesitation affirm, that if we had had a first class head coach the history of track athletics at Syracuse this year would be far different. In saying this we know we are backed by the sentiment of a large majority of the student body.

Not only that, but the sentiment expressed by the larger number of the best athletes in the past two years bears us out in the truth of the statement. Why should Coach Moakley make such a significant statement as he did about Van Duyne last Saturday if others than Syracusans did not recognize the same fact?

We have made a careful study of this matter for the past two years, and we have some very significant facts, besides the student sentiment, to back us in the assertion that Syracuse needs a first-class head track coach for next year.

DEBATING IN MIDDLE WEST

A Central League---Liberal Prizes--Debaters Get Three Hours' Credit.

J. S. Clark '77, professor of English Language at Northwestern University, sends the undergraduate body the following communication:

NORTHWESTERN UNIVERSITY,
EVANSTON, Ill.

Editor Daily Orange:

I have been deeply interested in the recent developments in intercollegiate debating at Syracuse not only as an alumnus but because it was my fortune for many years to conduct classes in forensics "on the hill." I do not wish to make any destructive criticisms on your present methods; but it has occurred to me that a brief account of what has been done in the Central Debating League might be helpful and stimulating to the present undergraduate body. I suppose that it is not invidious to say that the highest development of intercollegiate debating that this country has yet produced is that of the Central Debating League. This league was formed seven years ago, although it was an evolution of four years of previous debating between the Universities of Michigan, Wisconsin and Northwestern University.

Intercollegiate debating in the Central West began in 1893, when Michigan challenged Northwestern to two debates in two successive years. Somewhat to the amazement of Michigan, Northwestern won both debates.

I enclose a constitution of the Central Debating League. You will see that the essential features are the very long and careful preparation made by the debaters. In the first place, we confine ourselves, here at Northwestern, to the debates of the League. That is, we never have over two intercollegiate debates in a year and, unless we win in one of the "semifinals," we have but one.

The question to be debated in the following January is announced in April, and then begins hard work by many men. In October, through a series of preliminaries, we select what the judges believe to be the best three men who have appeared in the preliminaries. Last October, for example, at Michigan over one hundred men entered the preliminaries. Then begins a still more intense study of the question. The men of the team have already devoted much of their summer to the subject.

To encourage "the team," we as a Faculty, here at Northwestern, give to each man a credit of three semester hours for his work on the debate. We also have a prize of $100, the gift of ex-Secretary Hon. Lyman J. Gage, which is divided among the three men at the close of the "semifinal" debate in January.

On the same evening that Michigan meets Northwestern in Evanston next January, Chicago will meet Minnesota at Minneapolis. These are the "semifinal" debates of the league. The two winning teams of the "semifinals" (always held early in January) meet for the "final" debate annually in Chicago early in April. Each of the four universities of the league contributes equally to the expenses of the "final" debate and to a testimonial of two hundred dollars, of which $50 goes to the defeated team and $150 to the winning team.

When our Northwestern team gets into the "final" debate, we again encourage them by giving to each man a credit of three semester hours in recognition of his work on the "final." As a natural result of all this, we have very strong debates. In justification of my first statement about their merit, let me say that teams from two of the universities of our league have more than once defeated teams from three of the strongest of the old "salt water" universities. Moreover, men who were considered only fair debaters, on migrating to the great universities of the East, have at once secured appointment on the intercollegiate teams of those universities.

My suggestion, then, is that Syracuse should form a league with, say, Cornell, Columbia, and one other first-class university, and should confine its intercollegiate debating to the one, or possibly two, annual debates of that league. It is impossible to do great work in debate if the team takes only a few weeks or months for preprration, and if the debating power of the institution is scattered about in several debates.

The debates of the Central Debating League have become great intercollegiate events in the Central West. For judges we regularly secure men from the bench of the higher State courts, while among the presiding officers we have had several State governors and one ex-Vice President of the United States.

Wishing our Alma Mater great success in this, the noblest form of intercollegiate competition, I am,

Yours loyally,
J. S. CLARK, S. U. '77.

PHILOSOPHICAL ASSOCIATION.

The Philosophical Association held its last meeting for the year Monday evening in Liberal Arts College. A gift of ninety-two books was announced from Mrs. Annable of this city. It is probable that the major part of the late Mr. Annable's library will in time be donated to the department.

The officers elected for next year are: President, Dr. Coddington; vice-president, Prof. Wilson, and secretary, Miss Woods '05. The other offices were left vacant to be filled next fall

BALL TEAM OFF TODAY

Meets Manhattan Tomorrow and Columbia Friday--Fraternity Games.

The 'Varsity baseball team will leave for New York this afternoon on its third trip of the season. The squad will be composed of eleven players besides Coach Costello and Manager Manley.

Tomorrow afternoon the strong Manhattan nine will be met in New York and the day following the Orange will make a desperate attempt to take revenge on Columbia for the defeat the local nine suffered last Friday. However, the team is aware that they have a hard proposition on their hands to defeat the New Yorkers on their own grounds.

The squad was out in force yesterday afternoon, putting on the finishing touches before leaving on the trip. Considerable time was given up to the battery.

The team will return to the city on Saturday, and on Tuesday a return game will be played with Manhattan on the University oval.

In the interfraternity series, the Phi Delta Theta team defeated the Phi Gamma Delta nine by the score of 9 to 3 yesterday afternoon The former nine will play the Psi Upsilon aggregation Thursday, and Phi Kappa Psi on Saturday.

SYRACUSE VICTORIOUS.

The Syracuse chess team was successful in their tournament with Hamilton at Clinton Monday afternoon and evening. Though winning by a score of 4 to 2, Syracuse had a hard fight in every game. Hamilton has had Watson, one of the strongest Oneida players, as coach throughout the winter; as a result Syracuse found Hamilton well versed in the book, playing the K B P gambit in offensive play and the French game in defensive.

Starting the games at 4:30, only one game was finished before adjournment, at six, that of Driscoll and Truran. The Hamilton player succeeded in pulling out a victory. The other two games were well advanced but with no immediate finish in sight. On renewal of hostilities at 7, Ranney won his game from Pound after sustaining a dangerous attack from the unsound sacrifice of a knight by his opponent. Stephenson also finished his game with Richardson to the honor of Syracuse. It proved a slow steady pawn ending. The score was now from afternoon play; Syracuse 2; Hamilton 1.

In the evening games Ranney again won from his opponent in a 24-move game. Truran had his game well in hand throughout, though complicated in the middle game by its many possibilities. Stephenson, however, last to Richardson after the longest (76 moves) game of the tournament.

THE SING TONIGHT.

The regular college sing will occur at 7 o'clock this evening on the east slope of the Fine Arts College hill. The leaders hope to see one thousand men on the hillside, prepared for a good hour's sing. It may be arranged so that several prominent speakers will be present to speak for a few minutes after the sing.

NOTICE TO SENIORS.

There will be a meeting of the senior class in room 33-34, Hall of Languages, Friday, May 13, at 3 p. m. At this meeting the committee on legacy to the University will report, and a class tax will be voted on.

ROBERT E. WILCOX, Pres.

SENIORS!

Leave your orders for the senior group picture taken by Mr. Doust with Clarence W. Jones of Fine Arts college, Roscoe H. Knapp of College of Applied Science and John W. Heal of Liberal Arts college, who may be seen during chapel any day this week.

NOTICES.

The second annual meeting of the Syracuse Chemical Society will be held Friday evening, May 13, at twenty minutes past eight o'clock, at the laboratory of the Crucible Steel Co.

H. MONMOUTH SMITH, Sec.

There will be a meeting of the Senior Dinner Club at the Delta Kappa Epsilon house at 8 o'clock Wednesday evening. As this is the last meeting of the college year a full attendance is desired.

All band uniforms must be turned in to the manager at the Phi Delta Theta house within the next two days.

A social meeting of the Classical Club will be held Wednesday evening, May 11, at the Delta Delta Delta chapter house, 303 Waverly Avenue.

MINNIE D. CROFOOT, Sec'y.

We wish to call attention to the French play which is to be given this evening. The story is most interesting, and the manner in which the cast handle their parts is a credit to the department. We solicit the hearty support of the student body in its behalf.

There does not seem to be any valid reason why there should not be twice as many students out at the sing tonight, as were in attendance last Wednesday. The sing comes early in the evening so that it does not interfere with any classes or seminar work. It does not even interfere with the social duties of many men, who are making the most of the splendid spring weather. We hope that the men, to an individual, will turn out this evening, and make the occasion more successful than ever.

One of the most thoughtful and helpful letters which it has been our pleasure to receive is Professor Clark's letter regarding the methods employed in developing the debating talent among the students of Northwestern.

Professor Clark has clearly pointed out one of the elements which Syracuse needs in order to reach her highest efficiency in debate; the intense interest aroused by a great intercollegiate league; the greater incentive to put long and faithful work into the development of a strong argument; the just reward for faithful service in the granting of several hours' credit on the debaters' college work.

Such a letter cannot but be an inspiration to Professor Losey, to the members of the Debating Union and to every one who has the Syracuse debating interests at heart.

THE NATURAL FOOD CO.,

Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

JAMES A. TEN EYCK.

PROFESSOR SCOTT NO LONGER COACH

C. D. Whittemore now Head Coach of Track Team---The Oberlin Meet.

There was a strong rumor about the University yesterday that Professor Scott had resigned as head coach of the track team because of adverse criticism, which recently appeared in the editorial columns of the Daily Orange. The rumor is denied, but there is strong evidence that Professor Scott has quit coaching the team for the rest of the year. This is shown by the fact that since a few days ago, when the editorial in question appeared, he has not been out to coach the team. Courtney D. Whittemore '99, as head coach, is now getting the team into fine trim for the Oberlin meet this Saturday.

It is said Prof. Scott assumed the position this year only because of the pressure brought upon him by some of the university authorities and resigns the position because he feels that under existing conditions he is no longer called upon to direct track affairs. Assistant Coach Courtney D. Whittemore will assume entire charge of the team for the remainder of the year.

Few realize what Professor Scott has done for athletics in the university. He came to the university in the spring of 1893 as gymnasium director. He has always made great efforts to advance women's athletics and without extra pay has coached women's basketball teams which have defeated on their own floors such teams as Barnard, Cornell and Elmira female colleges.

When Professor Scott joined himself to the university, there was only a one-fifth of a mile track which was renowned for its annual crop of cobblestones. Through his solicitation the present excellent cinder track was built.

For a number of years Professor Scott coached the track teams without compensation. In 1893 the S. U. team was champion of the N. Y. I C. A. A. Professor Scott has assisted in developing such men as Meyer Prinstein, who broke the world's running broad jump record; Waite '01, Lowe '03, Gardner and Van Duyn.

The track team will leave tomorrow morning for Oberlin and will return to the city some time Sunday. It is not yet definitely decided what men will be taken on the trip, but there will probably be thirteen besides Captain Gardner, Coach Whittemore and Manager Edwards. The entries will be picked from the following, all of whom are on the training table: Lowe, Van Duyn, Tucker, Cole, Sechner, Ralph, Stebbins, Robertson, Hayes, Rutty, Hoyler, Grant, Voorhis, Colter, Mitchell, Davies, Terry and Squires.

The meet will consist of the usual events and a one mile relay race. The 'varsity will be represented in the latter by the following quarter milers: Ralph, Sechner and Cole. The fourth man has not yet been picked.

Only two men from each university will be allowed to start in any one event, and there will be but two places which will count; first place, five points; second place, three points.

Foster S. Post of Buffalo, captain of the Syracuse 1902 track team, and R. A. Waite were both on the oval yesterday afternoon, assisting in the coaching. As Post will be in the city a couple of weeks yet, the team will receive the benefit of suggestions from two of the best athletes that ever represented the orange on the cinder track.

The track authorities stand ready to hold the interclass track meet next week Thursday, May 19, if the different classes shall signify in some way that they wish the meet to be held.

WOMEN'S TENNIS TOURNAMENT.

The Women's Tennis Association is holding the preliminaries in its tournament. Yesterday afternoon Miss Cunningham defeated Miss Baker 2-1, and Miss Greenway defeated Miss Henderson 2-0.

The entry list will be closed this evening. As yet no seniors have entered, but they are expected to do so today. The entries should be handed to Miss Sibley at Winchell Hall. The entries are:

Juniors — Misses Tupper, Laura Weller, Hillis, MacFarland and Scott.

Sophomores — Misses Cunningham, Greenway, Burt, Lyon, Baker, Trolan, Thayer, Henderson and Kupfer.

Freshmen—Blake, Louise Weller, Opp and Brady.

Miss Sibley will act as referee in the the coming matches, and Miss Helen Potter as scorer.

The sophomores of Winchell Hall gave a dinner to the seniors Tuesday evening.

DEPARTMENTAL NOTES.

The examination in Lation III, Horace, for the prize offered by the American branch of the Oxford press, has been postponed until Tuesday at 2 p. m. in room 37. The prize is three volumes of Dr. Wickham of Oxford.

The Classical Club met last night at the Delta Delta Delta house and enjoyed a social good time It was the occasion for the farewell to the seniors.

Dean Smalley has ordered for the classical seminar library a complete set of the American Journal of Philology. Several valuable books have recently been given, and others will be bought with some funds now available.

MONX HEAD.

Monx Head, the junior honorary society, has elected the following men from the class of 1906: W. Y. Boyd, A. E. Stacey, Fred Shade, E. S. Mills, Arthur Hollingsworth, Fred Plumb, F. W. Barrett.

ORATORICAL CONTEST.

Excellent Program Arranged---To be Held One Week From Tonight.

The Chancellor's Oratorical Contest will be held one week from tonight in John Crouse College. The program arranged for is especially fine. The contestants are from the junior and senior classes and will receive two first prizes of $30 each and two second prizes of $20 each.

The following program has been arranged:

Organ Solo—Concert Overture in E flat - - - Faulkes
Miss Beatrice E. Throop.

Oration—Jefferson and the Declaration
Mr. William James Boyd.

Oration—Theramenes the Patriot
Miss Matie E. Reynolds.

Oration—Imminent Dangers in National Life:
Mr. Winfred Pettit Moody.

Vocal Solo—"Thine" - - Bohm
Miss Augusta E. Sauter.

Oration—The Awakening of Russia
Mr. Joseph A. Mosher.

Oration—The Spirit of the Crusades
Miss Theresa K. Tobin.

Oration—Two Ambitions
Mr. Clifford Howe Searle.

Violin Solo—Leo Adieex
Mr. Andrew Bothe.

ORATORIO WILL BE GIVEN.

Despite all rumors to the contrary, the rehearsing of "St. Paul" is to be continued, and the concert will occur on the evening of May 20. It has been reported about, in Fine Arts particularly, that the show would be abandoned because of the great amount of work to be spent upon the soiree music. Mr. Phillips emphatically denies such rumors, however, and states that the rehearsals will go on as before. The few rehearsals left will be of great importance, and at least three of them will be with the organ in the hall of Crouse College The first practice with the organ will occur this evening at 7 o'clock sharp.

A TENNIS TEAM.

All men who wish to enter the trials for the tennis team which is to play Hamilton early in June should drop their names in the Daily Orange box in Liberal Arts. The trials are to be held Monday and Tuesday.

ROBERT GRIESSER, Chairman of Com.
CHARLES WOODLEY, Pres. of Assn.

CHRISTODORA BARREL.

The third installment of gifts to Christodora House in New York city was sent by the Young Women's Christian Association last week. It is hoped that this barrel of clothing, books, etc., may prove as helpful as the two former ones; every article of which, within a week, was being of use to some one.

ENTHUSIASTIC SING.

Notwithstanding the cold weather a large number of men met on the slope of Crouse hill last evening for the second Wednesday night sing. The sing was a success in every way, being marked by great enthusiasm. In the singing and yelling even more vigor and spirit was shown than last week.

NOTICE TO SENIORS.

There will be a meeting of the senior class in room 33-34, Hall of Languages, Friday, May 13, at 3 p. m. At this meeting the committee on legacy to the University will report, and a class tax will be voted on.

ROBERT E. WILCOX, Pres.

SENIORS!

The biological department, like all the other great departments on the hill, does its work without much noise or bluster. As a department it is not only strong, but its work is of such high standard as to reflect great credit on our university throughout the country.

The department holds its annual meeting this Saturday evening. At this time contributions of books to the department library, and gifts to the museum, will be received. This is an opportunity for the many well wishers of the department to aid an excellent cause.

The announcement that Professor J. A. R. Scott had resigned from his position as head track coach was received with surprise yesterday. The resignation of Professor Scott at this time is very much to be regretted; and we sincely hope that his determination may be altered.

Professor Scott has in years past done a great deal for Syracuse athletics. He has it in his power to do much more during these remaining few weeks.

We trust that an undeniable sentiment in favor of securing the services of as great a trainer as a university of the athletic standing of Syracuse should have will not be allowed to stand in the way of the highest success which can be attained in track athletics this spring.

Probably most of the student body hardly appreciate the recent victory of our university chess team over Hamilton. Chess we all know by repute, if not by experience, to be the intellectual game par excellence. The bibliography of chess attests to the depths of thought which lovers of the game have put upon it; while the very nomenclature of the play shows both its antiquity and cosmopolitan character.

In other large eastern colleges chess holds an important place among the purely intellectual contests, and two universities at least have played with our friends across the Atlantic.

Here at Syracuse chess is a recent development, supported solely by a few enthusiasts. The general student body has not given it the attention which it merits. Last year our team met the Citizens' and University clubs in this city and Hamilton in tournaments, and won a majority of the games played.

Membership in the class club is open to all students in the university, and it is to be hoped that next fall, when the call is given for players, more will respond. The team and the game alike merit greater interest from the students.

THE MAY HERALD.

"Strong in poetry, but weak in prose, save for the Dooley article," was the comment on the May Herald by an intelligent critic of college literature.

"How I came to know God," by Ida Louise Reveley, is a poem of more than ordinary thought and character. The poem is formed in a classic mold and bears evidence of a decided ability in treatment.

"A Song from the Plains," by Lawrence A. Wilkins, contains the true Western spirit. Rapid in movement, forcible in expression, this poem deserves mention as one of the best of the Herald poems of the past year.

In this number also appears the announcement of the election of the new editor-in-chief and business manager. Arthur F. Rider assumes at this time his duties as editor-in-chief and Friend L. Wells as business manager.

Ernest L. Smith, the retiring editor, whose work has been of such excellent quality during the past year gives a characteristic "Mosaic," speaking of the faithful work of his colleagues during the past year and urging the necessity of a larger number pulling the editorial latchstring with articles to submit.

Syracuse Weak at Bat When Runs Were Needed---Moore Pitches Good Game.

(Special to the Syracuse Daily Oran e)

NEW YORK, May 12.—The strong Manhattan college nine defeated the Syracuse 'Varsity in a well played game. It was not until the last inning that the Orange nine made their only run.

Syracuse had good chances of overtaking their opponents in the sixth, seventh and ninth innings but failed to hit at critical moments. For Manhattan, Zimmerman, Mullins and Duff excelled in batting. In the eighth inning Duff knocked a home run over center field. Two of Manhattan's runs, however, were tallied by wild throws, one past Burrell on third and another over Wilbur on first.

Moore pitched a consistent game, striking out five men, and with few exceptions keeping Manhattan's hits well scattered. Ward, Burrell and Wilbur did the best batting for Syracuse.

The score by innings:

Syracuse.....0 0 0 0 0 0 0 0 1—1
Manhattan.....0 0 0 1 0 0 0 3 0—4

Batteries---Moore and Curtis; O'Brien and Duff.

COLUMBIA TODAY.

Syracuse will meet Columbia this afternoon at New York. She will make a hard effort to avenge the close defeat of a week ago. The team will return to Syracuse after this game. A full account of the game will be given in to-morrow's issue of the Orange.

HISTORICAL PICNIC.

About thirty junior students, accompanied by Dr. and Mrs. Mace and Dr. Sperry, enjoyed the first annual picnic of the Junior Historical Seminar. The members of the party left the city at 2 o'clock for Marcellus, and all reported a thoroughly enjoyable time. It is the intention of the department to make this picnic an annual event.

BASEBALL SATURDAY.

The Syracuse high school team will meet the Central high school nine, of Bullalo, in a return game on the Oval at 2 p. m. Saturday. Syracuse was defeated by the Central nine at Buffalo recently by a score of 8 to 0.

SENIOR DINNER CLUB.

The Senior Dinner Club announces the following elections: Messrs. Ackley, Black, Brundage, Diston, Fitzgerald, Greenland, Hill, Montgomery, Ralph, Sanford, Stilwell, Sheldon, Wendt.

NEWS OF ALL COLLEGES.

MINNESOTA.

During the month of April the Minnesota Magazine was published by the girls of the university, the regular board of men being temporarily out of power.

The war over the matter of freshmen hats seems to have come to an end. The sophomores stole a large number of them recently, and by other drastic measures have destroyed nearly every one of the hats available.

Because of the lack of upperclassmen officers the cadet battalion is to be cut down by half. At present there are eight companies of nearly one hundred men each.

CHICAGO.

The law students got busy recently and in a few hours moved 25,000 volumes from the old library to the new building.

The tryout for the track men proved a keen disappointment for the coaches and rooters. The team has few promising candidates.

YALE.

The defeat of the 'varsity nine at the hands of the Andover nine was due to the lack of team work on Yale's part. The Andover pitcher struck out eight men and allowed but three hits.

FRESHMEN DEFEAT SOPHOMORES

The freshmen met the sophomores in the first game of a series, yesterday afternoon. The teams proved much more evenly matched than in their games last fall. For the first few innings the score stood about even, but the freshmen soon showed their better playing. In the last inning the sophomores, with three men on bases, had a chance to win the game but were not equal to the occasion and were retired in one, two, three order. The score:

Sophomores 0 0 3 1 0 1 0 0 0--- 5
Freshmen 2 0 3 0 5 0 0 0 0---10

The second game will be played at 4 o'clock today.

The baseball team of 107 Marshall met and defeated 611 Irving in a closely contested game yesterday afternoon. Score 12 to 10. Homrighouse, catcher for 107, was the star of the game. Ingersoll pitched a clever game for 611.

ORATORIO ST. PAUL.

The date determined for the presentation of the oratorio St. Paul is May 26th. The members of the chorus are showing great interest in the work of preparation. In the two remaining weeks the chorus will train regularly under the direction of Professor Phillips.

DEPARTMENTAL NOTES.

Rev. Herbert G. Coddington of Grace Episcopal church will address the socialism class to-day at noon. Subject, "Socialism from a Christian Standpoint."

A prominent business man, who has had much experience with labor unions will address the class in labor unionism Monday. All students interested in the subject of labor unionism are invited to attend.

THE OBERLIN MEET.

Coach Whittemore and His Men Leave This Morning---The Entries.

The 'varsity track team of fifteen men leaves town at 7 o'clock this morning, accompanied by Coach Whittemore and Manager Edwards. The team will meet a worthy opponent in the Oberlin team. The latter is strong in the distance events, but weak in the weight contests. All the events will be closely contested. The mile relay race will be a special feature of the day.

The following men will be entered:
100 Yard Dash—Cole, Ralph.
220 Yard Dash—Cole; Ralph, Seckner
440 Yard Dash—Ralph, Seckner.
Half-Mile Run—Hayes, Stebbins.
One Mile Run—Rutty.
Two Mile Rnn—Vorhis, Hoyler.
Hammer Throw—Van Duyn, Tucker.
Shot Put—Van Duyn, Tucker.
Hurdles—Lowe, Robertson.
High Jump—Lowe, Gardner.
Broad Jump—Lowe.
Pole Vault—Gardner, Southworth.

THE FRENCH PLAY.

On Wednesday evening the Liberal Arts French Club presented a one-act comedy, La Grammaire, before an audience composed largely of students. Professor Patterson as Francois Caboussat and Lawrence Wilkins as Poitrinas took the leading parts. Rose Heiman's acting as Blanche, the daughter of Caboussat, was highly appreciated by the audience. G. M. McAdam '04 and D. C. Rosenthal '06 acted the parts of veterinary and servant acceptably.

PERSONALS.

Mr. Chas. H. Dayton, ex-'03, editor of the Debater, which circulates extensively among the colleges of the country has been invited to read a paper on "An Ideal Intercollegiate Journal," at the annual convention of the New England Intercollegiate Press Association, to be held at the Copley Square Hotel, Boston, May 23.

Jesse C. Peck '07 is pledged to Beta Theta Phi.

It is possible for the student body to support the interscholastic track meet next week with a larger attendance than at first supposed. This is possible through the failure of the navy regatta to materialize for the same date. The question of accommodations for the athletes is now uppermost in the mind of the assistant manager, and also of the schools which are to be represented. We hope that the suggestion made recently as to the clubs about the hill assisting the university by aiding the management will be followed to good advantage.

In rendering it possible for Syracuse students to witness an open air presentation of one of the most captivating of Shakespeare's plays, the English club is doing the university a service which deserves the recognition of the entire student body.

The successful presentation of King Lear and the securing of a world renowned professional company for the production of a second great Shakespearian play is a year's record for service which few college organizations have ever equalled.

To the active and alert faculty members, and to the students in the English department who have so loyally co-operated with them in the making and carrying out of these plans, the congratulations and thanks of the students of Syracuse University are extended.

The prospect of an interclass track meet emphasizes the fact that other interclass sports have possibly been neglected thus far this spring. We refer particularly to the baseball contests between the freshmen and sophomore classes. A series of games between these two classes would be of value in several ways. It would serve to settle in a way more satisfactory than did the football games last fall the question of underclass supremacy; it would give one last expression to the good natured rivalry which has existed between the two classes. More important, however, would be the athletic effect. It is from the underclasses that the baseball team of two or three years hence is to come.

By the interclass games talent would undoubtedly be brought to light which would mean much for baseball interests a year or two hence, present ability would be increased, and a spirit of enthusiasm would be stimulated. We believe we are expressing the sentiments of all when we urge that at least one baseball game between the two lower classes be arranged.

AT THE BASTABLE.

One of the best vaudeville bills Syracuse seen for years is offered at the Bastble this week, when Hurtig and Seaman's All Star Vaudeville Company direct from Hurtig & Seaman's New York Music Hall, will furnish the entertainment.

The class includes Mr. and Mrs. William Robyns in their ever popular sketch entitled "The Counsel for Defense;" Howard and Bland, in an entertaining musical playlet entitled' "A Strange Boy;" The Rio Brothers, a famous trio of athletic entertainers. It will also be the first appearance of Stanley and Wilson in their sketch "The Professor and His Pupil."

The two Pucks, character juvenile comedians; Swan and Bambard, eccentric comedians; Miss Ray Cox, Southern dialect comedienne in Russell and Buckley.

American vitagraph views will also be shown. Matinees will be given daily.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,
JAMES A. TEN EYCK.

COLUMBIA WINS SECOND GAME

Tyler Puzzles 'Varsity Batsmen---Hannon's Good Work.

(Special to the Syracuse Daily Orange)

NEW YORK, May 13.—Columbia batted out a second victory this afternoon, proving particularly strong at the bat.

Hannon, the left handed freshman twirler, pitched his first game for the 'Varsity, doing very creditable work, striking out six men and allowing only two men bases on balls. For Columbia Tyler was in excellent form, striking out twelve men.

Wilbur's home run in the second tied the score for Syracuse, but a bunching of bits in the third and fourth gave Columbia a safe lead which was not endangered until the seventh inning, when timely hits by Rutherford, Ward, Pendergast and Hannon brought in three runs.

However, Cannon's home run in the same inning, netting two runs for Columbia, again put Columbia safely in the lead.

Among the prominent features of the game was Rutherford's fielding, four put outs and three assists going to the credit of the plucky shortshop, with only one excusable error. Curtis put up a star game behind the bat.

Score by innings:

Syracuse.....	0	1	0	0	0	0	3	0	0	—4
Columbia.....	1	0	3	1	0	0	2	2	x	—9

Batteries—Hannon and Curtis; Tyler and Frambach. Home runs—Wilbur, Cannon. Struck out by—Hannon 6; Tyler 12. Bases on balls off—Hannon 2; Tyler 2. Hit by pitched ball—Hannon 1; Tyler 2.

A game with Fordham has been arranged for today. Dinneen will probably pitch.

FRESHMEN WIN ANOTHER.

The freshmen again proved themselves superior to the sophomores yesterday by winning the second game of the series by a score of 15 to 2. From the third inning to the last the freshmen hit the sophomore pitcher freely and this with fine fielding by the freshmen won the game.

Batteries for freshmen were Reid and Brelos, and Cagamen and Dexter; for sophomores, Rose and Shade.

Score by innings:

Freshmen.....	2	0	7	2	1	3	0	—15
Sophomores.....	1	0	0	1	0	0	0	— 2

AN OPEN LETTER.

May 12, 1904.

To Editor of Daily Orange:

I take this opportunity to write to you in regard to the question of a first-class track coach and trainer. The meet with Cornell emphasized the urgent need of a first-class man for the development of a successful track team. It is certain that unless such a man is obtained, track athletics will be a dead issue.

I am an alumnus of Syracuse and have lived in Syracuse all my life, and have kept pretty well in touch with the affairs of Syracuse University and especially along athletic lines. I have participated in athletics to some extent and consider that I am in a position to speak intelligently on this subject.

The alumni of Syracuse I know are and have been for some time anxious for a change in track athletics. Your article in the Daily Orange was right to the letter, and I am sure every alumnus is back of you in your effort to obtain a first-class track team. It is very evident that the way track athletics are now conducted, is the sure way to ruin and collapse.

Does Syracuse want to place herself on a par with some prep school in track athletics? If so, continue the same policy as has been the custom in the past. The fact that we haven't a first-class trainer is in itself a stumbling block to obtaining promising athletes from prep schools around the country. If we are to maintain our position in track athletics, a thorough and progressive effort should be made to get a capable man to handle track athletes and then our men will not be over-trained or out of condition when the time comes for a contest.

In conclusion, let me say again, the alumni are back of the graduates in the movement for a change in track athletics and hope that track athletics will be on the rise instead of going down, as they have been of late.

Yours respectfully,

AN ALUMNUS OF SYRACUSE.

SHAKSPERE ON CAMPUS.

The English club at its last meeting appointed Professor Morris as a committee to make arrangements for the securing of Ben Greet's famous company of English Shaksperian actors for the presentation of one of Shakspere's comedies.

The Ben Greet company is to make a spring tour among the leading universities, giving out of door performances at Yale, Harvard, Princeton, Toronto and Smith Colleges

Should definite arrangements be made, an open-air performance of "Midsummer Night's Dream" will be given on the campus, probably June 2 or 3.

Mr. Greet has been in the city conferring with Professor Morris, but final arrangement of the matter was deferred until he could communicate with the Chancellor.

PERSONALS.

Miss Grace Baird '04 has accepted a position as a teacher of English and German in the Yates high school at Chittenango, N. Y.

Miss May Baker '03, who now holds this position, has been elected as a teacher of English in the high school at Goshen, Long Island.

At a senior class meeting held yesterday afternoon no definite action was taken regarding a legacy to the University. A class tax of 25 cents per member was levied to meet the necessary expenses of the class.

A TENNIS TEAM.

All men who wish to enter the trials for the tennis team which is to play Hamilton early in June should drop their names in the Daily Orange box in Liberal Arts. The trials are to be held Monday and Tuesday.

Ben Greet's famous company of players have a hard task cut out for them in attempting to present "Midsummer Night's Dream" any more realistically than it is being nightly enacted by student talent on the slopes of Mount Olympus.

Every student who can play tennis at all should get out and try for the team which is to represent Syracuse against Hamilton. We feel confident that there is a sufficient amount of good material in the university to make a first-class team.

It is a worthy undertaking on the part of the few students who are back of the matter. Let us give all the encouragement we can, if not by taking actual part, surely by joining the new tennis association.

Speaking of tennis, we are reminded that it is the duty of all those who play to aid as much as possible in keeping the courts in the best of condition. Several people have been on the courts recently without tennis shoes. Students should remember that ordinary shoes spoil the courts in a short time.

A few weeks ago a prominent university in California inaugurated a custom which might well spread to the colleges in the east. On a warm spring day every man and woman in the university appeared in workaday clothes and proceeded to beautify the campus.

Trees were planted, rough places smoothed, flower gardens prepared, and plants and shrubbery placed where the landscape architect directed. Two thousand eager men and women, under skilled direction, in one day completely transformed the campus.

Examinations are too near for the inauguration of a general labor day here this spring; but we can reasonably expect that "Dr. John" and the landscape architects will start the good work soon, and plan out some great movement for adornment which the students may be able to effect in the not distant future.

It is said that a man appreciates more fully the good things which he has himself worked to attain. If that be true, an adornment of the campus by student labor would certainly lead to that outburst of appreciative song to Alma Mater which we have awaited so long.

If "Dr. John" has found through long years of experience that student labor is not profitable, he will doubtless urge upon the board of trustees the necessity of making an appropriation for effecting this purpose in a more professional manner.

FORDHAM WINS EXCITING CONTEST

'Varsity Plays Star Ball ---Dinneen Weakens in the Eighth.

In one of the most exciting and most hotly contested games of the season the 'Varsity lost to Fordham's veteran players Saturday, the final score being 6 to 3.

Curtis in the second started the scoring for Syracuse, getting a free pass to first, making second on Rutherford's sacrifice and stealing third. Dinneen's hit brought in the score. Wilbur in the third made the circuit on a single to right field which Hartman let pass.

Fordham scored in their half of the third on a single followed by a base on balls and Dinneen's wild pitch. In the eighth Baker scored the third run for Syracuse on Curtis' hit to the center garden.

In Fordham's half of the eighth Dinneen was found for five hits bringing in four runs and cinching the game for Fordham.

Burrell, Monaghan and Curtis did excellent work at the bat, each being credited with two hits. The fielding of Rutherford, Curtis and Wilbur was extremely fast throughout the entire game.

A large number of New York alumni were in the grandstand encouraging the 'Varsity with hearty cheers.

The score hy innings:

	R.	H.	E.
Syracuse.....0 1 1 0 0 0 0 1 0	3	8	2
Fordham.....0 0 1 1 0 0 0 4 x	6	9	2

Two base hit—Curtis. Sacrifice hits—Wilbur, Rutherford 2. Struck out—By McLane 4. Bases on balls—Dinneen 4, McLane 2. Wild pitches—Dinneen 2, McLane 1. Hit by pitched ball—McLane 2.

GAMES ON OVAL.

The Central high school nine of Buffalo defeated the Syracuse high school team on the Oval Saturday in a fast game 4 to 1.

The Phi Delta Theta baseball team defeated the Phi Kappa Psi nine in a loosely played game Saturday afternoon by a score of 7 to 3.

FOOTBALL NEWS.

Supplies are now being procured by the football management for the eleven of next fall. The supplies include suits, jerseys, pads, stockings and shoes. The football schedule will be ready for publication some time this week.

COMMUNICATION.

BINGHAMTON, N. Y., May 13, 1904.

Editor of the Orange:

I write to thank you for the excellent editorial on chess which was in the Orange of May 12.

This is the first time that any college paper in Syracuse University has ever come out editorially and boomed the work of the Chess club. I don't mean to say that all the college papers are not in accord with the work, but they, like the students, think it, as a rule, of too little significance to notice in the editorial columns. On this account I am especially glad that you have tried to awaken the student body to the value of such an organization as a chess club in the university.

The progress of the Chess Club has been a long and uphill road. For the past two years it has been hampered by a lack of funds as well as a lack of members. There are at least one hundred students and professors in the university who play chess in some way. They may not all play a scientific nor a strong game, but the chess club is there just to help such players. Most of the freshmen athletes know little of the art of track work, but under skilful coaching they soon learn. It is so in chess also. There is no reason why Syracuse should not have as good a chess club as any of the large colleges in the East and West.

I congratulate the club on their splendid victory over Hamilton. I hope that a large number of the underclassmen will take their chess boards and men with them on their summer vacation and come back next fall prepared to make a team that will be capable of entering the international class.

Yours for S. U.,

PHIL P. JACOBS '03.

SYRACUSE VS. LEHIGH.

On Saturday the football schedule of Lehigh University was published, including among its heavy games a game with Syracuse on the Oval, November 12. Lehigh has made an enviable record during the past few years, making a very creditable showing agalnst Pennsylvania, Cornell and Princeton.

CORNELL BEATS PENNSY.

Cornell won easily from Pennsylvania Saturday in a dual track meet at Ithaca, score 76-41, surpassing the team from Pennsylvania in everything except the sprints and high jump. Cairns was in poor form, Moffat of Pennsylvania winning the high jump at 5 ft. 11 in.

OBERLIN MEET TODAY.

Owing to a heavy rain the track meet which was to have been held at Oberlin Saturday was postponed until today. The Orange athletes are in excellent condition and are confident of winning a victory.

If you wish a position to teach, write to James F McCullough, 639 Fine Arts Building, Chicago, Ill.

THE 1905 ONONDAGAN

Most Complete and Perfect Annual Ever Published at Syracuse ---The Contents.

The 1905 Onondagan will be on sale today in all the colleges. The book itself is a credit to the 1905 class and to the board which produced the annual.

It is bound with cloth covers in black and gold. The cover design is one of the hill college buildings in silhouette. The annual is divided into five books, each of which is a complete record of each of the five colleges. The special feature of the book is a splendid architectural plan and design of Syracuse University as it will be in 1950.

The cuts are very pleasing throughout, and should be a pride to the management. The double tone cuts of the 1905 class members, and also those of the societies and organizations are very effective and pronounced.

The table of contents is very complete and handy. An illustrated story is one of the closing features of the book.

The annual is worthy of a university such as Syracuse, and most of the credit is due the editor and business manager.

THE TENNIS TRIALS.

The trials to choose the Syracuse tennis team, which is to meet Hamilton early in June, will be held today and tomorrow. Among the men who will probably put up a fast competition for first place are: Messrs. Woodley '04, Griesser '04, Fowler '04, Copeland '04, Houseknecht '05, Brunda e '05, Cheney '05, Rider '05, Tressler '06, Capen '06, and Allis '07 of the Hill, and Train '04 and Wheaton '05 of Law college. This, however, is only a partial list of competitors.

The trials will be judged by persons fully capable and impartial. It is not too late to send in your name today, if it is not already included in the list.

COLUMBIA.

The trustees of Columbia University have shown their sense of the value of dormitories even in a great city and at the same time their faith in some potential benefactor by adopting plans for a dormitory, to be built next year, and to be paid for out of university funds, in the expectation that some day the cost of the building will be given to the university. It will then be given the name of the donor.

The dormitory will contain about 300 rooms, so arranged that more and less expensive accommodations will be intermingled. This arrangement is to be made with a view to developing a democratic spirit to the fullest extent.

There seems to be a dire need for more tennis courts on the campus. If anyone doubts this assertion, it is only necessary to ask one of the many tennis enthusiasts about the matter. Allow us to give a few facts in this connection. Last Thursday two of the courts were occupied at 5:15 a. m., and all the courts were taken for the rest of the day until twilight. Practically the same thing occurred Friday and Saturday.

The addition of several more courts would be welcomed by all who indulge in this sport. When the courts are added it is hoped they will be put in first-class shape at the beginning.

Is the senior class dead, dying or only indisposed? We ask this question in all seriousness because of a seeming lack of life or action in said class.

A class of two hundred and fifty, the largest in the university's history, is to be graduated from Syracuse next month. This same class has been deliberating over a class memorial to the university for several weeks and nothing has been accomplished.

The committee with which the legacy matter is safely reposing is in part responsible for this condition of affairs; but the class which allows such an important matter to be left in the "Valley of Indecision" for so long a time should awake and demand that the matter be settled at once.

The energetic members of our athletic governing board deserve the hearty commendation and thanks of the student body for their zealous work in securing the new 'Varsity shell for the use of the Orange oarsmen. The work was done quietly and without bluster. Indeed, it was not until the shell had arrived that the prominent part which the alumni members of the governing board had taken in this work was generally known.

The spirit of self sacrifice and devotion which these men and other alumni are displaying in advancing the interests of Alma Mater might well be emulated by the present undergraduates.

An increase in this spirit of devotion to Syracuse and of cooperation with all efforts which are being put forth to advance the welfare of Alma Mater will do much to insure the healthy development of all the institutions of Syracuse University.

WHERE WE PRINT THE ORANGE.

One of the sights around college is the Orange Print Shop, the newly equipped office where the Daily Orange is printed and where a large portion of the college printing is done

On these pleasant spring afternoons and evenings, quite a number of students are finding their way to this novel shop. Those who come in the afternoon see the full force, three printers, busily engaged. Those who defer their walk to the end of Irving avenue until evening find a scene less busy; but have the opportunity of seeing the motor and press in operation.

Our shop is small, and we cannot invite you all at once; but if you really want to see something new under the sun, a fully equipped printing plant, managed by experienced printers, owned and directed by Syracuse students, find your way to the end of Irving avenue. Look back among the trees on the Orange Club property and you will find the shop where we print the Orange.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,
JAMES A. TEN EYCK.

The games in the women's tennis tournament are being played each day. In the freshman class Miss Blake defeated Miss Opp 2 to 1; in the sophomore class Miss Lyon defeated Miss Trolan 2 to 0. Miss Cunningham defeated Miss Greenway 2 to 1. It is hoped that all trials may be played off before Wednesday.

There are two hundred and seventy periodicals published by students in American universities and colleges. Of this number 150 are monthlies, 65 are weeklies, 15 are dailies, 12 are quarterlies, 10 are bi-weeklies, 9 are semi-monthlies, 3 are semi-weeklies and 2 are bi-monthlies.

The faculty of the English department gave a dinner for the senior majors at Winchell Hall last night.

INTERCOLLEGIATE TRACK MEET.

Since the Oberlin meet was declared off the majority of the team has ceased training. Six Syracuse men are still in training for the great intercollegiate meet to be held at Mott Haven. Those still in training are Captain Gardner, Lowe, Van Duyn, Ralph, Robertson and Cole.

From the form being shown by the athletes of the big Eastern universities many records are in great danger of being broken at the twenty-eighth annual intercollegiate track and field championships, to be held on Franklin Field on May 27th and 28th. Not only are the athletic marks in danger of destruction, but the management is predicting that all attendance records will be broken. This will be the first time that the games have ever been held outside of New York City.

There has not been a year in the last decade when the performances of the college men in their preliminary and dual meets were so close to the record marks as they have been this spring. This is taken as a sure indication that new figures will be set in most of the events.

Unless all signs fail, Yale will be the winner of the meet this year, for the Elis have gathered together the greatest bunch of track and field men that ever wore the Blue. Harvard, likewise, has a splendid body of men, but not as many stars as Yale. The Elis have left over of last year's point winners men who scored 28 1-2 points. Harvard, on the other hand, is a very heavy loser, having lost from her 1903 team men who scored 22 points. Of last year's Crimson point winners, Harvard now has on her eligible list men who scored 19 points. Cornell ranks third with the left overs, with men representing 13 points, Princeton and Syracuse with 11 each, Georgetown 8, Amherst 6 and Williams 2. Pennsylvania has not a single point winner on her team.

TENNIS TRIALS.

The preliminary trials for the tennis team to represent Syracuse against Hamilton will be held on the University courts Wednesday afternoon, beginning at two o'clock. The judges, who will be Dr. Sperry, Mr. Walker and Dr. Burchard, will pick ten men from those who try. These ten will form a nucleus for the team, which will be chosen later from this number. The matches will be played in singles, in the following arrangement;

E. Brady	-	Clark
Houseknecht	-	Capron
Hanners	-	Tressler
Pierson	-	Griesser
Allis	-	Train
Fenton	-	Wikoff
Fowler	-	Woodley
Treible	-	Partridge
A. Brady	-	Stickles
E. Rice	-	Carter
Gregory	-	Greenfield
Cheney	-	Wheaton

MANHATTAN HERE TODAY

A Return Game Will Be Played on the Oval This Afternoon.

The weather permitting, the second game with Manhattan College will be played on the Oval this afternoon. The first game was played at New York last Thursday, when the local team was defeated by the score of 4 to 1.

It is expected that Syracuse will avenge the defeat administered by Manhattan since she has the advantage of playing on her own grounds. Manhattan, however, has an especially strong team this year.

Moore and Curtis will doubtless form the battery for Syracuse. Moore pitched a good game against Manhattan Thursday, striking out five men and keeping the hits well scattered. O'Brien and Duff will form the battery for Manhattan.

THE NEW SORORITY.

A new sorority is soon to taks its place among the social organizations of Syracuse. The plans for the formation of this society have been kept almost entirely secret, and it was not until yesterday when a telegram arrived from the national convention of Alpha Xi Delta that the fact became known.

Alpha Xi Delta was organized in Ohio in the early nineties and has since come to occupy a position of prominence among the college organizations, particularly in the Middle West.

Following are the names of those who are the prospective charter members of the local chapter: Theresa Tobin '05, Bertha G. Cleveland '05, Elizabeth Loetzer '05, Martha Hutchings '06, Grace Fox '06, Nora Lockwood '06, Helen Tobin '07, Nettie M. Britten '07.

Today our 'Varsity nine meets Manhattan on the Oval. The New York college is known throughout the collegiate world for its strong baseball nine. Last week, however, our team gave them a close call for first honors. It is evident that with good support from a large student body in the grand stand we may confidently expect a victory this afternoon.

It is a pleasure to peruse the 1905 Onondagan. Its many excellent features have been amply reviewed in previous issues of the Daily Orange. We wish only to commend the 1905 Board collectively and individually for the finished product. The gratification at seeing such a splendid annual go forth to represent Syracuse must in itself be a compensation to the 1905 class, and the Board representing the class.

The students should bear in mind the interscholastic track meet which occurs on the Oval this Saturday. The best athletes from many of the largest preparatory schools in the State will compete. The problem of securing the best talent from the schools is a vital one for Syracuse.

The student body can aid very materially in advancing the Orange interests at this time, not only by hospitable treatment of such men, but by attending the meet and showing an interest in the work of the competitors.

NO OBERLIN MEET.

The Oberlin meet was declared off definitely yesterday. The cause was continued rain Saturday and Sunday at Oberlin, O., which put the clay track there in wretched condition. The coach, manager and team returned to Syracuse yesterday.

DEPARTMENT NOTES.

Thursday evening the German club and all major students in German will be entertained at Dr. Holzwarth's home, 301 Waverly avenue, instead of Wednesday evening as previously announced. Officers for next year will be elected at this time.

The course in German XII. for 1904-5 has been changed from Tuesday and Saturday to Thursday and Saturday.

AT THE BASTABLE.

J. Henry Kolker, for years one of the most popular actors, is again with us, and will appear as leading man with the Bastable stock company, which opens an engagement at the Bastable this week.

The play to be presented this week, "The Dancing Girl," abounds in human interest and bids fair to be one of the most popular of the many strong plays which have appeared on the Bastable boards this season.

Miss Lavinia Shannon as "Drusilla," the worthless, selfish daughter of pious parents, has scored decided successes wherever the play has been presented.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

You never saw such a hulla-ba-loo.
CHORUS.—U-pi-dee-i-dee-i-da! etc.

Her voice is clear as a soaring lark's,
And her wit is like those trolley-car sparks!
When 'cross a muddy street she flits,
The boys all have conniption fits!

The turn of her head turns all ours, too,
There's always a strife to sit in her pew;
'Tis enough to make a parson drunk,
To hear her sing old co-ca-che-lunk!

MANHATTAN WINS EXCITING GAME

Scores a Victory in the Eighth Inning--- Score 8 to 4.

The Manhattan college team defeated Syracuse in an exciting and interesting game on the Oval yesterday afternoon. Up to the eighth inning the score stood one to one. Both teams were doing excellent work, both in the box and in the field, up to this time. At this time, however, Moore seemed to weaken and Manhattan scored five runs. A few costly errors helped to roll up Manhattan's score during this inning,

Syracuse took a brace in the last of the ninth and scored three runs. Had not Manhattan obtained so great a lead this inning bid fair to change the result. Excitement grew intense when Pendergast in this last inning made a three-base hit. Syracuse was unable to overcome Manhattan's lead, however, and the game closed with the score eight to four in favor of Manhattan.

The score by innings:

Syracuse.....1 0 0 0 0 0 0 0 3—4
Manhattan.....0 0 0 0 0 0 1 5 2—8

Moore struck out four men, and gave no bases on balls. Manhattan had seven hits, of which one was for three bases. O'Brien struck out ten men, allowing two bases on balls and four hits.

PERSONALS.

The members of the local chapter of Gamma Phi Beta expect to move from their present chapter house at the corner of Irving avenue and Adams street and next year will be located at 709 University avenue.

Leon L. Turner, an Orange reporter, has been compelled to re-enter the hospital of the House of Good Shepherd to undergo an operation for mastoiditis.

Delta Gamma entertained a number of gentlemen friends at a coburb party in honor of the freshmen members Monday evening at their chapter house in University place.

Miss Agnes Kent, daughter of Dean Kent of the College of Applied Science, will graduate from a young ladies' school in Hackettstown early in June.

Miss Margaret Green '05 and Miss Clara MacFarland '05 spent Saturday and Sunday at Pulaski.

The local chapter of Pi Beta Phi entertained the members of the other sororities at a tea yesterday afternoon. Last evening they entertained the members of the faculty.

INTERCOLLEGIATE REGATTA.

At a meeting of the Poughkeepsie-Highland Rowing Association recently held at Poughkeepsie, the 1903 officers were re-elected.

The Intercollegiate Rowing Association have decided to hold their annual regatta on Tuesday, June 28th, 1904, the following events being scheduled between the following named colleges at the hours named:

First race, 4 p. m.—University four-oared shells, without coxswain, between Pennsylvania, Cornell, Wisconsin and Columbia, distance two miles, for the Kennedy Challenge Trophy, presented 1899 by Davidson Kennedy, Pennsylvania, to be heid by the winner for one year.

Second race, 4:45 p. m.—Freshmen eight-oared shells, between Cornell, Columbia, Pennsylvania, Syracuse and Wisconsin, distance two miles for the Stewards' Cup, presented 1900 by Francis S. Bangs, Columbia, to be held by the winner for one year.

Third race, 5 p. m.—University eight-oared shells, between Pennsylvania, Columbia, Cornell, Wisconsin, Syracuse and Georgetown, distance four miles, for the 'Varsity Challenge Cup, presented 1898 by Dr. Louis L. Seaman, Cornell, to be held by the winner for one year.

Arrangements have been completed with the West Shore railroad to specially construct an observation train to accompany the crews over the course.

Special train service will be run to and from New York, and to and from points west and north to Highland for the accommodation of passengers desiring to witness these great races.

The price of observation seats has been placed at $2 each which will be good for all the races on that date.

Excursion rates from all pnints in trunk line territory will prevail at one fare for the round trip for the public desiring to attend these races.

Early application for parties desiring to be located on observation train with their Alma Mater should be made to the president of the Poughkeepsie-Highland Amateur Rowing Association, room 204, No. 7 East 42nd street, New York.

DRAMATIC CLUB.

A meeting of the Dramatic Club will be held this evening at 7:30 o'clock at the Delta Kappa Epsilon house. Every member is urged to be present at this time, as a constitution will be adopted, and every member is expected to sign the same. Plans will also be discuzsed for the production of a play next year.

SENIOR HISTORY SEMINAR.

The seniors in history seminar will be entertained Saturday evening by Dr. and Mrs. Mace at their home in College Place.

The underclassmen of Rho of Delta Gamma entertained informally at the chapter house Monday evening, May 17.

ANNUAL MEETING.

The Biological Association Held its Annual Meeting and Reception Monday Night.

The Biological Association held its annual meeting and reception last Monday night in the Biological Seminar rooms. The meeting was the best and most enthusiastic in the history of the association. About twenty communications were read from former graduates. About sixty volumes, all valuable works, were contributed by former biological students. These books are valued at about $300. The class of 1903 donated a number of volumes, completing a valuable set on "Comparative Neurology." The Biological Association gavc to the library a very valuable set of the "Cambridge Natural History." The class of 1904 gave an elegant oak chair for the seminar room. After the program was rendered a very informal good time and reception was enjoyed by all.

MATHEMATICAL CLUB MEETING.

The last regular meeting of the Mathematical club was held Monday evening at the Delta Upsilon chapter house. Miss Hunt '04 was unable to be present and her paper was read by her sister. Officers were elected for the ensuing year. They are as follows: Director, Dr. Roe; assistant director, Dr. Bullard; secretary, Miss Spear; treasurer, Mr. Fernald; executive committee, Miss Dowsland, Miss Loetzer, Mr. Wilmot, Mr. Platner.

DEAN COMFORT'S ADDRESS.

Dean Comfort, the first dean of Fine Arts College, gave a very able address in chapel yesterday morning. His subject was a comparison of the "Museums of Europe and America." He presented many facts in a new light on the art works of the Continent. His description of the Vatican, Louvre and the British museum were very noteworthy. A large audience showed its deep appreciation of the address.

SENIORS TAKE NOTICE.

At a meeting of the senior class held May 13th it was voted that a tax of 25c apiece be levied on all members of the class to defray commencement expenses. Will the seniors of Fine Arts pay to A. S. Hadley, of the Law college to C. S. Toney, of the College of Medecine to A. G. Odell, of Applied Science to J. S. Eastman, and the treasurer will look after Liberal Arts people.

The adherents of tennis are deeply gratified at the number of men who are trying for the 'Varsity team. The trials are set for today at 2 o'clock. This will afford an excellent opportunity for all who are interested to see the work of the best men in this sport. Further impetus can be given the game by a large number of spectators showing their interest on the side lines.

Tomorrow evening the Chancellor's oratorical contest will be held in Crouse College. The change of date from commencement week to earlier in the year is a welcome innovation. The programme for the evening is one of the best ever presented at the University. It would be well for those wishing the most desirable seats to come early.

The election of the new bishops for the Methodist church will occur soon at Los Angeles, Cal. This election is something which vitally concerns the present and future history of Syracuse University. It will decide whether Chancellor Day will return to us and continue his great work of the past decade, or give his magnificent talents to further the interests of a great religious body.

We do not believe that there is a single person who, with the best interests of our University at heart, does not hope for Dr. James R. Day's continuance as Chancellor. He has filled the position so ideally that it would be hard to conceive of him as other than head of our University. Since he came to preside over the fortunes of our Alma Mater he has worked wonders in her development. Possessed of consummate business ability, a keen insight of affairs and great executive power, he has been, and now is, the man for the place. Should the church, however, call him to a higher office, we wish that his past success msy be but a stepping stone to his increased influence and splendid attainments in the future.

AT THE BASTABLE.

J. Henry Kolker, for years one of the most popular actors, is again with us, and will appear as leading man with the Bastable stock company, which opens an engagement at the Bastable this week.

The play to be presented this week, "The Dancing Girl," abounds in human interest and bids fair to be one of the most popular of the many strong plays which have appeared on the Bastable boards this season.

Miss Lavinia Shannon as "Drusilla," the worthless, selfish daughter of pious parents, has scored decided successes wherever the play has been presented.

NEWS OF ALL COLLEGES.

MICHIGAN.

It is rumored that this will be Coach Fitzpatrick's last year at Michigan, and the rumor is not unfounded. Fitzpatrick has worked wonders for Michigan. Like Coach Yost, he came here when Michigan was not very successful in track work, and has continued to send champion teams into the field. For three consecutive years he has sent a team to Chicago to represent Michigan at the Western interconference, and each year that team has brought back the banner, and finally the Spalding cup, which went to the team winning the conference three consecutive times. Another strong feature in Fitzgerald's training is in turning out relay teams. Never has one of his quarter-mile or four-mile teams been defeated.

Without Fitzpatrick Michigan would be unsuccessful in track work. The men all love Fitzpatrick, and there is no other man to fill his place. As old Cy Perkins put it, "Without Keene, there would be nothing doing."

Columbia is the university that desires Fitzpatrick's services, and all Michigan men hope that Fitzpatrick will refuse to go.

A Masonic fraternity has been incorporated and will go into a house soon. The new fraternity has grown out of the University Masonic club, which has been in existence several years.

The May Festival was a glorious success. Orchestral concerts, a production of Carmen and also the "Dream of Gerontius" rendered by a large chorus were among the events scheduled.

COLUMBIA.

Columbia's athletes won the track meet with U. of P., the baseball game with Cornell and the golf match with Richmond Hill. The track meet with Princeton netted Princeton 61 1-2 points and Columbia 34 1-2.

PRINCETON.

Outdoor performances of "Much Ado About Nothing" and "Midsummer Night's Dream" were given by the Ben Greet company Friday afternoon and evening.

The 'Varsity baseball team lost to Cornell in a closely contested game held at Ithaca. The score was Cornell 8, Princeton 7.

Seniors are invited to see Palmer before having their commencement photos taken in cap and gown or otherwise.

We sincerely hope that even if a majority of the seniors are indisposed concerning the class legacy, that the class president is not likewise affected. A senior class meeting called for Friday after chapel would settle the matter satisfactorily. We trust that 1904 will go forth from Syracuse leaving a memorial to the university which will ever be worthy of such a magnificent body of students.

It is not within the power of many, while they are still undergraduates, to establish a prize in any department of college life. The class of 1904 possesses such an individual and should be proud of him. Perry A. Carpenter has made an excellent beginning in showing his love for his Alma Mater, by establishing a prize for an annual oratorical contest on some phase of the liquor question.

We all realize that the upbuilding of a single department of our university means the betterment of the whole. We wish to commend Mr. Carpenter most heartily for the generosity and good example he has shown.

In playing Manhattan almost to a standstill Tuesday afternoon the 'Varsity ball team put up a game which was in every way a credit to the University. Pitted against a team which has met defeat but three times in two seasons, a team renowned for its heavy hitting and fast fielding, Captain Moore and the entire team gave an exhibition of base ball such as is rarely seen on college fields.

The 'Varsity played the kind of ball which, when backed up by the presence of a thousand enthusiastic supporters, brings victory.

Was this support accorded the team Tuesday? Did the students turn out as they should have? Was the cheering conducted in a manner which could be expected to infuse that spirit of do or die which was so necessary in the critical eighth inning?

Another game is to be played tomorrow. Another opportunity will be given the student body of showing their appreciation for the splendid work of the team. Another chance will be given the senior cheermasters to maintain the standard of hearty cheering which has been set by the cheer leaders of former classes.

CHANCELLOR'S CONTEST

Mr. Moody and Miss Tobin Win First Honors--Unanimous Decisions.

The Chancellor's Oratorical Contest held in Crouse College Hall last evening was a success in every respect. Qualities in English, composition and in delivery were evidenced in all the orations rendered which were a credit to all concerned.

By unanimous decision Mr. Winfred P. Moody was awarded first prize for his oration, "Imminent Dangers in National Life." Mr. Joseph A. Mosher scored a decided success in his rendering of his brilliant oration, "The Awakening of Russia." Mr. Mosher was awarded second prize.

Miss Theresa K. Tobin received first and Miss Matie E. Reynolds second prize in the women's contest.

Hon. Horace K. White presided. The judges were Frederick D. Leete, D. D., Hon. Theodore E. Hancock and Mrs. Michael Driscoll.

The program follows:

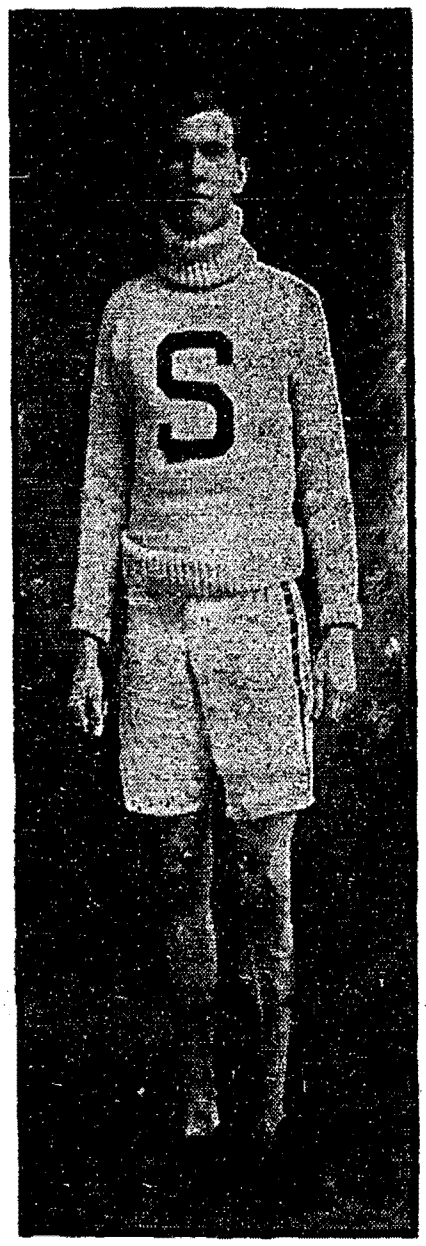
Mr. Clifford Howe Searle.

Violin Solo—Leo Adieux
Mr. Andrew Bothe.

THE INTERSCHOLASTIC MEET.



Tomorrow afternoon occurs the annual interscholastic track meet in which the leading preparatory schools of Central and Western New York are entered. One hundred and fifteen entries have been received by Assistant Manager Distin who has charge of the arrangements for this important meet. Among those entered are some of the fastest men who have been seen in the interscholastic meets.

A large attendance of the student body is expected at the meet, which will begin promptly at two o'clock. Admission 25 cents.

Carlton F. Potter '06, scientific, is pledged to Phi Delta Theta.

ROBERTSON ELECTED CAPTAIN.

The 1904 'Varsity track team sat for their picture yesterday afternoon at Ryder's studio. After the picture the election of captain for the 1905 team was held. Clement T. Robertson '05, classical, was the choice of the team.

CLEMENT T. ROBERTSON, '05,
CAPTAIN-ELECT OF THE 1905
TRACK TEAM.

Owing to the loss of Lowe, Robertson will be the mainstay in the hurdles, both high and low, next year and will probably be the greatest point winner on the team. Cornelius Van Duyn '04, the big weight man, yesterday afternoon stated that he would return to college next year. Van Duyn has one more year to compete and will be a tower of strength in the hammer-throw and shot-put. Lowe '03 is also expected to be in college next year as instructor. His coaching in the hurdles and jumps will be valuable.

ANNUAL REPORT.

The annual report of the Christian associations has been issued by Rev. R. Alfred Waite '01, the general secretary. The growth of the associations has been remarkable in all departments. In mission study the increase has been two fold, in Bible study four fold and $150 more was given to the Brockman missionary fund than in the preceding year.

An important work of the association has been the placing of 467 students in positions where they could earn wholly or in part their college expenses. All students depending on their own resources have been aided in their endeavor to find suitable employment.

LAST CHAPEL

Celebrated Today--Mass Meeting of the Four Classes----Senior Class Legacy

The annual Last Chapel exercises will be appropriately celebrated today. The seniors will march in dressed in cap and gown, after the other classes have assembled, just as they did on Moving-Up Day and occupy the same seats. The seniors will meet at 9:30 in the gymnasium.

After the customary chapel exercises and preceding the distinctive exercises a mass meeting of the students will be in order. This meeting, under Ernest Sumner, will consider briefly the recommendations of the senior class committee on cribbing, and also take some action on the matter.

The Last Chapel exercises will then be celebrated. Among the speakers for the occasion are Dean Smalley, George Bond and Harley Crane from the alumni. The senior and junior classes will also be represented by able speakers. George Warren will speak for the seniors and Joseph Mosher for the juniors.

The seniors will remain after the three lower classes have gone out. As a climax to their Last Chapel the 1904 class in its meeting will vote a fitting memorial to the University.

TENNIS TRIALS.

Twenty men entered the tennis trials held Wednesday afternoon and played the game with a dash and go such as has not been evidenced on the courts before this year.

The purpose of the trials was to select players of sufficient ability to make strong condidates for the 'Varsity team which is to play Hamilton during the first week in June.

The results were as follows:
E. Brady 6-6; Carter 1-0.
Tressler 1-6-6; Hanners 6-3-4.
Pierson 6-6; Griesser 2-1.
Partridge 6-2: Treible 1-6. To Treible by an accident to Partridge's ankle.
Gregory 3-2; Greenfield 6-6.
Fenton 8-4-6; Wikoff 6-6-1.
Train 6-7; Allis 1-5.
Treible 6-9; A. Brady 3-7.
Houseknecht 6-6; Capen 4-2.
Woodley 6-6; Fowler 2-3.

Those entered who failed to play off their sets will do so today. The semi-finals will take place tomorrow.

William Y. Boyd '06 visited Hobart yesterday, attending to important business relative to the proposed grant of a Beta Theta Pi charter to a local fraternity, Phi.

SENIOR HISTORY SEMINAR.

The seniors in history seminar will be entertained Monday evening by Dr. and Mrs. Mace at their home in College Place.

ORANGE CLUB ENTERTAINS.

The lawn party given by the Orange club Wednesday evening was one of the most pleasing of the brilliant social events which have taken place on the hill during the past season.

Among the features of the evening was the brilliant electric display; electric lights artistically arranged on verandas and lawn, while above the entrance the club pin appeared in a blaze of light.

Fifty couples enjoyed the lawn festivities and the other amusements of the evening.

The party was chaperoned by Professor and Mrs. Arthur S. Patterson and Mr. and Mrs. Harry V. Boyd '03.

The music was furnished by the University Orchestra.

CHANCELLOR DAY.

At the first ballot taken for the election of bishops at the general conference of the Methodist Episcopal church convening at Los Angeles; Chancellor Day stood sixth on the list. One hundred and twenty-five men were voted for. Dispatches from Los Angeles state that the election of Chancellor Day is practically assured. Four hundred and eighty-seven votes are required to elect. Chancellor Day received 270 on the first ballot.

REPUBLICAN CLUB.

Alive to the needs of a strong organization in college next fall, President Rubin of the Republican Club called a meeting of the executive committee yesterday afternoon.

At that meeting plans for conducting a vigorous campaign were discussed. President Rubin named the following as the executive committee in whose hands the plans for the fall are placed: John L. Train, chairman; A. A. Loomis Baldrey, Arthur L. Evans, Ralph L. Stilwell, J. R. Rubin (ex-officio).

THE NEXT SING.

The next college sing will be held next Wednesday evening at 7 o'clock at the usual place. The rain prevented the sing last Wednesday. For this and other reasons, the next sing should be the best sing of the year, with the largest attendance.

It is probable that news of the University of Pennsylvania game will be heard at that time, and plans also made for the Lehigh game the following day.

VERMONT TODAY.

Providing the Oval is in condition, the baseball team of Vermont University will meet the Orange this afternoon. Vermont has a strong team this year, and a good game is assured.

IMPORTANT.

The faculty at a meeting yesterday afternoon made the ruling that absence from an examination will count as a failure to any student.

Seniors are invited to see Palmer before having their commencement photos taken in cap and gown or otherwise.

On account of the examinations the next two issues of the Daily Orange will appear on May 26 and June 2 respectively.

The Last Chapel exercises will be appropriately celebrated this morning. This custom is one which should never be dropped. It is most distinctive for the seniors just as Moving-Up Day is for the first year men. It is expected that everyone in the senior class will be present in cap and gown.

The time has arrived for the 1907 class to supply a sufficient sum of money to get an experienced climber, and replace the halyards which the class broke on Moving-Up Day. Commencement days are fast approaching and with them the influx ef visitors. This means that delay in the matter must be made a thing of the past by 1907.

The annual report of the Christian associations just issued by R. Alfred Waite '01, general secretary, shows a healthy and steady growth in all departments. The work done by the associations can be pointed to with pride by any Syracusan, for it compares favorably with that done by the larger universities through out the states. We wish the associations continued growth and prosperity during the coming years.

The most appropriate thing the seniors can do today is to remain in a body after chapel, and vote to leave a class memorial to the university. The time and occasion meet today. It remains for the seniors to take advantage of both.

The idea which seems to gain the most approval among the members of the class is that of building a rostra in front of the library. The rostra would then face two slopes east of Crouse College, and would give an excellent vantage point from which all celebrations and "sings" could be directed. The other advantages of a rostra are many and so evident as to need no further explanation. We trust that the seniors will push this matter to completion, and leave a memorial of which they may well be proud.

AT THE BASTABLE.

J. Henry Kolker, for years one of the most popular actors, is again with us, and will appear as leading man with the Bastable stock company, which opens an engagement at the Bastable this week.

The play to be presented this week, "The Dancing Girl," abounds in human interest and bids fair to be one of the most popular of the many strong plays which have appeared on the Bastable boards this season.

Miss Lavinia Shannon as "Drusilla," the worthless, selfish daughter of pious parents, has scored decided successes wherever the play has been presented.

Sour Stomach

"I used Cascarets and feel like a new man. I have been a sufferer from dyspepsia and sour stomach for the last two years. I have been taking medicine and other drugs, but could find no relief only for a short time. I will recommend Cascarets to my friends as the only thing for indigestion and sour stomach and to keep the bowels in good condition. They are very nice to eat."

RESOLUTIONS.

The untimely death of our friend and brother, Charles A. Nichols, who won the respect of all because of his kindly disposition and noble character, has brought sorrow to the Alpha Omega Delta Fraternity of which he was a most loyal member. In testimony of this fact, be it

Resolved, That we extend to his sister and to his friends our most heartfelt sympathy; that in token of our own personal loss we drape our pins and charter for a period of thirty days; and be it further

Resolved, That these resolutions be recorded in the minutes of the fraternity; that a copy be sent to his sister, and that they be printed in the University papers.

VOL. I. NO. 180. SYRACUSE, N. Y., THURSDAY, MAY 26, 1904. PRICE TWO CENTS

DR. JAMES R. DAY STILL CHANCELLOR

The University and City Rejoice at the Glad News---His Welcome Back.

The city of Syracuse rejoices with the University authorities, alumni and students in the pleasing announcement of Dr. James R. Day's refusal of a Methodist bishopric that he might continue his great work as Chancellor of our university.

Dr. Day surprised the Methodist Episcopal conference at Los Angeles last Monday when he resigned his election as bishop. He was the eighth bishop chosen at the present conference. Dr. Day asked to be excused from further attendance.

In explaining his action, he said no coercion had been exercised by the trustees of Syracuse University. He said he was acting strictly in accord with the dictates of his own conscience. He mentioned the fact that he had withdrawn his name after the third ballot, and that his friends had not permitted his action to stand.

He continued that he felt that he should return to his work as an educator and did not feel himself called to be a bishop.

Prominent citizens of this city and alumni of the university are now planning for a great gathering in Crouse College some evening about the middle of next week.. At this great gathering representative speakers from the city and alumni will voice the general rejoicing at the Chancellor's return.

The students will also participate in this gathering. It is expected that the students will have a distinctive celebration of their own before this monster meeting.

The plans for this student celebration include a gathering of the entire student body at the station to meet the Chancellor when he returns. The freshmen will draw the carriage in which he rides to the Hill. The carriage will have as its body guard the seniors in cap and gown, followed by the other classes. Several bands will be in the procession. Upon reaching the Hill a large bonfire will be touched off and a short celebration held.

In the evening the student body will assemble on the east slope of Crouse hill an hour before the exercises in Crouse College and hold the most enthusiastic as well as the last "college sing" of this spring. The seniors will wear cap and gown and later will have special seats in Crouse College, where all the students will join in the general celebration. The senior executive committee has charge of the student celebration.

TELEGRAM FROM CHANCELLOR

In answer to an expression of the students' appreciation for Chancellor Day's deep devotion to Syracuse manifested in his resigning the episcopacy, a telegram from the Chancellor was received at the Daily Orange yesterday afternoon.

The message is characteristic of the Chancellor, expressing in strong and vigorous terms the appreciation which he feels for the loyal support of the student body in his great work of attaining the highest ideals for Syracuse University.

LEHIGH TODAY.

The Lehigh baseball team will arrive in the city this morning ready for this afternoon's contest on the Oval. Lehigh has a strong team this season and a good game is promised. This is the last game on the schedule for the season. Up to the time of going to press last night the baseball team with the coach and management had not returned from Philadelphia, so it was impossible to obtain the batteries for today's game. Moore or Hannon will doubtless be in the box for Syracuse.

Syracuse was defeated Tuesday by the strong Villa Nova team by a score of 12 to 0. Villa Nova has defeated the strongest teams in the country this season.

1904 FOOTBALL SCHEDULE.

Manager Erle L. Ackley of the 'Varsity eleven has announced the following schedule for next fall:

September 24—Cortland Normal at Syracuse.
October 1—Clarkson at Syracuse.
October 8—Open.
October 15—Yale at New Haven.
October 22—Colgate at Syracuse.
October 29—Allegheny at Syracuse.
November 5—Manhattan at Syracuse.
November 12—Lehigh at Syracuse.
November 19—West Point at West Point.
November 24—Buffalo at Buffalo.

PENNSYLVANIA 6; SYRACUSE 5.

The Syracuse 'Varsity lost a closely contested game to University of Pennsylvania yesterday. Moore was in the box for Syracuse and did excellent work. The features of the game were Burrell's timely hits, his home run and three bagger bringing in four runs.

Syracuse lead by two runs at the beginning of the ninth, but three costly errors by the infield lost the game.

"SAINT PAUL" TONIGHT

Mendelssohn's Great Oratorio to be Given by a Chorus of 150 Voices.

In Crouse Hall this evening there will be scored one of the triumphs in the history of Syracuse University's department of music. For months Prof. Phillips has been working with admirable energy and patience to round the chorus into shape and it is positive that his expectations will be realized in a most gratifying manner.

The chorus is composed mainly of musical students, but there are a goodly number of representatives from all departments of the university. Every rehearsal held during the past month has been attended with noticeable progress. As each new number of this great composition was taken up the chorus interpreted the ideas of author and director with an intelligence that was remarkable.

It is to Prof. Phillips, however, that the laurels of the evening will go. As a director he holds the chorus well in hand and controls the attention of each individual singer with ease. Not once has he given evidence of impatience; and the lack of the irritation which is so commonly experienced during rehearsals has helped greatly toward final success.

The story of the oratario deals with Stephen's martyrdom and the conversion of Paul. After Stephen's death at the hands of the enraged mob, Saul starts out with the intention of continuing his persecutions of the Christians. He is converted and preaches before the people. In time his teachings excite the anger of the multitude, but the Lord saves him from persecution and he takes a sorrowful leave of his brethren.

Miss Annette Snell will preside at the organ, and the solo parts will be sung by Miss Margaret Keeler, soprano; Miss Martha Wittkowski, contralto; William Snyder, tenor, and George Madison, Ralph Stilwell and Birney Pedigrue, basses. The oratorio will begin at 8 o'clock.

THE TRACK TEAM.

The Orange men who will comprise the team to compete at the intercollegiate in Philadelphia this Friday and Saturday are Lowe in the high jump, Captain Gardner in the pole vault, Van Duyn in weight events, Ralph in the 440 dash, Robertson in the hurdles and Cole in the dashes. Coach Whittemore and the team will leave this morning for Philadelphia. It is expected that the team will show up well at the great meet. Next Monday Coach Whittemore with Gardner, Lowe and Van Duyn will leave New York City for St. Louis. On June second and third the 'Varsity cracks will compete in the World's championship events with the star athletes from every part of the globe.

TENNIS TRIALS.

The contests for places on the 'Varsity tennis team which is to compete with Hamilton at Clinton are being hotly watched with intense interest. It is expected that the five men who will finally be chosen tomorrow will constitute the strongest tennis team ever developed here.

The tournament will be held at Clinton one week from today. Three sets of singles and one set of doubles will be played.

Tuesday's results were as follows: Treible wins from Griesser 6-0, 6-2; Woodley wins from Treible 6-2, 8-6; Houseknecht wins from Woodley 6-4,9-7; Tressler wins from Fenton 7-5, 6-4.

The final trials will take place tomorrow at 2 p. m. Train vs. Clark, Woodley vs. A. Brady, Houseknecht vs. E. Brady, Treible vs. Allis.

Judging from the work done so far, Clark, Houseknecht and E. Brady are almost sure to be among the five chosen. A lively contest is expected tomorrow.

THE ROSTRA.

The senior class has decided to build a rostra on the campus as a class memorial to the University. The rostra will be about six to eight feet high, and twelve by eight feet in dimensions. It will be built of Gouverneur marble, and erected on the campus facing the library and the east slope of Crouse College hill. From its summit all celebrations and sings will be directed. The cost of the structure is $200.

THE VERMONT GAME.

Syracuse defeated Vermont on the Oval in a well played game of baseball last Friday by a score of 6 to 2. The features of the game were the fine infield work of the Orange 'Varsity and the pitching of Freshman Hannon for the locals.

NOTICE TO SENIORS.

All members of the senior class are asked to meet at Crouse College Hall on Saturday, June 4, at 10 a. m, and Monday, June 6, at 10 a. m. for rehearsal and assignment of seats for commencement exercises. Professor J. A. R. Scott will have charge of the rehearsal and it is imperative that every member of the class be present.

ROBERT E. WILCOX, Pres.

SENIORS, ATTENTION.

Will the young ladies of the senior class of Liberal Arts please pay their class tax of 25 cents to Miss Evelyn Waterbury. ROBT. W. MOREY, Treas.

NOTICES.

All students interested in tennis are requested to join the Tennis Association. The dues, 25 cents, will be used to send the team to Hamilton.

The reunion of the class of '80 will be held at the home of Mrs. Eloise Holden Nottingham in Walnut avenue, instead of at the home of Dr. Roe as was announced in the Alumni Circular. The reunion will be held after the dinner on Alumni Day.

We wish to extend the heartiest congratulations to the University, its faculty and student body, and to the city of Syracuse on the decision made by Dr. James R. Day to retain the position of Chancellor of Syracuse University. We would express at the same time our sincerest gratitude to the Chancellor for refusing the high honors thrust upon him, that he might continue his wonderful work in our University. As we have said on a former occasion, he has filled the position so ideally that it would be hard to conceive of the office being occupied by any other person.

We firmly believe that he is THE MAN for the place, and further that in refusing a bishopric he has retained the position of greatest importance and usefulness. There certainly can be no grander work placed under the power of any man than the direction of a great university with its untold possibilities. In his return to this position we wish that his great work of the past may be but a stepping stone to his increased influence and splendid attainments of the future.

The time is now ripe for the entire student body to get together and give Chancellor Day such a welcome back to Syracuse and our University, as he will never forget. Most of the students do not know in detail the wonders he has wrought in Syracuse University during the past decade. Everyone knows, however, that he has refused the highest office in the Methodist Church to remain our Chancellor. Let us then get together and under the direction of the executive committee of the senior class give him such an ovation that it will go down as a matter of history in the city records.

Alumni Day with its happy reunions is not far distant. The thought of this brings back to mind the plan for alumni reunions every three, six and ten years after graduation. Further allow each of these classes a special insignia to wear at Commencement time. We hope that some action may be taken on this plan in the near future.

Although the students are hard at word on examinations they should extend their best wishes for success to the intercollegiate track team. It is expected that the sextette will make a strong showing and that Syracuse may continue in the front ranks at the great Philadelphia meet.

The same wishes are extended and same thought expressed for the trio of star men which will represent Syracuse at St. Louis.

We wish to congratulate the University and the assistant track manager on the first class interacademic meet run off on the Oval last Saturday. The meet without a doubt excelled all previous contests of a similar nature. The management was most thorough and systematic in its work. It is such successful contests that add to the excellent reputation enjoyed by Syracuse University among "prep." athletes, and also assist in securing talent for future 'Varsity teams.

LAST CHAPEL.

Last Chapel was appropriately celebrated last Friday morning according to the plans in the previous day's issue of the Daily Orange. After the customary chapel exercises the students had a mass meeting with Ernest Sumner '05, Law, as chairman. The report of the senior committee on cribbing was read and accepted.

Last Chapel exercises were conducted by Harry Baker '04, president of the Liberal Arts seniors. The latter were present in a body garbed in cap and gown. The alumni speakers were Dean Smalley '74, representing the faculty, and George Bond '93. George Warren gave the address for the seniors and Joseph Mosher '05 responded for the juniors. The exercises were thoroughly enjoyed and appreciated by a large audience.

THE INTERSCHOLASTIC.

The seventh annual interscholastic track meet held on the Oval last Saturday was the most successful ever run off by the University.

Five interscholastic records were broken as follows; The half mile by Hughes of Masten Park high school, Buffalo; the hammer and shot events by Horr, Colgate Academy; the high jump by Risley, Colgate Academy, and the broad jump by Simons of Wyoming Seminary

The best point winners were Colgate with 45 points, Masten Park 36, Wyoming Seminary 25 and Olean 11.

LAW ORATORICAL PRIZE.

The Chncellor's annual oratorical contest for the first year law men was held last Monday evening in the Assembly Hall of the University block.

Jesse M. Seymour, of Salamanca, won first place with an oration on "The Love of the South." Cleveland J. Kenyon and William W. Gerber of Syracuse were second and third respectively. The prizes were $25, $15 and $10. There were five contestants. Included on the musical program were Andrew Bothe, violinist, S. J. Titus, basso soloist and H. Tymeson, pianist.

COMMENT OF THE PRESS.

The Buffalo Commercial of May 24, editorally commenting on Chancellor Day's resignation of the episcopacy says:

"It appears that Chancellor Day of Syracuse University did not want to be a Methodist Bishop, after all. What he wanted was a "vindication" and he certainly got a very handsome one."

VOL. I. NO. 181. SYRACUSE, N. Y., THURSDAY, JUNE 2, 1904. PRICE TWO CENTS

OFF FOR ALLEGHENY.

The debating team which is to represent Syracuse in tonight's contest with Allegheny College left yesterday for Meadville. The team, which is made up entirely of juniors, is comprised of Fred W. Hartwell, Robert Park and Joseph A. Mosher.

The question for discussion, "Resolved, That labor unions are injurious to industrial welfare," has been thoroughly studied by Syracuse student debaters during the past two years in argumentation.

The experience gained in former contests over the labor problem and the recent extensive investigation of all phases of the question are such as to warrant confidence in the team's ability to so present the affirmative as to win a victory over the Allegheny debaters.

Tonight's contest will be the culmination of a year's work in debating which has been more successful in many respects than that of any previous year. More men have entered the forensic field; more interest has been taken by the students in this manly college activity than ever before. New men have been developed and the foundation laid for success in intercollegiate work in years to come.

It is to the earnest efforts of Professor Losey, seconded so heartily by the Debating Union and the class clubs, that the year's progress is largely due.

THE CHANCELLOR'S WELCOME HOME

Citizens of Syracuse United with Faculty, Alumni and Students in the Welcome

Chancellor James R. Day arrived in Syracuse Monday at 7:15 p. m. This early arrival was somewhat unexpected. Even with the downpour of rain however, it did not deter a large crowd of students from meeting the Chancellor at the train. The students then marched to his home where they made themselves heard in song and cheer. Chancellor Day was suffering from a severe cold and could only make a short speech thanking the undergraduates for their welcome. He said the cheers at the train were the most welcome sound he had heard since he went to California.

After the students had marched to the homes of the Deans and heard more speaches they dispersed.

Tuesday evening they again assembled on Crouse College hill preceding the great meeting which was to be inside. On the arrival of Chancellor Day they gave him cheer after cheer, then marched in and sat in a body in Crouse College.

Immediately in front of the students were seated the faculty. The remaining seating capacity was used by the citizens of Syracuse and the Alumni of the University.

Prominent citizens representative of every walk of life were seated on the platform. Among the more prominent were:—Chief Judge Charles Andrews, former United States Senator Frank Hiscock, Lyman C. Smith, former Chancellor Charles N. Sims, Rev. Michael Clune, Rev. Adolph Guttman, Rev. G. B. Spalding, Rev. E. N. Packard, Rev. J. D. Phelps, Rev. Arthur Copeland, Mayor Alan C. Fobes, Presiding Justice P. B. McLennan, Congressman M. E. Driscoll, W A. Holden, E. Nottingham, J. M. Gilbert, H. P. Denison and Wm. Nottingham.

Professor Parker of Fine Arts presided at the organ. When Chancellor Day was seated the students arose in a body and gave the long yell with "Chancellor" after it.

Rev. James D. Phelps '76 took charge of the meeting. He called on Rev. George B. Spaulding of the First Presbyterian Church who offered prayer. Dr. Phelps then called on Mr. Alan C. Fobes, mayor of Syracuse, to preside.

When taking the chair Mayor Fobes said in closing:

"It is with the greatest confidence that I voice the sentiment of the entire city, that, sir, I bid you in the name of the people of Syracuse a cordial welcome."

Former Chancellor Charles N. Sims was next introduced and was repeatedly applauded. He told in brief of the great work accomplished by Chancellor Day and the loss which would have been sustained had the latter accepted a bishopric. He expressed his opinion that in the time between his election and resignation the Chancellor had got the best there was in the episcopacy. When Dr. Sims had closed the students arose and sang "Alma Mater."

Dean Frank Smalley of Liberal Arts College was called on to respond for the faculty. After an ovation from the students he spoke, and bade the Chancellor thrice welcome, first for the faculty, second for the students, and third for the citizens. He mentioned the fact that no one received the news of the Chancellor's resignation from the Bishopric with more rejoicing than did the faculty. In closing he said:

"It used to be said that the chancellorship was a step to the bishopric, and now the Chancellor has established the precedent that an acceptance of the episcopacy is a step downward from the chancellorship of Syracuse."

Rev. Dr. Adolph Guttman as the next speaker warmly welcomed the Chancellor in behalf of the citizens of Syracuse, closing with the couplet:

"He is loved in the East,
He is loved in the West,
But in Syracuse we love him best."

Chief Judge Charles Andrews, a trustee of the University, gave a glowing eulogy of Chancellor Day and his work, his superiority to attacks on his religious faith and of the vindication given him.

J. R. Rubin welcomed the Chancellor back in behalf of the students in a speech which was truly representative of the progressive spirit of the undergraduate body.

The remaining speeches of welcome were made by Rev. Michael Clune, of St. John's Roman Catholic Church, and by William Nottingham '76 for the alumni.

Chancellor Day was the final speaker of the occasion. After prolonged applause he said in part:

"I would have enjoyed all this tonight if it had been about some other man. I am perplexed to know how these good friends know so much about me that I do not know myself. I cannot begin to tell you how deeply I appreciate this welcome." He said he was gratified with Mr. Rubin's speech, because it showed the enthusiasm of the student body.

In mentioning some of his ideas for the future he hoped the parties represented on the platform and in the audience would unite on all occasions for the upbuilding of Syracuse University. Among the buildings needed at once he mentioned a large, well equipped gymnasium, a Christian Association building, a chemical laboratory building and several others. The idea of a new gymnasium was received with great applause. In conclusion he said; "I want to thank you with all the largeness of my heart for your appreciation and welcome. I promise you, God sparing my life, to do my level best."

Dr. Spaulding dismissed the meeting with a benediction. There was a final student demonstration and the welcome was complete.

A special edition will be published on June 30, containing a complete report of the work of the crews at Poughkeepsie. This number will be sent free to those who subscribe immediately for next year's Orange.

If indications count for anything it is an assured fact that Chancellor Day does not regret his action in refusing a bishopric to remain a college president. The citizens of this community, the faculty, alumni and students of Syracuse University were all alike glad to welcome him back. It was, as it should be, a most representative body that assembled in Crouse College Tuesday evening to extend to him felicitations and the strong right hand of renewed fellowship.

In the return of Chancellor Day to his duties we believe a new era has opened up for Syracuse University. One to which the past will be but a stepping stone. One in which the parties represented at his welcome will work hand in hand to make Syracuse the greatest exponent of higher Christian education in the land. At the beginning of this great era we pledge to the Chancellor the hearty cooperation of the student body, knowing that in him we have a superior leader.

Commencement days are near at hand. This means the influx of visitors, including the return of many alumni. The opportunities afforded the students who remain to give the incoming guests a most hospitable time are many. We trust they will be used to the best advantage, so that every visitor will go away with only the best impressions of the University and its student life.

NORTHFIELD YOUNG WOMAN'S CONFERENCE.

Plans for the eleventh session of the Young Woman's Conference, which meets at East Northfield, Mass., July 12-19 are fast nearing completion. Its purpose, as heretofore, remains the same; the development of the Christian life among the young women, and the awakening of an interest in Bible study and in practical methods of church work; but its scope is enlarged and is now designed to include all young women, without reference to any one religious organization or class of students.

During the conference there will be various Bible classes conducted by able teachers. One of the chief aims will be to show how to study the Bible. Meetings will be held each day, dealing with Missionary, Church and Philanthropic work. At 6:30 p. m. the Round Top sunset meetings will be held, led by Mrs. Helen Montgomery, Mrs. Sangster, Mrs. Bottome and others. The Auditorium meetings at 8 p. m. will be addressed by Rev. G. Campbell Morgan, Robert E. Speer, W. R. Moody, Rev. Milton Merle Smith and Dr. J. R. Miller

LEHIGH DEFEATED.

Syracuse defeated the Lehigh baseball team last Thursday in a closely played game by a score of 7 to 5. Young Hannon the freshman pitcher did the pitching for Syracuse in the first few innings, but was hit frequently. Captain Moore replaced him and did great work for the rest of the game. It was the last game for Captain Moore as it was for Harry Baker '04 at second base. Both ended their long and successful careers as varsity players with credit to themselves and the University. The batteries were:—Lehigh, Powell and Shidds. Syracuse, Hannon, Moore and Curtiss.

Score by innings:

Lehigh	2	0	0	3	0	0	0	0	0—5
Syracuse	0	2	2	0	0	2	1	0	0—7

BURRELL CAPTAIN.

Lennius O. Burrell '06 Law, was elected captain of the 1905 'Varsity baseball nine, at the election which was held after the Lehigh game. Burrell has played at third base for two seasons with an excellent record. He is also one of the heaviest batters on the nine.

THE 1905 TRACK TEAM.

Editor the Daily Orange:

Owing to the unsatisfactory season of the track team this year and the loss of Captain Gardner and Lowe '03, the 1905 team will start out under something of a disadvantage. But the 1905 team must be a winnning team and it will be a winning team if it is properly backed by the student body of Syracuse University. Every able bodied man in the University who is not absolutely barred out by other work should come out for the team. There is a place somewhere for every man on a track and field team and every man exerts an influence on other men to work.

Do the students realize that the 'Varsity track teams have done more for Syracuse University than any of her other athletic teams? From the track team came a world's champion and a number of intercollegiate champions. The past record must not only be sustained but eclipsed.

This summer many men developed or undeveloped for track work will be deciding to go somewhere to college. It is "up to" the undergraduates and alumni to influence these men to come to Syracuse and to see that these men try for the track team.

Next year will see an excellent new coach with new life and new methods at the head of Syracuse track athletics. It is rumored that this man may be the famous, several times world champion, Tom Keane.

A cross-country team with separate captain will be made an important factor in developing distance men next season. Manager Distin expects to arrange a meet for this team. Further, Manager Distin has already in view such a track schedule as will cause healthful competition for places on the 1905 team.

The return of Van Duyn to the team and the coaching of Lowe will mean unexpected strength. A number of big men have expressed intentions of coming out. Among these are Robert Stone '05, captain 1904 crew, H. S. Potter '06, Church '06, Cagwin '07.

Hayes '04, Mitchell '06, Parsons '06, Stebbins '06, and Bryant '07 are comparatively new men who will be heard from next year in the middle distances.

All the other old men will be back with the exception of Lowe and Gardner.

In conclusion, one, two and in some cases even three men are badly needed in each one of the thirteen events with the exception of the middle distance runs.

Yours for Syracuse.

CLEMENT T. ROBERTSON,
Captain 1905 team.

PROGRESS OF THE CREMS.

The 'Varsity and Freshman crews are both rapidly rounding into shape under the direction of Coach Ten Eyck and the captaincy of Robert Stone.

The freshmen are doing brilliant work, giving the 'Varsity a hard struggle for first honors in their frequent brushes on the river.

One of the hardest struggles of the season took place Tuesday afternoon when the freshmen, stroked by Anderson '06, won from the 'Varsity on the four-mile course by a length and a half.

On this occasion Coach Ten Eyck expressed himself as well pleased with the work which the 'Varsity and freshmen are doing. When asked how the present showing of the crews compares with that of last year at the same time the coach expressed the opinion that the 'Varsity are exhibiting fully as good form as they did last year, while the freshmen are pulling a stronger oar than a year ago, although their work as yet lacks the smoothness which characterized the 1906 crew.

The races take place at Poughkeepsie June 28. On June 30 the Daily Orange will publish a special illustrated edition containing a full account of the regatta from our special correpondent. This number will be mailed free to all who send in their subscriptions for next year's Orange before June 30.

SYRACUSE-HAMILTON TENNIS TOURNAMENT.

On the tennis courts at Clinton will occur this afternoon a tournament between the tennis teams of Syracuse and Hamilton.

The Syracuse team has been severely handicapped by the poor condition of the local courts and the recent bad weather. However, the individual work of the Syracuse men has been exceedingly good, and it is expected that a strong showing will be made, particularly in the series of singles.

Frank D. Clark, John L. Train, Eugene Brady and Clarence J. Houseknecht will each play a series of singles with the Hamilton cracks. Train and Houseknecht, also Clark and Brady will team together for series of doubles.

C. E. Woodley will accompany the team as manager and substitute.

ALLEGHENY DEBATE.

Syracuse Loses Divided Decision---Allegheny Debates "Unionism."

The intercollegiate debate held at Meadville, Pennsylvania, on Thursday evening, June 2, resulted in a decision for Allegheny.

Syracuse had the affirmative of the question: "Resolved, That Trades Unions are injurious to industrial welfare," and was ably represented by Fred W. Hartwell, Robert Park and Joseph A. Mosher.

H. J. Stockton, R. G. Freeman and H. P. Sturtevant defended the negative.

The judges were E. L. Lampson of Jefferson O., Professor Gilmore of the Unitarian Theological Seminary of Meadville and Judge Criswell of Franklin.

Hartwell outlined the affirmative's case, clearly setting forth the special issue, "Do labor unions deny to workmen the right to work, the property right in their own labor, the incentive to do their best in their work?" "Do labor unions engender a disrespect for law?"

The first speaker on the negative, Freeman, ignored the issues presented by the affirmative, giving a strong speech showing the necessity of organization and the good features of labor unionism.

Park pointed out the failure of the Allegheny leader to meet the issue and called attention to the fact that the Allegheny case was built upon trades unionism as a principle and not upon trades unions as concrete facts. He charged them with an evasion of the question as stated by the presiding officer.

Park's speech was characteristically strong, presenting clearly the evidence to substantiate the statements that the unions are denying to workers the right and incentive to work and to do their best, and that they interfere with the personal and property rights of the laboring men, both union and non-union.

Sturtevant, the second speaker on the negative, continued to hold to the subject "Unionism," repeating the term time and again. Reduction of hours, raising of wages and abolition of child labor were cited as examples of the beneficient effects of unionism.

Mosher, the last speaker on the affirmative, presented a strong and forcible argument to show that trades unions have a direct influence which leads to disrespect and disobedience to law.

Stockton, after a few moments of extempore rebuttal began to speak of the peace relations effected by the unions, but had the misfortune to suffer a nervous collapse before he had proceeded far in his argument.

According to the arrangements made by the Allegheny management, only one rebuttal was allowed each team.

Both rebuttals were excellent, the Allegheny and Syracuse leaders, Freeman and Hartwell being very evenly matched.

The one mar to an otherwise good debate was the misunderstanding of the question, Syracuse debating trades unions as the question submitted by Allegheny read, and Allegheny holding to "unionism."

INTERCOLLEGIATE REGATTA.

On June 20 the Orange oarsmen leave for Poughkeepsie where the great intercollegiate regatta is to take place on Wednesday, June 28.

Judging from the speed and form shown by the crews this spring Syracuse should make a better showing at these races than in any previous year.

A representative of the Daily Orange will accompany the crews armed with camera and pencil to secure the material for the special crew number of the Orange which will be published June 30.

LOSE FIRST MATCH.

In a tennis match which is said to have been the fastest ever seen on the college courts at Clinton, the Hamilton tennis team defeated the Syracuse team last Thursday afternoon.

Five series of singles and two of doubles were played, Hamilton winning three series of singles and both the doubles. The most brilliantly played games were the singles in which Clark and Train of Syracuse were pitted against Sicard and Richardson respectively, and the match of doubles in which Sicard and Richardson defeated Clark and Train by a very close margin.

Woodley and Houseknecht played a consistent game, winning their sets of singles. Eugene Brady did excellent work against Day '04. The score:

Day '04 beat Brady 6-0, 6-4; Sicard beat Clark 7-5, 6-4; Richardson beat Train 6-3, 6-3; Woodley beat Day '07 6-1, 6-3; Houseknecht beat Mills 6-1, 6-3.

Doubles—Sicard and Richardson beat Train and Clark 8-6, 4-6, 6-3; Mills and Day '04 beat Houseknecht and Brady 4-6, 6-3. 6-4.

A return match will be played on the Sedgwick Farm Courts Wednesday afternoon. It is expected that the feature of Wednesday's match will be the series of singles and doubles in which Train and Clark will again meet Sicard and Richardson. Syracuse will have the advantage of familiarity with the fast courts at Sedgwick, but will suffer in the loss of Houseknecht who left the city Saturday.

THE BACCALAUREATE.

Dr. Charles N. Sims, D. D., LL. D., and ex-Chancellor of the University, delivered the Baccalaureate sermon yesterday in Crouse College to the 1904 class. Dr. Sims held ah immense audience in closest attention by his masterful eloquence. A more detailed account of the sermon will be printed in tomorrow's issue.

The Y. M. C. A. sermon was given in the evening by Rev. Dr. Black of Buffalo. A large and appreciative audience attended.

It is a rare privilege to be allowed to hear two such addresses in one day as were given in Crouse College hall yesterday. The speaker of the morning and the evening, both seemed inspired with their subjects. It was not surprising that both occasions produced a crowded hall, and a very appreciative audience. The university is to be congratulated on its selection of divines who delivered the Baccalaureate, and the Y. M. C. A. address.

The various exercises in connection with Commencement constantly emphasize the necessity for a spacious chapel building, with an auditorium capable of seating several thousand persons. The demand for such an edifice increases as the commencement period comes and goes. It is but another sign of the times, that is of the rapid but substantial growth of Syracuse University. All are waiting, and many working, for the day when this other necessary building will have been completed. As the opportunity presents itself let those of us who are in the waiting class join the workers and hasten the good work.

The good work has been begun and may it never cease. The good work in mind is the beginning of intercollegiate tennis matches for Syracuse. It has been amply demonstrated that the Orange tennis players are of no mean order.

The men who representd Syracuse in the tournament with Hamilton had but a short time to get into condition, and showed surprisingly fine form in playing on foreign courts. We bespeak for the team a large audience next Wednesday when the return match with Hamilton is played here.

At the last regular meeting of the Daily Orange board Saturday evening elections for next year's board were made. Several important changes were made, the most significant perhaps is that in the editorial head. Instead of an editor-in-chief hereafter there will be two managing editors equal in power. Each of these editors will have entire charge of the Daily Orange for one-half of every week, and each will have a suitable number of associates and assistants to aid him in getting out the paper.

The managing editors who will succeed the present editor are Lloyd L. Cheney, who has held a similar position during the last half year, and A. Stanley Copeland who has been an associate and also business manager. The latter will also have general charge of business affairs. We know that both are very capable and will fill their positions with all credit to the University. We bespeak for them the hearty co-operation of the entire student body present and to come in the fall.

The present editor will retain his position until the end of the year. Thereafter he will be connected with the paper as alumni editor.

HAVEN HALL.

Haven Hall, the new dormitory, is rapidly nearing completion in its exterior appointments. When the building is completed this summer the University architects, Professors F. W. Revels and E. Hollenbeck can well be proud of their work.

Haven Hall, at the northwest corner University avenue and place, was started early last summer. The building is of the Italian Rennaisence style, four stories above the basement. The base is of Onondaga Limestone and the upper part of brick trimmed with Ohio sandstone. The Hall is 110 feet long and 54 feet deep. It fronts on University place. The main entrance will be from a court 20 feet deep. There will be an entrance to the main dining room from both University avenue and University place. Also an entrance to the private dining room from University place. There will be an entrance on the west side to the servants' rooms in the basement. There are four entrances both to the basement and first floor. The main entrance feature is a vestibule of the Pure Doric order, extended up through the entire building. This entrance is of carved stone with pilasters, pedimented window and ornamented gable.

There are seventy-six rooms, which can be rented, and with more than one person occupying a suite there will be accomodations for one hundred and fifty students. Each suit is arranged with a study room, for a piano, between two bedrooms. A suit can be arranged to accomodate three or four if the study room is used as a bedroom. The corridors are fire proof like the stairs, and the fire escapes are especially well arranged. The building is arranged in a U shape, giving the maximum of light to every room. Most of the rooms face on the campus.

The basement is to contain a large dining room, a private dining room, culinary apartments, rooms for trunks and bicycles. The culinary apartments include a kitchen, pastry room, cold storage room and a cellar for vegetables. The first floor includes a large clubroom, 40 by 20 feet, ornamented with columns and fire places. The main entrance is flanked by a large parlor on either side of the entrance. For receptions, parlors and clubrooms can be opened into one large apartment.

CLASS DAY EXERCISES

Last Exercises of 1904 Class Held in Crouse College Yesterday.

The senior class held its class day exercises in Crouse College yesterday afternoon. Soon after three o'clock the entire senior class lead by the class officers marched into the hall. The officers took seats on the platform, the rest of the class occupying the seats reserved for them.

President Robert E. Wilcox in his address spoke briefly and with much feeling of the past. He said he did not wish to take the fire of any other speaker. He believed the future of the class was somewhat hazy but thought the world would take in the seniors. The demands of the world of today were more urgent than they ever had been, but he knew the men of 1904 were to be equal to the call to duty, and he was quite sure every member of the class would go forth to be an honor to Syracuse University.

John H. Morecroft made an excellent impression in his salutatory. He spoke of the many privileges which the class had enjoyed during its course. He also mentioned the great debt the seniors owed to the university and its f[illegible]ds for their love and loyalty. In conclusion he hoped that every senior would earnestly cooperate with their friends and patrons in repaying the debt of gratitude they owed.

The class history by Miss Jennie E. Gilbert was very well gotten up. It abounded in amusing and timely references to the four years' history of 1904.

George K. Warren in the class oration was at his best. He spoke of the demand in the world of today for strong, stalwart men to uproot the political and other evils in existence today.

The class poem by Miss Elizabeth Hook was a splendid effort and thoroughly appreciated by the great audience present.

Francis Hulst gave a fine pipe dream as the pipe oration. Charles Woodley gave some excellent advice to 1905. The prophecy by Miss Snyder delighted the class.

The most masterly effort of the day was the valedictory by Lewis B. Chaloux. It is doubtful if the speech as an oration was ever surpassed by a senior for its forcefulness, timeliness and depth of thought. The tree oration by J. R. Allen on the campus completed an excellent progrrm.

PHI BETA KAPPA.

The annual meeting of the Syracuse chapter of Phi Beta Kappa was held yesterday morning in Liberal Arts College. President Arthur Copeland gave the address to the 1904 delegation. The following were initiated yesterday from the faculty and alumni:

Charles M. Underhill '60, of Buffalo; Prof. Geo. A. Wilson and Prof. J. M. Richards of the faculty; Henry R. Sanford '61, William H. Reese '70, Chester A. Congdon '75, Alfred H. Eaton '75, Eugene Wiseman '85, Mary D. Allis '87, Mary C. Logan '87, Cary E. Sawyer '87, Mary E. Burdick '89, Will R. Crowley '89, Ernest I. Edgcomb '89, Martin H. Walrath '89, C. H. Walrath '89, Geo. K. Statham '90, John A. Hamilton '91, Olin C. Kellogg '92, Avery W. Skinner '92, Henry Phillips '93, Millicent A. Hinkley '94, William W. Nichols '94, Bertrand N. Tipple '94, E. V. Travis '94, Edward H. Kraus '96, W. M. Smallwood '96.

THE ALUMNI LUNCHEON

Various Associations Represented by Strong Speakers

It is expected that the alumni luncheon to be held in the gymnasium at one o'clock today will prove to be one of the great events of commencement week. Prominent speakers representing the alumni associations of various cities and the graduating class are to respond to toasts.

Mr. Charles M. Underhill of Buffalo will act as toastmaster. The toast list follows:

Toastmaster—Charles M. Underhill, A. M., '60, Buffalo Association.

Our New Song Book—Henry L. Taylor, Ph. D., '84, Albany Association.

Alumni and Alma Mater—Lincoln E. Rowley, A. B., '00, New York City Association.

Syracuse in the Medical World—Dr. Eugene H. Howard, A. M., '03, Rochester Association.

Syracuse Alumnæ Club—Mrs. William L. Wallace, B. Mus., '84, Syracuse Alumnæ Association.

What Next?—Lewis B. Chaloux. Ph. B., '04.

A Potent Force in University Life—D. Raymond Cobb, Ph. B., '92, Central New York Association.

The Value of High Scholarship to Our University—Olin C. Kellogg, Ph D., '92, Chicago Association.

UNIVERSITY SONG.

Junius W. Stevens, Ph. B., '95.

Where the vale of Onondaga
Meets the eastern sky
Proudly stands our Alma Mater
On her hilltop high.

Chorus:

Flag we love, Orange, float for aye!
Old Syracuse, o'er thee,
May thy sons be leal and loyal
To thy memory.

When the evening twilight deepens
And the shadows fall
Linger long the golden sunbeam
On thy western wall. (Chorus.)

When the shades of night shall gather
Dark the heart may be,
Still the rays of youth and love shall
Linger long on thee. (Chorus.)

The officers for 1904-1905 are:

President—Franklin J. Holzwarth, Ph. D., '87.

Vice-President—Mrs. Minnie M. Beebe, Ph. D., '90.

Recording Secretary—Carl B. Dorr, Ph. B., '00.

Corresponding Secretary and Treasurer—Francis E. Oliver, Ph. B., LL. B., '91.

FIRST SYRACUSE SONG.

We publish below the first Syracuse song ever written. It was published in 1872. It is through the kindness of Dr. W. C. Wilbor '86, of Buffalo, that we are permitted to use this excellent song. The song will be sung at the annual alumni banquet today.

SYRACUSE UNIVERSITY HYMN.

BY REV. GEO. LANSING TAYLOR, M. A.

Air—La Marseillaise.

Hail, Syracuse, famed in story!—
In arms and arts alike renowned!
With Gelon's patriotic glory,
And Dionysius' genius crowned!—
Where every muse was wooed and cherished,
Where Arethusa's fountain sprang,—
Theocritus his idyls sang,—
And Archimedes,—with thee,—perished!
CHORUS—All hail the glorious day
Of Syracuse's birth!
We'll sound her name! We'll hymn her fame!
And peal her anthem forth.

Where Onondaga's lakes and mountains
In summer sunshine flash and glow,—
Where more than Arethusa's fountains
With more than fabled virtues flow,—
Where mighty tribes their watch fires planted,—
Where now the Conqueror builds his home,—
Here Syracuse rears her dome,
And lifts once more brow, undaunted!
CHORUS—All hail, etc.

O, Spire-crowned City, fair and golden,
Star of the mighty Empire State,
Thy glory far outshines the olden,
In more than empire's grandeur great!—
Proud Alma Mater, reign forever,
Throned on thy hills, a seat sublime!
Thy bells ring on, in tuneful chime,
Till time and nature fail and sever!
CHORUS—All hail, etc.

Every member of the senior class has doubtless received by this time a letter with an alumni contract enclosed. The former requesting that the latter be filled out and handed in at once. The The contract is a promise to pay one hundred dollars to the university in yearly installments.

It is permitted the student to fix the date on which payment shall begin just as he wishes.

This plan of granting the graduating students such privilege has been in successful operation for years. The class of 1904 is the largest ever graduated from Syracuse University. Its memberes have already made a fair start in the number of men who have signed this contract. But the number does not begin to properly represent such a large and progressive class. It is the duty of every member in the class to hand in one of these contracts signed. Each one should consider it a privilege that such a duty should exist for him to obey.

The Board of Trustees hold its regular June session today. Among many matters of importance which it will discuss is a ruling that was made by the University senate last Saturday. The ruling was to the effect that all students who are to receive certificates, for a two years' course, be debarred from going on the platform to receive said certificates. In other words only those seniors who are to receive diplomas for degrees should be allowed to receive the same by going on the platform.

We believe the ruling very just and appropriate. The Board of Trustees will doubtless ratify the Senate's action, and this will hold good for the future. We think, however, that one provision might well be made in this ruling, and that is that it go into effect next year for the first time. The action of the Senate in enforcing it at once was a surprise and keen disappointment to those affected and to others. In the view of present conditions we hope the ruling will not be made to affect the 1904 class.

The annual alumni meeting and banquet will be held today. We realize, as do all classes of people, that the Syracuse alumni are becoming a greater power in the world each year. When the alumni meet today we wish they would consider one proposition seriously, amid the general rejoicing and good time.

We think that the alumni association would prosper more and grow more rapidly if the association would allow the entire senior class to attend the annual banquet free of charge and then allow each man to be considered a member of the association as long as he paid a yearly tax of one dollar.

A FINE COMMENTARY.

Professor P. O. Place received yesterday morning an excellent offer to become head of the classical department of the high school in Louisville, Ky. The request was from Mr. Reuben Post Halleck, author of "English Literature." Professor Place has, however, decided to stay at Syracuse The offer is a fine commentary on his excellent work here.

1904 FINE ARTS EXHIBIT.

The exhibit of the painting and architectural departments of the Fine Arts College surpasses that of any previous year. Each year has marked a great improvement in the quality and amount of the work done in these departments.

The architectural exhibit is very tastefully arranged in three rooms on the main floor. One room is devoted entirely to the senior thesis problems. These are attractively displayed in immense gilt and mahogany frames.

The variety of the work displayed in the other two rooms exceeds that of former years. There is a greatly increased number of water color perspective drawings. As the architectural department has an exhibit at the great St. Louis exposition this year, some of the best work has been sent there.

Prof. Revels stated that the freshmen have been doing unusually good work this year. Some of their work as well as that of the two higher classes is displayed.

The exhibit of painting and normal art is unusually noteworthy this year. Two rooms, one on the first floor and one on the second floor, are devoted to a display of oil paintings, and charcoal sketches. Two rooms on the first floor are filled with work done by the freshmen artists. There is a large and representative exhibit of normal art design on the second and third floors. On the third floor is a beautiful display of china painting.

In each of the rooms containing the displays are ushers who explain the features and point out the merits of the different pieces of workmanship.

SECOND MUSICAL SOIREE.

The second musical soiree will be given this evening at 8 o'clock in Crouse College hall. The program includes the names of Miss Florence Distin, organ; Miss Matie Harrison, piano; Mr. George H. Madison, vocal; orchestra conducted by Professor Becker; Miss Grace Denburgh, organ; Miss Louise Allen, piano; Miss Cora V. Scott, vocal; Miss Katharine Bemis, organ; Miss Beatrice C. Throop, piano. The program is to be finished by a ladies' chorus conducted by Mr. Phillips.

THE BACCALAUREATE.

Dr. Charles N. Sims delivered the Baccalaureate sermon in Crouse College Sunday morning to the class of 1904, the largest ever graduated from Syracuse. Dr. Sims was at his best and held an immense audience in closest attention by his masterful eloquence.

Dr. Sims used for the text of the Baccalaureate sermon the eleventh verse of the twenty-seventh psalm: "Teach me thy way, O Lord."

The sermon was a study of what God desires us to become and the means by which we are to attain that destiny. His word and providence indicate the great ends for which he has created us.

All things in the universe of which we have knowledge have a mission of unselfish usefulness by which they are to help others. Everything has as the reason of its existence a ministry to other things. Surely as the highest of God's creatures our mission must be noblest and most helpful.

God's way for us embraces a co-operative mission in which we join forces with others to accomplish results no one can attain alone. His plan is one of betterment up to perfection. Our life purpose is to help lift the world to a beauty and man to a nobility grander than the glory of the Garden of Eden.

God gives us an endowment of power. All capital in its last analysis is power, and we find it in God's way for us.

Over all, pervading all as the fragrance pervades the flower, is joy. In its last analysis all income is joy—and what fails to bring that is deception and disappointment. He who finds God's way will be girded with power and glorified with joy.

VOL. I. NO. 184. SYRACUSE, N. Y., WEDNESDAY, JUNE 8, 1904. PRICE TWO CENTS

ALUMNI BANQUET.

Most Enthusiastic and Best Attended Meeting of its Kind Ever Held--- Toasts.

The annual alumni banquet was held yesterday afternoon in the chapel of Liberal Arts College. There were present more than two hundred and fifty. Five great tables were filled to their utmost capacity. Every one was in good humor. The menu was excellent and most of the toasts had a good, old ring to them which always augurs well for Syracuse.

President Franklin J. Holzwarth '87 introduced the toastmaster for the occasion. He was Mr. Charles M. Underhill '60, president of the Buffalo alumni association. The speeches were limited in time to six minutes. Mr. Underhill opened the banquet toast list with a brief and witty speech. The first Syracuse song, which was used in 1872 and printed in yesterday's issue of the Daily Orange, was then sung from the Daily.

Mr. Underhill first introduced Chancellor Day and Judge Andrews, who were not included in the regular toast list.

Chancellor Day said he had lost his voice since he took his western trip, and because of a severe cold which failed to leave him he was losing faith in his Medical faculty.

He announced the following men as the newly elected trustees at large: Mr. Charles M. Underhill '60 of Buffalo, and Messrs. J. M. Gilbert '76 and H. S. Wilkinson of Syracuse.

He then said he would entertain a motion to expel Dean Smalley if the latter did not soon take a vacation. The Chancellor believed he could do no work at Syracuse except by the cooperation of the alumni. He said that while in California he looked around the world and found no one he wished to take his place as Chancellor and so he came back.

Syracuse, he thought, was the best location for one of the greatest universities in the country. He appealed to the alumni most emphatically to build an alumni hall, saying that we needed an auditorium which will seat three thousand people. In closing he said, "Everyone should aid in this great movement each day of the year. I want a tremendous alumni here and everywhere. I shall come around in good voice and will make a tremendous racket in the alumni hall when it is opened."

Mr. Underhill then introduced Judge Andrews. The latter expressed his deep gratification in being present, his sympathy and best wishes for Syracuse and her prosperity.

Dr. Henry L. Taylor '84, of the Albany alumni, spoke for several minutes on "Our New Song Book." He gave part of his time to Stephen B. Ayres '82 of New York city, who eulogized Chancellor Day, and pleaded for continued loyalty from the alumni to the university.

Mr. Lincoln E. Rowley '00 of the New York city alumni responded to the next toast on "Alumni and Alma Mater." He said that each person looked at an object from a different point of view. When a man lost his love for his alma mater or the latter its love for him, he believed we had no use for either. It seemed to him that each alumnus should stand out in the world, wherever he was, as an information bureau to push Syracuse to the front. In the second phase of his subject he considered that the university should continue on the most fraternal relations with the alumni. In the third and last place he spoke feelingly of the fraternal bond which should ever hold the alumni together the world around.

Dr. Howard, who was to have represented the Medical College, was unable to be present.

Mrs. William L. Wallace '84, in a speech which was heard and enjoyed by every one present, told of the beginning and the steady growth of the Alumnae club of the city of Syracuse.

Louis B. Chaloux '04 next rose to respond to the toast "What Next?" In depth of thought and brilliance of expression his toast was unsurpassed by any of the speakers who had left the university in years passed by. The speaker held the closest attention of his audience while he told of the vast possibilities of the human will and pointed out how the future is shaped by the desires and volition of the present.

After emphasizing the need for a gymnasium and a Christian Association building, which are sure to come soon if we only will it, the speaker painted a brilliant picture of the Syracuse of the future, a Mecca of learning.

Richard A. Templeton '99 was called upon to speak in place of D. Raymond Cobb who was unable to be present. Mr. Templeton spoke of the power of the alumni associations in tho various cities and of a possibility of developing that power by holding frequent meetings. The Syracuse Alumnae were commended for holding five meetings during the year and the Syracuse City Alumni were called to task for holding but one.

In closing, the speaker called attention to the value of competition in intercollegiate athletics irrespective of victory, and toasted the crews who are soon to compete at Poughkeepsie.

Professor Olin C. Kellogg of Northwestern ably represented the Chicago Alumni, calling attention to the fact that Syracuse has arrived at the point where she can well afford to keep high the bars of entrance requirements. "It is not numbers alone, but quality which makes a university great."

"Where the vale of Onondaga" was heartily sung before the alumni and their guests dispersed.

TRUSTEES MEET.

Important Action Taken ---Faculty Changes--- Chancellor's Report Received.

The annual June meeting of the Board of Trustees was held in the Chancellor's office yesterday morning at ten o'clock. A congratulatory letter was received by the Chancellor on his return to Syracuse, from ex-Chancellor Sims and Judge Andrews. Mr. John D. Archbold of the Board sent a telegram regretting that he could not be present.

The Chancellor gave an extended report on the growth and present needs of the University. He said the latest additions in buildings were the splendid new heating plant, the dormitory, Haven Hall, the new wing to the library and the new site for the Law College.

Through the year an income of $100,000 has come to the university through the death of Mrs. J. M. Reid, $22,000 have been received in annuities and five more scholarships have been established. The amount received the past year from the twentieth century fund is $27,000.

The tuition amount has increased $11,852, making a total of $110,000. By the legacy of Mr. James J. Belden $150,000 has been given the university, one-third of which goes to the Medical College. According to Mr. John Lyman's will over $200,000 will come to the university. Eulogies were pronounced on Messrs. Belden and Lyman, mentioning the great loss the university suffers by their death.

There was a deficiency of $23,000 for the year. The Chancellor again emphasized the necessity of a $10,000,000 endowment fund.

In closing his report he said: "In returning to the work I fully realize how little I can do without co-operation, but the experiences of ten years show it will not be lacking. I can only promise to do my best."

Several important actions were taken by the board, although nothing definite was decided regarding the immediate erection of more new buildings. The most important change made in the university faculty was the placing of Professor F. D. Losey of the English department at the head of a new department known as the department of rhetoric and public speech. Professor Losey will be assisted in his work in this department by Mrs. Losey. It is not expected that this additional work will interfere with Professor Losey's present work in Shakspere.

As to Fine Arts College, the most important action was that ratifying the selection of Miss Irene H. Foster as Professor of Vocal Music. Miss Foster is known as one of the very best vocal instructors in the country. Miss May McChesney '02 was made instructor in Piano and associate professorships were awarded to Louis B. Phillips and Joseph Seiter.

Professor H. L. Vibbard was given one year's leave of absence.

The following trustees were elected to take the place of James A. Belden and John Lyman, deceased, and John L. Romer of Buffalo whose term expired: H. S. Wilkinson and James M. Gilbert of Syracuse and Charles W. Underhill of Buffalo.

THE ALUMNI MEETING.

The annual alumni meeting of the university was called to order yesterday morning at 11 o'clock by President Holzwarth. Prayer was offered by Rev. Dr. Reese. The report of treasurer was read and accepted. A committee on nominations was then appointed by the president.

A motion was adopted that the members of future graduating classes be admitted to the alumni association without fee, and they only be required to pay one dollar for the banquet.

A motion was made and carried that the annual dinner be made a corporation dinner, and be made a great annual event.

The committee appointed to look after the matter was as follows: Messrs. Richard H. Templeton of Buffalo, chairman; Stephen B. Ayres of New York, Mrs. Henry Phillips of Syracuse, Professor Edgar Roe of Syracuse, Mr. L. S. Chapman of Syracuse.

Dean Smalley made his annual report as chairman of the endowment committee. He reported a large increase in the funds. Subscriptions to the new alumni record supplement were taken to the number of one hundred.

It was expressed as the sense of the meeting that a committee be appointed to take steps arranging for the erection of an alumni hall. The committee which will consist of twenty-five will be appointed in the near future.

The committee on nominations reported and the following officers were elected for the ensuing year: President, Henry A. Peck '85; vice president, Mrs. James M. Gilbert '82; recording secretary and treasurer, Henry Phillips '93; corresponding secretary, Carl Dorr '00. Harry N. Marvin '83 was elected as alumni trustee.

The Board of Directors elected are as follows: Henry A. Peck '85, Mrs. J. M. Gilbert '82, E. I. Edgcomb '89, Rev. Herbert Coddington '86, Carl Dorr '00, Henry Phillips '93, Lena M. Rhodes '99, Mrs. K. G. Cooke '86, Mrs. H. S. Wallace '84, Rev. James D. Phelps '76, Rev. Eugene Wiseman '85, Dr. I. H. Levy '90, and Benjamin I. Shove '80.

TENNIS TODAY.

The athletic event which will engage the attention of many students and alumni this afternoon is the tennis match with Hamilton College to be played at Sedgwick Farm Courts at two o'clock.

Last Thursday Hamilton won at Clinton by close scores. It is expected that the Syracuse cracks will turn the tables today.

The time has come at last when we must say farewell. Today the editor turns over the keys of office to his successors, and assumes a new position on the board as editor of alumni news. During the past year we have devoted these editorial columns to promotion of all that goes for the upbuilding of our university, its life and spirit. It may not then be amiss should we in this last issue of the collegiate year briefly review our past, giving some idea of what has been accomplished in a short career.

THE DAILY'S HISTORY.

About two years ago when the idea first came to us that Syracuse University needed a daily newspaper to keep up with the times and her own growth, our friends blasted our hopes with the belief that Syracuse could not and would not support a daily. We did not despair but continued to think and make plans. Six months later or a year ago last January, with the aid of Messrs. Cheney '05 and Robertson '05 we fully decided to go forward. Then came a long hard struggle. At last September came and we launched, on the college newspaper sea, the Syracuse Daily Orange.

The paper has signified WORK to us from the first day to this the last of occupancy as editorial head. It may be worthy of note that the men mentioned and the editor worked all night and until 6:30 a. m. the next morning, bringing the first issue when completed up on the car to the Hill. During the first eight weeks of college the editor never knew of a day when he left the printing office before one or two o'clock in the morning of the day of issue.

So the time sped along until Clement T. Robertson felt he could stand the strain of business manager no longer, on account of illness and college work. We chose as his successor A. Stanley Copeland. To say that in him we found a first class manager is putting it mildly. The new year came around and with it through Copeland's splendid efforts we came into possession of a new printing plant, now owned and controlled by five of us students. Thence our success was assured, and we are able to present you this issue today.

The two things we point to with most pride for the past year are first, the establishment of an excellent custom for Syracuse—namely the "college sing." Second, we are very proud of owning and controlling our printing plant. There are but two other college dailies in the country that enjoy such distinction, and both these are many years older than the Daily Orange.

Before putting aside our editorial pencil we wish to thank most heartily our board of associates for their work of the year. We would mention especially those who have borne the brunt of the battle with us. But for the enthusiasm of Robertson, the energy of Cheney and the splendid business ability of Copeland we fully believe the Syracuse Daily Orange would not have been possible the past year.

The glory of the athletic field, the plaudits of the crowd are not ours, but the knowledge that we have done our best in a long, hard struggle for success, we think is a reward superior to both. The past struggle and present prosperity of the Daily Orange, we believe, are but stepping stones to a grand future when it will enjoy undreamed of power and influence. Finally hoping to be of assistance on the board until some earthly chimes will have rung the last time for us, we commend most heartily to you our successors in the splendid work they have before them.

Her voice is clear as a soaring lark's,
And her wit is like those trolley-car sparks!
When 'cross a muddy street she flits,
The boys all have conniption fits!

The turn of her head turns all ours, too,
There's always a strife to sit in her pew;
'Tis enough to make a parson drunk,
To hear her sing old co-ca-che-lunk!

WEDNESDAY, JUNE 8.

10 a. m.—Commencement of all colleges in Crouse College hall. Oration by Rev. Robert S. McArthur, D. D., LL. D.

2 p. m.—Intercollegiate tennis, Syracuse vs. Hamilton. Sedgwick Club Courts. (East Syracuse car).

8 p. m.—Chancellor's reception in Crouse hall to trustees, faculties, alumni, members of 1904, their friends and guests.

A WONDERFUL YEAR.

A prominent trustee, in a conversation with a representative of the Daily Orange after the meeting of the board yesterday, said: "The past year has been full of masterful achievements by the administration. However, it seems to me that the most notable feature of the year is the remarkable financial report which the Chancellor was able to make. Never before do I remember a like occasion when it was unnecessary to call on the trustees to share the burden of a deficit."

GRADUATION EXERCISES.

At ten o'clock this morning will occur the graduation exercises of the class of 1904.

After the commencement oration to be delivered by the Rev. Robert S. McArthur, D. D., LL. D., those graduating with degrees will receive their diplomas from the hand of Chancellor Day.

COMBINATION OFFER.

The Daily Orange and the University Herald will be sent to one address for $2.75 in advance.

SCIENCE PAPERS.

Among the contributions to the scitific papers of recent date are two by our university professors.

Dr. Charles W. Hargitt contributed one on "Regeneration in Mepusa" to the Experimental Journal of Zoology. Professor W. M. Smallwood contributes the "Natural History of Haminae Solitaria" to the American Naturalist.

SYRACUSE UNIVERSITY CREW
SEASON 1904

ORANGE SWEEPS THE RIVER

Syracuse Wins Both Races---Neither Crew Pushed---Cornell Downed for First Time in Three Years.

Tuesday was Syracuse day on the Hudson. For the first time in three years the colors of the so-called mistress of the water have been lowered, and lowered too by a crew comparatively green in intercollegiate rowing. In the fourth year of her navy the Orange has shoved the nose, yea the stern, of both her boats over the finish line way ahead of all other competitors. The work was so uniformly meritorious that one metropolitan paper (The Press) said yesterday "That Syracuse did not win the triple crown may be set down to the fact that the college had no entry in the first contest."

The Syracuse contingent went down with the expectation of seeing the freshmen winning their event. Accordingly when the youngsters finished four lengths ahead of Cornell, the comment was, "Just as I expected!" But when the 'Varsity, who hap not been expected to take more than second, finished with a smile on their faces and rowing a slower stroke than at any other time during the race the enthusiasm was beyond parallel in the history of S. U. Car 4, the Syracuse car in the observation train went frantic. Men yelled, laughed, cried and did everything possible in the way of expressing their feelings. Hats were smashed, collars torn and general havoc reigned.

The victory of Syracuse was the victory of Coach Ten Eyck. His name is being echoed and reechoed all through the press as the greatest crew coach in the country. Linked with his name is that of Packard, the stroke.

The most remarkable thing about the victory is that neither crew was compelled to spurt at the end of each race. At the finish of the freshman race the stroke was 32 while the 'Varsity rowed the last three miles at the same stroke.

Charlie Miller, the 'Varsity coxswain said after the race, "That was easier than the races we have had all the year with the freshmen. We were not pushed once. After we went under the bridge I said to the fellows, 'Take a little smile on Cornell.' They all laughed and they laughed until the finish and are laughing yet."

The physical conditions of the Syracuse crews at the finish of their events was a subject for favorable comment among all the critics. Not a Syracusan was over at the close of the race. Cornell had No. 5. and No. 7 down at the close of the 'Varsity race and several freshmen looked pretty well bushed at the end of their race. The Orange oarsmen were all fresh and rowed to the boathouse in as good form as they rowed to the stake boat. The 'Varsity hit up a faster stroke in avoiding a tug after the race than they were forced to do during the battle.

The endurance of the Syracusans speaks volumes for "Jim" Ten Eyck's methods of training. His popularity with the men was showed by the demonstration given him after the race. He was hugged, thumped and cheered by his boys and in return he gave them his one complement, "You rowed to suit me."

The coach has signed a contract for two years more and will help send the Orange crews to victory.

THE FOUR OARED.

The two mile race for four-oared crews was somewhat devoid of interest and excitement, being Cornell's race from start to finish. At no time was there a doubt of Cornell's finishing in the lead. The only surprise in the race was that Columbia beat out Pennsylvania for second place. The results:—Won by Cornell in 10 minutes 53 3-5 seconds, Columbia 11 12 1-5, Pennsylvania 11:15 3-5, Wisconsin 11:18 2-5, Georgetown 11:34 2-5.

THE FRESHMAN RACE.

The freshman race started directly on schedule time. The position of the crews was as follows: Pennsylvania in shore, Cornell next, Syracuse No. 3, and Columbia on the outside. Cornell and Syracuse, right next each other, were the centers of interest from start to finish. At the start Syracuse was a little ahead but before the half mile was reached the Orange shell ran into some rough water and Cornell's bow was ahead. From here to the bridge it was neck to p[illegible] The passengers in the observa[illegible] train were unable to tell which [illegible] had the lead. The signal at the bridge soon told them that Syracuse had the lead.

Below the bridge the lead was lengthened steadily. Without a spurt the shell crossed the line four lengths ahead of Cornell amidst the firing of bombs and the tooting of steam whistles. The time was 10 minutes 1 second, Cornell 10:12 2-5, Pennsylvania 10:18 4-5, Columbia 10:28 1-2.

To most spectators there are but two crews in the race at any time. The occupants of the Syracuse car were unable to tell who finished third or fourth until the signals were displayed below the bridge.

THE 'VARSITY RACE.

The progress of the observation train back to the starting point of the 'Varsity race was marked with tremendous enthusiasm on the part of the Syracuse car, No. 4, which was the center of concerted cheering for Syracuse kept up continuously all along the course.

As the train drew near the starting point of the four mile 'Varsity the Syracuse cheers ceased for a few moments and an air of expectancy pervaded the whole train while the various eights took their positions.

The Syracuse College of Law is to be congratulated upon the brilliant record made by its recent graduates at Rochester. The Law College has long enjoyed a reputation for good and thorough work, but the showing made by the 1904 graduates is such as to still further enhance its reputation.

It is a pleasure to note that the question of graduate managership of athletics is at last under serious consideration by the Athletic Governing Board.

The athletic interests of Syracuse are becoming of such great importance and their financial management a matter of such concern that the presence of one man of business experience at the helm has become a necessity.

The undergraduates and alumni both have a grand opportunity before them in these summer months. Wherever one may be he usually meets someone who is aspiring to a college education. Then is the accepted time for every loyal Syracusan, and we are all loyal, to get to work for Alma Mater. By timely suggestion and earnest persuasion, many an aspiring sub-freshman can be made to see that Syracuse is the university for him to enter.

It matters not whether the candidate for college life be an athlete or a student, the opportunity to bring him to enter Syracuse should not be lost, nor should it be misused by any Syracusan of past or present years.

THE BUFFALO ASSOCIATION.

The Buffalo Alumni held their June lunch at the Central Y. M. C. A. on Tuesday June 21, at 6:15 p. m. The president, Charles M. Underhill '60, was chairman for the occasion. There were about fifteen present and all enjoyed a jolly time. Among those in attendance were C. M. Underhill '60, Dr. Peck '76, George Chapin '98, Richard H. Tempelton '99, De Forest Phelps, James Middleton, Clifford Branch and Kirkwood '03. Robert Griesser, Arthur Hurrell and Irving Tempelton '04; E. S. Mills and J. D. Kellogg '07. President Underhill received the hearty congratulations of all present on his recent election as trustee of Syracuse University. After luncheon and the usual number of songs, the younger members looked through the new building, which is one of the largest and best equipped Y. M. C. A. buildings in the country. Rival teams were formed and a bowling tournament indulged in.

IMPORTANT MEETING

Athletic Association Discussed Matters of Vital Interest.

On Monday evening, June 20, the Syracuse University Athletic Governing Board met at the University Club rooms in the Larned Block.

Among the questions of vital interest which were discussed was the subject of eligibility rules and that of graduate managership of athletics.

Although no definite action was taken it was evident from the discussion that some changes would be made in the rules governing eligibility. What the probable nature of these changes would be was not disclosed.

The question of the advisability of employing a salaried graduate manager to have general supervision of all the athletic interests and be responsible to the Athletic Governing Board was considered at length.

Arguments in favor of the graduate manager system were presented and appealed especially to those members of the board whose experience in business has demonstrated that a unified head is necessary to the permanent success of any financial institution.

Final action on this question was deferred until later in the summer when another meeting of the board will be held.

The treasurer's report was very satisfactory, showing that every branch of athletics under the supervision of the governing board had kept well within the appropriation allowed by the board.

SYRACUSE FRESHMAN CREW
SEASON 1904

PROFESSOR E. L. EARP

Will be the Head of the Sociology Department of the University.

Chancellor Day has secured Professor Edwin L. Earp of Baltimore, Md., to take charge of the department of sociology which has been without a head since the resignation of Professor J. H. Hamilton a year ago. During the past year this department has been merged with that of political economy in charge of Professor Delmar E. Hawkins of the latter department.

Professor Earp prepared for college at the Dickinson Preparatory school at Carlisle, Pa., and was graduated from Dickinson College with the degree of A. B. in 1895. He then took graduate work at New York University, from which he received the degree of A. M. in 1897. From 1898 to 1901 he pursued further work at the University of Berlin and at Leipsic, where he received the degree of Doctor of Philosophy. He comes to Syracuse very highly recommended. He also enjoys an enviable reputation as an author and magazine writer.

Chancellor James R. Day has purchased a summer home and large grounds at Lake Placid in the Adirondacks, where he and his wife and daughter will spend the summer. The location is ideal and with some contemplated improvements, the Chancellor will have one of the finest places in the North Woods.

EXCELLENT RECORD.

The Syracuse Law College made an enviable record in the State bar examinations held in Rochester during commencement week, the reports of which were made public last week by President W. P. Goodelle of the State Board of Law Examiners.

Every member of the graduating class of 1904 of the Syracuse Law College who took the examinations passed. Nathan Abelson and John L. Train were unable to try the examinations because of the statute prohibiting those under 21 years of age from practicing law.

The district which took the examinations at Rochester included the Syracuse College of Law, Cornell Law College and Buffalo Law School.

The relative standing of Syracuse is shown by the fact that no Syracuse graduates failed, while 26 per cent of the total number trying failed.

TRAINING THE CREWS

The following letter from Coach James A. Ten Eyck regarding the problem of proper food for the development of the strongest athletes will be of interest to all who have been watching the development of the sturdy Orange oarsmen.

SYRACUSE, N. Y., April 8, 1903.

THE NATURAL FOOD CO.,
Niagara Falls, N. Y.

GENTLEMEN:

In all kinds of athletic work the best nourishment is necessary in order to obtain the best results. Realizing that the food question was a vitally important one in developing the strength of the various crews and scullers which have been under my care, I have spent considerable time in experimenting with the various foods claimed to contain all the elements necessary in building muscle.

Shredded Whole Wheat Biscuit is, to my mind, the most nourishing of all cereal foods. I have found that this food is absolutely pure and has always been relished by men and approved of for its strength-giving qualities. In connection with the broiled and roasted meats used in training, Shredded Whole Wheat Biscuit has always been a favorite portion of food used on my training table.

I not only use Shredded Whole Wheat Biscuit for training purposes, but also consider it a very important article of food for my home table.

Very truly yours,

JAMES A. TEN EYCK.

Coach James A. Ten Eyck and Captain Robert R. Stone.

(Continued from page 1.)

When the gun sounded from the starting boat Syracuse immediately sprang to the lead with a rapid stroke, Cornell following closely with a 32 stroke. From the very start it was apparent that the main contest was between Syracuse and Cornell. With Georgetown, Columbia, Pennsylvania and Wisconsin struggling in their wake the Syracuse and Cornell eights continued to forge their way ahead, Packard holding a strong 32 stroke and Cornell pulling 30. Just before the mile was reached, Cornell hit up the stroke to 32 and succeeded in placing themselves on even terms with the orange oarsmen. Now one ahead, now another, the two crews sped for the next half mile, both continuing a 32 stroke. Soon the greater power in the Ten Eyck stroke became apparent and the prow of the Syracuse boat was pushed farther and farther in the lead.

Packard's stroke was the feature of the race and attracted the attention of the thousands in the observation train and along the shores, Reaching far forward, in a position which the New York press dubbed "the jackknife," he pulled a long, deep and strong stroke and was back on the slides in an instant with oar in the water for another pull.

The Cornell supporters were amazed at the progress being made by the Syracuse shell, but prophesied that before the two mile mark was reached the orange crew would be out of the race. Even the most ardent supporters of Syracuse doubted the possibility of maintaining the strong stroke throughout the entire four mile course, against the wind and undulating swell.

The two mile mark was reached and Syracuse still held first position, the men all rowing strong. Cornell was in close pursuit; the other competitors from two to five lengths behind.

Pandemonium reigned on the Syracuse car, the vigorous yells being plainly heard far out in the river. During the third mile the leading crews held the same comparative positions, Syracuse holding to the same stroke of 32.

The firing of three bombs from the bridge indicating that Syracuse was in the lead at the commencement of the last mile was the signal for another outburst of cheers from the Syracuse contingent of the observation train, an outburst which continued unchecked while the 'Varsity steadily increased their lead and sped past the scores of pleasure craft toward the police boat which marked the end of the course. "Wait for the Cornell spurt," the wearers of the red and white shouted, but the crowd waited in vain.

Exhausted by their efforts to hold a 32 stroke against the buffets of wind and rough water the Cornell eight were barely able to hold their position in the lead of Pennsylvania and Columbia.

Syracuse easily outclassed all her competitors, finishing strong, with stroke cut down to 30, leaving over two lengths of open water between them and the prow of the Cornell shell.

Three lengths behind Cornell, Pennsylvania finished, closely followed by Columbia. Georgetown beat out Wisconsin's much heralded eight for fifth position.

The time made, 20:22 3-8, although not near the record, was very good, considering the adverse conditions of wind and swell.

THE DOINGS AT POUGHKEEPSIE

The Syracuse "bunch" just naturally did a little "somedings" in the old Hudson town Tuesday evening. Parade followed parade; songs, yells and fireworks each and all contributed to the celebration which ended up with a banquet at the Nelson House.

The crowd, led by F. E. Clarke '03, originated more new Syracuse songs in two hours than have been thought of in any previous two years.

The banquet was served to the crews and supporters by the old grads present.

D. Raymond Cobb acted as toastmaster and called upon the following for speeches: E. L. French, H. W. Smith, G. S. Larrabee, Geo. H. Bond, Capt. Robert Stone, Stroke Packard, Coxswains Miller and Cornwall, Oarsmen Squires and Rice, and Wm. Rubin.

The students left in Syracuse had a celebration Tuesday evening and the entire city united in a celebration on Wednesday evening.

DEMPSTER ELECTED CAPTAIN

Clarence B. Dempster '05 was elected captain of next year's crews after the race Tuesday. Dempster rowed on his freshman crew and has the reputation of being the heaviest puller on the 'Varsity crew for the past two years. He rows at No. 5.
